For the purposes of the Collateral Calculation Agent calculating the Security Termination Amount in respect of each Secured Security, where the French Collateral Security Agent has used any Credit Support Sale Proceeds and Additional Proceeds Amount prior to any sale of Specified Reference Collateral Assets, it shall be deemed to have first used such Additional Proceeds Amount to pay the relevant Priority Amounts (and such Additional Proceeds Amount shall be reduced accordingly by the amount of such payment) and then, to the extent necessary,

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

the Credit Support Sale Proceeds shall be deemed to have been used to pay the outstanding relevant Priority Amounts (and such Credit Support Sale Proceeds shall be reduced accordingly by the amount of such payment). In connection with any such delivery in respect of Securities, such delivery shall be made in accordance with Condition 4(b)(i) and the Entitlement shall be deemed to be a Security's Delivery Share, as determined by the Collateral Calculation Agent and confirmed in writing to the French Collateral Security Agent. The French Collateral Security Agent shall be entitled to appoint one or more agent to assist it with the delivery of the Entitlement and sale of Collateral Assets required to be made in accordance with this Collateral Security Condition 7.5. The French Collateral Security Agent shall notify the Collateral Delivery Date in respect of a series of Secured Securities to the relevant Holders in accordance with Condition 17.

In connection with such delivery, (i) Condition 4(b)(i)(E) shall not apply, (ii) for the purposes of Condition 4(b)(i)(C), Expenses shall be deemed to include any Enforcement Expenses which are incurred in delivery of the Collateral Assets in accordance with this Collateral Security Condition 7.5, (iii) the French Collateral Security Agent shall be entitled to deduct from the assets deliverable to Holders all Expenses not previously deducted from amounts paid or assets delivered to Holders, as the French Collateral Security Agent shall determine are attributable to the relevant Secured Securities and (iv) any reference in the Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Collateral Assets in accordance with this Collateral Security Condition 7.5, to be a reference to "Collateral Assets".

The final sentence of the first paragraph of Condition 4(b)(i)(D) shall not apply and the Collateral Assets which it is not possible to deliver to a Holder due to such rounding shall, if and to the extent practicable, be sold by the French Collateral Security Agent (or such other agent as may be appointed by the French Collateral Security Agent for such purpose) and a pro rata share of the resulting amount (the "**Rounding Amount**") shall be paid to each Holder whose Entitlement is subject to such rounding.

Where Physical Delivery of Collateral is applicable to a series of Secured Securities upon delivery of the relevant Specified Reference Collateral Assets and payment of the relevant Security Termination Amount, no further amount will be due to the Holders of such Secured Securities. In connection with the delivery of Specified Reference Collateral Assets for the relevant series of Secured Securities, the Collateral Calculation Agent shall determine the Security Termination Amount and the Calculated Security Termination Amount in respect of each Secured Security and shall notify such amounts to the French Collateral Security Agent who shall notify the Holders of such amounts following such delivery or, where applicable, payment of relevant amounts due in accordance with this Collateral Security Condition 7.

Where "Essential Trigger" is specified as applicable in the applicable Final Terms, Physical Delivery of Collateral will not apply.

7.6 Settlement Disruption

If, in the opinion of the French Collateral Security Agent (or such other agent as may be appointed by the French Collateral Security Agent for such purpose), delivery of the Entitlement following the occurrence of an Enforcement Event using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the French Collateral Security Agent (or such agent) has determined, is not practicable by reason of a Collateral Settlement Disruption Event having occurred and continuing on any Collateral Delivery Date then such Collateral Delivery Date for such Secured Securities shall be postponed to the first following Business Day in respect of which there is no such Collateral Settlement Disruption Event, provided that the French Collateral Security Agent (or such agent) may elect without liability to any party to deliver the Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the French Collateral Security Agent (or such agent) deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Collateral Settlement Disruption Event affects some but not all of the Collateral

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Assets comprising the Entitlement, the Collateral Delivery Date for the Collateral Assets not affected by the Collateral Settlement Disruption Event will be the originally designated Collateral Delivery Date.

If delivery of the relevant Entitlement is not possible due to the occurrence of a Collateral Settlement Disruption Event, for a period of greater than the Collateral Settlement Disruption Period, then in lieu of physical settlement and notwithstanding any other provision hereof, the French Collateral Security Agent (or such agent on its behalf) shall sell or realise the Undeliverable Collateral Assets, provided that the provisions of Collateral Security Condition 7.2 shall apply in the event that it is not possible for the French Collateral Security Agent to sell the relevant Undeliverable Collateral Assets within a period of two years. The French Collateral Security Agent shall give notice as soon as practicable to the Holders in accordance with Condition 17 that a Collateral Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Secured Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Collateral Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor or the French Collateral Security Agent (or any agent on its behalf).

7.7 Enforcement by Holders

No Holder shall be entitled to enforce the Security Interests or to proceed directly against the Issuer to enforce the other provisions of the Security Agreements unless the French Collateral Security Agent, having become bound so to enforce or to proceed, fails so to do within a reasonable time and such failure is continuing or the French Collateral Security Agent is prevented from doing so by any court order.

7.8 Redemption

Where Physical Delivery of Collateral is not applicable to a series of Secured Securities, following payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of a Secured Security and/or payment to the Holder of a Secured Security of an amount in aggregate equal to the Security Termination Amount the relevant Secured Security shall be deemed to have been redeemed. Where Physical Delivery of Collateral is applicable to a series of Secured Securities, following delivery to the Holder of a Secured Security of Collateral Assets in an amount equal to the relevant Delivery Share by the French Collateral Security Agent (or its agent)(together with any Rounding Amount payable) and, where applicable, payment in full by the Issuer and/or the Guarantor of the Shortfall (if any) in respect of such Secured Security, the relevant Secured Security shall be deemed to have been redeemed.

