## AMENDMENTS TO THE RECENT DEVELOPMENTS SECTION

The "**RECENT DEVELOPMENTS**" section of the Base Prospectus (which was added on page 1425 of the Base Prospectus after the section "**OFFERING AND SALE**" and before the section "**GENERAL INFORMATION**" by virtue of the Fifth Supplement) is completed with the following press release dated 14 April 2025 issued by BNP Paribas in relation to the acquisition by BNP Paribas Cardif of Axa Investment Managers:

"After entering into exclusive negotiations on 1 August 2024, AXA and BNP Paribas Cardif signed a Share Purchase Agreement for AXA Investment Managers (AXA IM). The closing is expected in early July 2025.

In this context, the BNP Paribas Group fully confirms the strategic and industrial interest of the transaction to build a leading platform in asset management that will allow the Group to become the forefront European player in the management of long-term savings assets for insurers and pension funds. This platform will benefit from AXA IM's leading market position and its team's expertise specialised in private assets, which will drive further growth with both institutional and retail investors.

This acquisition aligns perfectly with the Group's core mission of supporting the economy by mobilising savings to finance future-oriented projects, in the best interests of its clients. The ECB has recently expressed its opinion on the prudential treatment for the acquisition of asset managements companies.

Should this interpretation be implemented and given the current status of the internal analyses carried out by the BNP Paribas Group, the anticipated impact on BNP Paribas Group's CET1 ratio would stand at approximately -35 bps and the expected return on invested capital of the transaction would be above 14% in the third year and more than 20% in the fourth year. This impact is to be compared with an impact on the Group's CET 1 ratio of -25 bps and an expected return on invested capital of 18% in the third year, presented at the launch of the transaction.

As a consequence, under this interpretation, neither the Group's overall profitability objectives, growth trajectory, nor its equity and CET1 trajectory would be modified.

Specifically, the launch of the share buyback programme, announced in February 2025, to which the ECB has already given its approval, is maintained. More generally, the Group's distribution policy in the form of dividends and return to shareholders remains unchanged.

The conditions agreed to by the Group regarding the prudential treatment to be applied to this transaction will be communicated at the closing of the transaction, following the finalization of ongoing discussions with the relevant supervisory authorities on this topic."