7.9 Collateral Calculation Agent Replacement

Following the occurrence of an Enforcement Event, if either: (i) the Collateral Calculation Agent fails to make the applicable calculations and determinations specified in these Collateral Security Conditions or fails to notify the French Collateral Security Agent of the results of such calculations and determinations within 15 Business Days of a request from the French Collateral Security Agent (or any agent acting on its behalf) to make such calculations and determinations or (ii) the Collateral Calculation Agent has notified to the French Collateral Security Agent that it is unable to perform the calculations or other duties required of it by these Collateral Security Conditions, the French Collateral Security Agent may and shall, if instructed to do so in accordance with Collateral Security Condition 7.2 and indemnified and/or secured and/or pre-funded to its satisfaction, terminate the appointment of the Collateral Calculation Agent and appoint one or more successor Collateral Calculation Agent.

7.10 Disposal Agent

Upon the occurrence of an Enforcement Event, the French Collateral Security Agent may and shall, if instructed to do so in accordance with Collateral Security Condition 7.2 and indemnified and/or secured and/or pre-funded to its satisfaction, appoint and instruct a disposal agent to effect a liquidation and realisation of the relevant Collateral Assets, (where Physical Delivery of Collateral is specified as applicable) to effect delivery of the

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Specified Reference Collateral Assets to each Holder of a Secured Security, to sell or realise any Undeliverable Collateral Assets or to undertake any other action contemplated as being performed by the French Collateral Security Agent in these Collateral Security Conditions.

8. **Redemption**

8.1 The following amendments shall be made to Condition 5:

- (a) Condition 5.1 to 5.5 (inclusive) shall be deleted in their entirety and shall be replaced with the following:

"5.1 **Final Redemption**

Unless previously redeemed or purchased and cancelled as provided below and provided no Enforcement Event has occurred, each Note will be redeemed by the Issuer at its relevant Final Redemption Amount on the Maturity Date specified in the applicable Final Terms or, if the Notes are Physical Delivery Notes by delivery of the Entitlement (as provided in Condition 4(b) above) or (in the case of a Credit Security) at the relevant amount and/or by delivery as specified in the Credit Security Conditions provided that if Deferral of Payments or Suspension of Payments is specified as applicable in the applicable Final Terms, upon the occurrence of a Payment Deferment Event, each Note shall be finally redeemed on the Final Deferred Payment Date by payment of the Final Redemption Amount or in the case of a Physical Delivery Note, by delivery of the Entitlement (as provided in Condition 4(b) above) if no Early Redemption Event results from such Payment Deferment Event or, where as a consequence of the failure of the relevant RCA Reference Entity (whose default gave rise to the Payment Deferment Event) to cure the relevant Payment Deferment Event within the grace period applicable thereto (where Deferral of Payments is applicable or an Early Redemption Event occurs within the Suspension Period (where Suspension of Payments is applicable)), the Issuer delivers an Early Redemption Notice in respect of the relevant RCA Reference Entity, each Note shall be redeemed in accordance with Collateral Security Condition 5 and no interest shall accrue in respect of the period from the scheduled Maturity Date to the date on which the Notes are finally redeemed. This Note may not be redeemed other than in accordance with these Conditions.

The "Final Redemption Amount", in respect of each nominal amount of Notes equal to the Calculation Amount, shall be an amount calculated by the Calculation Agent equal to:

- (i) Calculation Amount x the percentage or (ii) the Final Payout, in each case as specified in the applicable Final Terms,

Provided That, (i) if the Notes are Dual Currency Redemption Notes, the product of the above formula will be converted into the Settlement Currency as provided in Condition 5.12 above and (ii) if the product of the Final Payout is zero, no amount shall be payable on final redemption of the Note.

The "**Entitlement**" shall be the quantity of the Relevant Asset(s) equal to the a pro rata share of the Relevant Assets applicable to such Security (unless otherwise specified in the applicable Final Terms) or (in the case of a Credit Nominal Value Security) the relevant obligations and/or other assets as specified in the Credit Security Conditions.

5.2 **Redemption for Taxation Reasons**

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

The provisions of this Condition 5.2 shall not apply in the case of Notes if Condition 6.3 is specified as applicable in the applicable Final Terms.

- (a) If the Issuer would, as a result of any change in, or in the official interpretation or administration of, any laws or regulations of the Netherlands or in each case any other authority thereof or therein be required to pay additional amounts as provided in Condition 6, the Issuer may at its option at any time (in the case of Notes other than Floating Rate Notes, Linked Interest Notes, or Dual Currency Interest Notes) or on any Interest Payment Date (in the case of Floating Rate Notes, Linked Interest Notes or Dual Currency Interest Notes) on giving not more than 45 nor less than 30 days' notice to the Noteholders (in accordance with Condition 17) which notice shall be irrevocable, redeem all, but not some only, of the Notes at their Early Redemption Amount provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date upon which the Issuer could make payment without withholding for such taxes.
- (b) If the Issuer would, on the next due date for payment of any amount in respect of the Notes, be prevented by Dutch law from making such payment notwithstanding the undertaking to pay additional amounts as provided in Condition 6, then the Issuer shall forthwith give notice of such fact to the Principal Paying Agent and shall at any time (in the case of Notes other than Floating Rate Notes, Linked Interest Notes or Dual Currency Interest Notes) or on any Interest Payment Date (in the case of Floating Rate Notes, Linked Interest Notes or Dual Currency Interest Notes) redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount upon giving not less than 7 nor more than 45 days' prior notice to the Noteholders (in accordance with Condition 17), provided that the due date for redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of interest payable in respect of the Notes or, if such date is already past, as soon as practicable thereafter.

5.3 **Redemption at the Option of the Issuer (Issuer Call Option)**

If Issuer Call Option is specified in the applicable Final Terms and a Swap Call Event occurs, the Issuer shall, provided that no Early Redemption Event and no Enforcement Event has occurred and having given not less than the minimum notice period nor more than the maximum notice period (if any) specified in the applicable Final Terms (the "**Notice Period**") notice to the Holders in accordance with Condition 17 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all of the Notes then outstanding at the Optional Redemption Amount on the Optional Redemption Date specified in the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date.

The "**Optional Redemption Amount**", in respect of each nominal amount of Notes equal to the Calculation Amount, shall be an amount calculated by the Calculation Agent equal to the Calculation Amount multiplied by the percentage specified in the applicable Final Terms. Following the redemption in full of each Note at its Optional Redemption Amount on the Optional Redemption Date, for the avoidance of doubt, no further interest amounts will be payable in respect of the Notes.

5.4 **Redemption at the Option of the Noteholders (Noteholder Put Option)**

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

If Noteholder Put Option is specified in the applicable Final Terms, upon a Noteholder giving to the Issuer in accordance with Condition 17 not less than the minimum notice period nor more than the maximum notice period specified in the applicable Final Terms (the "**Notice Period**") notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note at the Optional Redemption Amount on the Optional Redemption Date specified in the applicable Final Terms, together, if applicable, with interest accrued to (but excluding) the Optional Redemption Date. The "**Optional Redemption Amount**" shall be an amount calculated by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Put Payout, as specified in the applicable Final Terms,

Provided That if the product of the Put Payout is zero, no amount shall be payable on redemption of such Note.

If this Note is a French Law Note, to require redemption of a French Law Note the relevant Noteholder must (i) deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the Notice Period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the Noteholder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 5.4, and (ii) transfer, or cause to be transferred, the Notes to be redeemed to the account of the Paying Agent specified in the Put Notice.

Any Put Notice given by a Noteholder pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such Noteholder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 8.

5.5 **Early Redemption**

For the purposes of Condition 5.2 above, and any circumstances where the Notes are to be redeemed prior to their Maturity Date at their Early Redemption Amount provided that no Enforcement Event has occurred, each Note will be redeemed in accordance with the Collateral Security Conditions as if (a) an Annex Early Redemption Event had been specified as an applicable Early Redemption Event in respect of the relevant series of Notes and (b) that such Early Redemption Event had occurred.

All Notes which are redeemed or purchased by the Issuer to be cancelled will forthwith be cancelled and accordingly may not be re-issued or resold."

(b) Conditions 5.9 shall be deleted in its entirety and shall be replaced with the following:

"5.9 Instalments

- (a) Each Note which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms.
- (b) If the applicable Final Terms specify that the Notes are redeemable in instalments and that Instalment Adjustment is applicable, each Note will be redeemed (i) in part by payment of the relevant Instalment Amount on each Instalment Date and (ii) with

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

The Instalment Amount in respect of an Instalment Date will be an amount calculated by the Calculation Agent equal to the product of the Nominal Amount immediately prior to such Instalment Date and the relevant Instalment Percentage specified in the applicable Final Terms in respect of such Instalment Date. Following each Instalment Date, the Nominal Amount shall be reduced by the Instalment Amount and all calculations and determinations in respect of the Notes shall be made on the basis of the Nominal Amount as so reduced (or in the case of calculations and determinations made in respect of all of the Notes, the aggregate of the Nominal Amount as so reduced).

- (c) If the applicable Final Terms specify that the Notes are redeemable in instalments and that Instalment Adjustment is applicable, each Note will be redeemed (i) in part by payment of the relevant Instalment Amount on each Instalment Date and (ii) with final redemption being made pursuant to Condition 5.1 (*Final Redemption*). The Instalment Amount in respect of an Instalment Date will be an amount calculated by the Calculation Agent equal to the product of the original Nominal Amount as of the Issue Date and the relevant Instalment Percentage specified in the applicable Final Terms in respect of such Instalment Date. Following each Instalment Date, the Nominal Amount shall be reduced by the relevant Instalment Amount and, save for the calculation of the Instalment Amount, all calculations and determinations in respect of the Nominal Amount shall be made on the basis of the Nominal Amount as so reduced.
- (d) If the applicable Final Terms specify that the Notes are RCA Instalment Notes Conditions 5.9(a) to (c) shall not apply and each Note will be redeemed (i) in part on an Instalment Date by payment of the Instalment Amount(s) relating to the Reference Collateral Asset(s) by reference to which the relevant Instalment Date was determined other than where the relevant Notes are specified to be Single Instalment RCA Instalment Notes in the applicable Final Terms and (ii) with final redemption being made pursuant to Collateral Security pursuant to Condition 5.1 (*Final Redemption*) (as amended in Collateral Security Condition 8.1). Following each Instalment Date (other than where the relevant Notes are specified to be Single Instalment RCA Instalment Notes in the applicable Final Terms), the Nominal Amount Outstanding of a Note shall be reduced by the relevant Instalment Amount and all calculations and determinations in respect of the Notes shall be made on the basis of the Nominal Amount Outstanding as so reduced. Where the relevant Notes are RCA Instalment Notes which are specified to be Single Instalment RCA Instalment Notes in the applicable Final Terms, each Note will be redeemed in accordance with Condition 5.1 (*Final Redemption*) (as amended in Collateral Security Condition 8.1) and no Instalment Amounts will be paid on the relevant Instalment Dates.
- (e) Notwithstanding the terms of Condition 5.9(d),
 - (i) where a Reference Collateral Asset is an Affected RCA; or
 - (ii) where Additional RCA Disposal is specified as applicable in the applicable Final Terms, a Reference Collateral Asset is an Additional Disposal RCA and the Unwound Instalment Portion is equal to the Full Instalment Amount applicable for such Additional Disposal RCA,

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

no payment of an Instalment Amount shall be due on the related Instalment Date for such Reference Collateral Asset and instead a Partial Early Redemption Amount (where Full Early Redemption is not specified as applicable in the applicable Final Terms) or the Early Redemption Amount, as the case may be, shall be payable in accordance with Collateral Security Condition 5."

8.2 Settlement Disruption Events

Condition 4(b)(i)(E) shall be deleted and shall be replaced with the following:

"The provisions of this Condition 4(b)(i)(E) apply to Notes other than, where a CDS Credit Event has occurred, Credit Nominal Value Repack Securities.

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms or such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Delivery Date, then such Delivery Date, for such Securities shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Issuer may elect to satisfy its obligations in respect of the relevant Security by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date, as the case may be, for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date.

For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect to satisfy its obligations in respect of the relevant Securities by payment to the Holders of an amount equal to the Disruption Cash Redemption Amount (as defined below), to be apportioned pro rata amongst the relevant Holders on the tenth Business Day following the Issuer's receipt of the proceeds received from the sale of any Undelivered Reference Collateral Assets and the Issuer shall also give notice of such election to the Holders in accordance with Condition 17. Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Holders in accordance with Condition 17. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 17 that a Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or the Guarantor (if any).

For the purposes hereof:

"Disruption Cash Redemption Amount" means the sale proceeds realised by the sale of any Undelivered Reference Collateral Assets where such sale shall take place in accordance with Collateral Security Condition 5.3 (as if, regardless of whether Collateral Physical Settlement is specified as being applicable in the applicable Final Terms, an Early Redemption Event had occurred);

"Settlement Business Day" has the meaning specified in the applicable Final Terms; and

"Settlement Disruption Event" means, the Issuer or the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that it is illegal, impossible or impracticable for the Issuer or any of its Affiliates to make delivery of the Relevant Asset(s) in whole or in part and/or due to an event beyond the control of the Issuer, the Issuer or any of its Affiliates, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms."

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

9. **Removal, Indemnification and Liability of the French Collateral Security Agent**

The French Collateral Security Agency and Pledge Agreement contains provisions for the appointment, retirement and removal of the French Collateral Security Agent, in accordance with article 2328-1 or, as applicable, articles 2488-6 to 2488-12 of the French *Code civil*. The Issuer shall as soon as practicable after the appointment of a new French collateral security agent notify the Holders of such appointment in accordance with Condition 17.

The French Collateral Security Agency and Pledge Agreement contains provisions for the indemnification of the French Collateral Security Agent and for its relief from responsibility including for the exercise of any voting rights in respect of the Collateral Assets or for the value, validity, sufficiency and enforceability (which the French Collateral Security Agent has not investigated) of the security created over the Collateral Assets. The French Collateral Security Agent is not obliged to take any action under the French Collateral Security Agency and Pledge Agreement, the Securities, these Collateral Security Conditions or otherwise unless indemnified and/or secured and/or pre-funded to its satisfaction. The French Collateral Security Agent will not be liable to any party for any act or omission in connection with its role under or for the purposes of the French Collateral Security Agency and Pledge Agreement or these Collateral Security Conditions in the absence of its own gross negligence, wilful default or fraud. The French Collateral Security Agent and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Collateral Assets, any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Holders for profit resulting therefrom.

The French Collateral Security Agent is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Collateral Assets from any obligation to insure or to procure the insuring of the Collateral Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Collateral Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Collateral Custodian or any custodian whether or not selected by the French Collateral Security Agent (in each case, if applicable). The French Collateral Security Agent is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Collateral Security Condition 9, each of the Issuer and the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the French Collateral Security Agency and Pledge Agreement or any agreement referred to therein to which the Issuer and the Guarantor are party, any security created or guarantee given under the French Collateral Security Agency and Pledge Agreement shall be reserved for the benefit of the new French collateral security agent (for itself and as agent of each other Secured Party).

10. **Residual Shortfall**

Without prejudice to the rights of a Holder under the Guarantee, if the net proceeds of the enforcement of the Security Interests created pursuant to the French Collateral Security Agency and Pledge Agreement, the Pledge Agreement and/or any Additional Security Document or Alternative Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Securities, then:

- (a) save where Security Value Termination Amount is the applicable Security Termination Amount, the obligations of the Issuer in respect of such Securities will be limited to such Net Proceeds and neither the French Collateral Security Agent nor any Secured Party nor anyone acting on behalf of any Secured

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets and

- (b) save where Security Value Termination Amount is the applicable Security Termination Amount, the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Holder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the French Collateral Security Agent nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the French Collateral Security Agent to recover any such Residual Shortfall.

No Holder or other Secured Party nor any party to the French Collateral Security Agency and Pledge Agreement shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy, insolvency, voluntary or judicial liquidation, composition with creditors, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or appoint an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (except any receiver appointed by the French Collateral Security Agent pursuant to the French Collateral Security Agency and Pledge Agreement) or liquidator). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Collateral Security Condition 7.

In this Collateral Security Condition 10, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Securities but for the operation of this Collateral Security Condition 10.

Where the Security Termination Amount specified in the applicable Final Terms is Security Value Termination Amount, the Issuer shall remain liable for any shortfall calculated in accordance with Collateral Security Condition 7.4 and this Collateral Security Condition 10 shall not apply to reduce the amount payable by the Issuer.

11. **Taxation**

The following amendments shall be made to Condition 6:

- (a) Condition 6.1 shall be deleted in its entirety and shall be replaced with the following:

"6.1 Notes issued by BNPP B.V.

Subject to Condition 6.3, in the case of Notes issued by BNPP B.V., all payments in respect of such Notes, Receipts and Coupons shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In the event that any amounts are required to be deducted or withheld for, or on behalf of, any Tax Jurisdiction, the Issuer to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder, Receiptholder or Couponholder, after deduction or withholding of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable provided that no such additional amount shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his being connected with the Netherlands (in the case of payments by BNPP

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

B.V.) or France (in the case of payments by the Guarantor) other than by the mere holding of such Note, Receipt or Coupon; or

- (b) presented for payment more than 30 days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 4(a)); or
- (c) where such withholding is made pursuant to the law of 23 December 2005, as amended.

In these Terms and Conditions:

- (x) **Tax Jurisdiction** means France or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by BNPP as Guarantor) or the Netherlands or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by BNPP B.V.); and
- (y) the **Relevant Date** means the date on which the relevant payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the relevant Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 17."

- (b) Condition 6.3 shall be deleted in its entirety and shall be replaced with the following:

"6.3 No Gross-up

If Condition 6.3 is specified as applicable in the applicable Final Terms, the Issuer shall be not liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted."

12. Further Issues

Condition 16 shall be deleted and the following substituted therefor:

"16. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the Issue Date, the Issue Price, the amount and date of the first interest payment thereon (if any), amount of Reference Collateral Asset (if any) and/or the date from which interest starts to accrue (if any), such further notes being consolidated (assimilables) with and forming a single series with the Notes. Any such further notes shall only form a single issue with the Notes, (unless otherwise approved by a Resolution) if the Issuer provides additional assets as security for such further notes which are fungible with, and have the same proportionate composition as, those forming part of the Charged Assets for the Notes and in the same proportion that the nominal amount of such new notes bears to the Notes and/or the Issuer enters into, or has the benefit of, additional or supplemental or amended Swap Agreements and Collateral Exchange Agreements extending the terms of any existing Swap Agreements and Collateral Exchange Agreements to the new notes on terms no less favourable than such existing documents and agreements and, notwithstanding the terms of Condition 18.2, the Issuer

ANNEX 13 – ADDITIONAL TERMS AND CONDITIONS FOR SECURED SECURITIES

may make modifications to the terms and conditions of the Notes, to the terms of the Swap Agreement, Collateral Exchange Agreement and the Pledge Agreement and/or the French Collateral Security Agency and Pledge Agreement without the consent of the Noteholders and/or the French Collateral Security Agent to reflect the issue of any further issues of notes expressed to be consolidated and form a single series with the original issue of Notes of the relevant Series in accordance with this Condition 16."

13. Recognition of Bail-in and Loss Absorption

Conditions 23.1 to 23.8 (inclusive) shall not apply to the Notes, provided that Conditions 23.1 to 23.8 (inclusive) shall apply to the Guarantee applicable to Secured Securities.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg or the CMU, to exercise the right to require redemption of this Note the relevant Noteholder must, within the Notice Period, give notice to the Registrar or Paying Agent or the CMU Lodging Agent concerned of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or the CMU (which may include notice being given on such Holder's instruction by Euroclear or Clearstream, Luxembourg or the CMU Lodging Agent or any common depositary or common safekeeper, as the case may be, for them to the Registrar or Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or the CMU from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Agent for notation accordingly.

Any Put Notice given by a Noteholder pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such Noteholder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 8."

FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR UNSECURED NOTES

Terms defined in the Terms and Conditions of the Notes, as amended by the applicable Final Terms (the "**Conditions**") and/or the Note Agency Agreement and not otherwise defined in this Deed of Guarantee shall have the same meanings when used in this Guarantee.

Any reference in this Deed of Guarantee to:

- (i) any obligation or payment under or in respect of the Notes shall be construed to include a reference to any obligation or payment under or pursuant to Clause 2 of the Deed of Covenant; and
- (ii) any obligation of, or sums or amounts payable by, BNPP B.V. shall be construed to refer to in the event of a bail-in of BNPP, such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to liabilities of BNPP following the application of a bail-in of BNPP by any relevant authority (including in a situation where the Guarantee itself is not the subject of such bail-in).

2. Guarantee

Subject as provided below, BNPP hereby irrevocably and unconditionally guarantees:

- (a) to each Noteholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by BNPP B.V. in respect of the Notes on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Noteholder, forthwith upon the demand of such Noteholder and in the manner and currency prescribed by the Conditions for payments by BNPP B.V. in respect of the Notes, any and every sum or sums which BNPP B.V. is at any time liable to pay in respect of the Notes and which BNPP B.V. has failed to pay or (ii) perform such other obligation for the benefit of such Noteholder which BNPP B.V. has failed to perform on the due date for such performance after a demand has been made on BNPP pursuant to Clause 13 hereof; and
- (b) to each Accountholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by BNPP B.V. in respect of the Direct Rights on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Accountholder, forthwith upon the demand of such Accountholder and in the manner and currency prescribed by the Conditions for payments by BNPP B.V. in respect of the Notes, any and every sum or sums which BNPP B.V. is at any time liable to pay in respect of the Notes and which BNPP B.V. has failed to pay or (ii) perform such other obligation for the benefit of the Accountholder which BNPP B.V. has failed to perform on the due date for such performance after a demand has been made on BNPP pursuant to Clause 13 hereof,

PROVIDED THAT in the case of Notes (other than Credit Notes) where the obligations of BNPP B.V. which fall to be satisfied by BNPP constitute the delivery of the Entitlement if such delivery is not practicable by reason of (x) a Settlement Disruption Event (as defined in Condition 4(b)(i)(E)) or (y) if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms, a Failure to Deliver due to Illiquidity (as defined in Condition 4(b)(i)(F)), in lieu of such delivery BNPP will make payment in respect of each such Note of, in the case of (x) above, the Disruption Cash Redemption Amount (as defined in Condition 4(b)(i)(E)) or in the case of (y) above, the Failure to Deliver Redemption Amount (as defined in Condition 4(b)(i)(F)). Any payment of the Disruption Cash Redemption Amount or the Failure to Deliver Redemption Amount, as the case may be, in respect of a Note shall constitute a complete discharge of BNPP's obligations in respect of the delivery of the Relevant Assets affected by the Settlement Disruption Event or Failure to Deliver due to Illiquidity, as the case may be.

FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR UNSECURED NOTES

3. Taxation

Unless the applicable Final Terms specify that Condition 6.4 is applicable to the Notes, the Guarantor covenants in favour of each Noteholder that it will duly perform and comply with the obligations expressed to be undertaken by it in Condition 6.1. In particular, if in respect of any payment to be made under this Deed of Guarantee, any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature is payable, the Guarantor shall pay the additional amounts referred to in Condition 6.1, all subject to and in accordance with the provisions of Condition 6.1.

4. BNPP as Principal Obligor

As between BNPP and each Beneficiary but without affecting BNPP B.V.'s obligations, BNPP will be liable under this Deed of Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BNPP B.V. or any other person for payment or performance of any other obligation in respect of any Note, (4) the enforcement or absence of enforcement of any Note or of any security or other guarantee or indemnity, (5) the taking, existence or release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Note Agency Agreement or any of BNPP B.V.'s obligations under any of them).

5. BNPP's Obligations Continuing

BNPP's obligations under this Deed of Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Note. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise and may be enforced without first having recourse to BNPP B.V., any other person, any security or any other guarantee or indemnity. BNPP irrevocably waives all notices and demands of any kind.

6. Status

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

7. Exercise of BNPP's rights

So long as any sum remains payable under the Notes or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V. or to take the benefit of or enforce any security or other guarantee or indemnity.

8. Discharge by BNPP B.V.

If any payment received by, or other obligation discharged to or to the order of, any Noteholder is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP and this Deed of Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BNPP B.V.

9. Indemnity

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees:

- (a) that any sum or obligation which, although expressed to be payable or deliverable under the Notes, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Noteholder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Noteholder on demand; and
- (b) as a primary obligation to indemnify each Beneficiary against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Notes not being paid or performed by the time, on the date and otherwise in the manner specified in the Notes or any obligation of BNPP B.V. under the Notes being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to BNPP B.V., BNPP or any Beneficiary), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BNPP B.V. in respect of the relevant sum,

PROVIDED THAT the proviso to Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 9.

10. Resolution proceedings against the Guarantor

By its acquisition of the Notes, each Noteholder (which, for the purposes of this Clause 10, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
 - (i) the reduction of all, or a portion, of the Amounts Due;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Noteholder agrees to accept in lieu of its rights under this Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
 - (iii) the cancellation of this Guarantee; and/or
 - (iv) the amendment or alteration of the term of this Guarantee, including by suspending payment for a temporary period;
- (b) if applicable, that the terms of this Guarantee are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

For these purposes, the "**Amounts Due**" are (a) the amounts payable on, or the Entitlement deliverable in respect of, each Note that has not been previously redeemed or cancelled or is otherwise no longer due or (b) the amounts payable under this Guarantee.

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European

- (a) where the Secured Security is a Note to which either Part A or B of Annex 13 (*Additional Terms and Conditions for Secured Securities*) applies,

(ii) to each Accountholder, the due and punctual payment of the Shortfall by BNPP B.V. in respect of the Direct Rights on the date specified for such payment and accordingly undertakes to either pay to such Accountholder, forthwith upon the demand of such Accountholder and in the manner and currency prescribed by the Conditions for payments by BNPP B.V. in respect of the Notes, which BNPP B.V. is at any time liable to pay in respect of the Notes and which BNPP B.V. has failed to pay on the due date for such payment, after a demand has been made on BNPP pursuant to Clause 13 hereof PROVIDED THAT BNPP shall not be obliged to make any payment under this Deed of Guarantee in respect of such Direct Rights until the Collateral Assets in the Collateral Pool securing such Secured Security have been realised or liquidated in full in the manner set out in Collateral Security Condition 6.2. Payment of an amount equal to the Shortfall in respect of the relevant Secured Security shall constitute a complete discharge of BNPP's obligations in respect of such Direct Rights;

(b) where the Secured Security is a Nominal Value Repack Security:

(i) to each Noteholder, that if following the occurrence of an Enforcement Event and enforcement of the Security Agreements in respect of the relevant Collateral Pool and series of Secured Securities, for any reason BNPP B.V. does not pay the Security Termination Amount and, or is not deemed to have paid the Calculated Security Termination Amount (where Physical Delivery of Collateral is applicable) in respect of a Secured Security in full, BNPP will, in accordance with the Conditions, pay an amount equal to the Shortfall in the currency in which such payment is due in immediately available funds. 3. Taxation

Unless the applicable Final Terms specify that Condition 6.3 is applicable to the Notes, if in respect of any payment to be made under this Deed of Guarantee, any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction is payable, the Guarantor shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder after deduction or withholding of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable under this Deed of Guarantee provided that no such additional amount shall be payable with respect to any payment to a Noteholder who is liable to such taxes, duties, assessments or governmental charges by reason of his being connected with the France other than by the mere holding of the Note, Receipt or Coupon.

4. BNPP as Principal Obligor

As between BNPP and each Beneficiary but without affecting BNPP B.V.'s obligations, BNPP will be liable under this Deed of Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2 or where the Securities are Nominal Value Repack Securities, the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5, (iii) the Security Realised Amount is less than the Security Termination Amount or, where the Secured Security is Nominal Value Repack Security and Physical Delivery of Collateral is applicable, the Security Realised Amount is less than the sum of (A) the Security Termination Amount and (B) the Calculated Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 13 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BNPP B.V. or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the taking, existence or release of any such security, guarantee or indemnity, (4) the dissolution, amalgamation, reconstruction or reorganisation of BNPP B.V. or any other person, or (5) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Note Agency Agreement or any of BNPP B.V.'s obligations under any of them).

5. BNPP's Obligations Continuing

BNPP's obligations under this Deed of Guarantee are and will remain in full force and effect by way of continuing security until no Shortfall remains payable under any Secured Security. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise. BNPP irrevocably waives all notices and demands of any kind.

6. Status

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

FORM OF THE BNPP ENGLISH LAW GUARANTEE FOR SECURED NOTES

7. Exercise of BNPP's rights

So long as any sum remains payable under the Secured Securities or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V.

8. Discharge by BNPP B.V.

If any payment received by, or other obligation discharged to or to the order of, any Noteholder is, on the subsequent bankruptcy or insolvency of BNPP B.V., avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP in respect of any relevant Shortfall and this Deed of Guarantee will continue to apply in respect of any relevant Shortfall as if such payment or obligation had at all times remained owing due by BNPP B.V.

9. Indemnity

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees that any sum or obligation which, although expressed to be payable or deliverable under the Secured Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to BNPP B.V., BNPP or any Noteholder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Noteholder on demand provided that (i) an Enforcement Event has occurred, (ii) the Collateral Assets in the Collateral Pool which secures the relevant Secured Security have been realised or liquidated in full in accordance with Collateral Security Condition 6.2 or where the Securities are Nominal Value Repack Securities, the Collateral Assets in the Collateral Pool securing such Secured Security and any other Charged Assets relating to such series of Secured Securities have been realised or liquidated in full in the manner set out in Collateral Security Condition 7.2 and/or Collateral Security Condition 7.5, (iii) the Security Realised Amount is less than the Security Termination Amount or, where the Secured Security is Nominal Value Repack Security and Physical Delivery of Collateral is applicable, the Security Realised Amount is less than the sum of (A) the Security Termination Amount and (B) the Calculated Security Termination Amount and (iv) a demand has been made on the Guarantor pursuant to Clause 13 hereof and provided further than in no circumstances shall BNPP be obliged to pay an amount to a Holder in respect of a Secured Security under this Deed of Guarantee which is greater than the relevant Shortfall,

PROVIDED THAT the proviso to Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 9.

10. Resolution Proceedings against the Guarantor

By its acquisition of the Securities, each Holder (which, for the purposes of this Clause 10, includes any current or future holder of a beneficial interest in the Securities) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
 - (i) the reduction of all, or a portion, of the Amounts Due;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Guarantee, in which case the Holder agrees to accept in lieu of its rights under

For these purposes, the "**Amounts Due**" are the amounts payable under this Guarantee.

The "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

A reference to a "**Regulated Entity**" is any entity referred to in Section 1 of Article L.613-34 of the French *Code monétaire et financier*, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

The matters set forth in this Clause 10 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Guarantor and any holder of Securities.

PROVIDED THAT in the case of Notes (other than Credit Securities) where the obligations of BNPP B.V. which fall to be satisfied by BNPP constitute the delivery of the Entitlement to the holders of such Notes if such delivery is not practicable by reason of (x) a Settlement Disruption Event (as defined in Condition 4(b)(i)(E)) or (y) if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms, a Failure to Deliver due to Illiquidity (as defined in Condition 4(b)(i)(F)), in lieu of such delivery BNPP will make payment in respect of each such Note of, in the case of (x) above, the Disruption Cash Redemption Amount (as defined in Condition 4(b)(i)(E)) or in the case of (y) above, the Failure to Deliver Redemption Amount (as defined in Condition 4(b)(i)(F)). FORM OF THE BNPP FRENCH LAW GUARANTEE FOR UNSECURED NOTES

2. **Joint liability of BNPP and BNPP B.V.**

BNPP hereby acknowledges, absolutely and without right to claim the benefit of any legal circumstances amounting to an exemption from liability or a guarantor's defence, that it is bound by the obligations specified below. Accordingly, BNPP acknowledges that it will not be released from liability, nor will its liability be reduced, at any time, by extension or grace periods regarding payment or performance, any waiver or any consent granted to BNPP B.V. or to any other person, or by the failure of any execution proceedings brought against BNPP B.V. or any other person. Furthermore, BNPP acknowledges that (1) it will not be relieved of its obligations in the event that BNPP B.V.'s obligations become void for reasons relating to BNPP B.V.'s capacity, limitation of powers or lack thereof (including any lack of authority of persons having entered into contracts in the name, or on behalf, of BNPP B.V.), (2) its obligations under this Guarantee will remain valid and in full effect notwithstanding the dissolution, merger, takeover or reorganisation of BNPP B.V., as well as the opening of insolvency proceedings (*procédures collectives*), or any other proceedings similar to receivership or liquidation proceedings, in respect of BNPP B.V., (3) it will not avail itself of any subrogation rights in respect of the Noteholders' rights and that it will take no steps to enforce any rights or demands against BNPP B.V., so long as any amounts remain due; or any obligation remains unperformed, under the Notes, (4) its duties under this Guarantee will not be conditional on or subject to the validity or execution of any other security granted by BNPP B.V. or any other person to the Noteholders, or to the existence or creation of any security for the benefit of the Noteholders, and (5) neither the notification of, nor the serving of a formal request upon, BNPP B.V. or any other person is a prior condition to a payment or performance by BNPP under this Guarantee.

3. **BNPP's continuing liability**

BNPP's obligations under this Guarantee are and will remain valid and in full effect so long as any amounts remain outstanding, or any obligation remains unperformed, under the Notes.

4. **Status**

This Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations, subject to such exceptions as may from time to time be mandatory under French law.

5. **Exercise of BNPP's rights**

So long as any sum remains payable under the Notes or this Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BNPP B.V. or to take the benefit of or enforce any security or other guarantee or indemnity.

6. **BNPP B.V. repayment**

If a payment received by, or other obligation discharged to or to the order of, any Noteholder is declared null and void under any rule relating to insolvency proceedings (*procédures collectives*), or any other procedure similar to the receivership or liquidation of BNPP B.V., such payment or obligation will not reduce BNPP's obligations and this Guarantee will continue to apply as if such payment or obligation had always been due from BNPP B.V.

7. **Resolution proceedings against the Guarantor**

By its acquisition of the Notes, each Noteholder (which, for the purposes of this Clause 7, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

4. **BNPPF as Principal Obligor**

As between BNPPF and each Beneficiary but without affecting BP2F's obligations, BNPPF will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to BP2F or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on BP2F or any other person for payment or performance of any other obligation in respect of any Note, (4) the enforcement or absence of enforcement of any Note or of any security or other guarantee or indemnity, (5) the taking, existence or release of any such security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of BP2F or any other person, or (7) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Note Agency Agreement or any of BP2F's obligations under any of them).

5. **BNPPF's Obligations Continuing**

BNPPF's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Note. Furthermore, those obligations of BNPPF are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPPF or otherwise and may be enforced without first having recourse to BP2F, any other person, any security or any other guarantee or indemnity. BNPPF irrevocably waives all notices and demands of any kind.

6. **Status**

This Guarantee is an unsubordinated and unsecured obligation of BNPPF and will rank *pari passu* with all its other present and future outstanding unsecured and unsubordinated obligations subject to such exceptions as may from time to time be mandatory under Belgian law.

7. **Exercise of BNPPF's rights**

So long as any sum remains payable under the Securities or this Guarantee, BNPPF shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by BP2F or to take the benefit of or enforce any security or other guarantee or indemnity.

8. **Discharge by BP2F**

If any payment received by, or other obligation discharged to or to the order of, any Noteholder is, on the subsequent bankruptcy or insolvency of BP2F, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPPF and this Deed of Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by BP2F.

9. **Indemnity**

As a separate and alternative stipulation, BNPPF unconditionally and irrevocably agrees:

FORM OF THE BNPPF NOTE GUARANTEE

- (a) that any sum or obligation which, although expressed to be payable or deliverable under the Notes, is for any reason (whether or not now existing and whether or not now known or becoming known to BP2F, BNPPF or any Noteholder) not recoverable from BNPPF on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Noteholder on demand; and
- (b) as a primary obligation to indemnify each Beneficiary against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Notes not being paid or performed by the time, on the date and otherwise in the manner specified in the Notes or any obligation of BP2F under the Notes being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to BP2F, BNPPF or any Beneficiary), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by BP2F in respect of the relevant sum,

PROVIDED THAT the proviso to Clause 2 of this Guarantee shall apply mutatis mutandis to this Clause 9.

10. Incorporation of Terms

BNPPF agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

11. Deposit of Guarantee

This Deed of Guarantee shall be deposited with and held by BNP Paribas, Succursale de Luxembourg and held on behalf of the Beneficiaries at its specified office.

12. Demand on BNPPF

Any demand hereunder shall be given in writing addressed to BNPPF served at its office at 1000 Brussels, rue Montagne du Parc 3. A demand so made shall be deemed to have been duly made two Brussels Business Days (as used herein, "**Brussels Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Brussels) after the day it was served or if it was served on a day that was not a Brussels Business Day or after 5.30 p.m. (Brussels time) on any day, the demand shall be deemed to be duly made two Brussels Business Days after the Brussels Business Day immediately following such day.

13. Governing law

This Deed of Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

14. Jurisdiction

The courts of England shall have exclusive jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith (a "**Dispute**").

15. Service of Process

BNPPF hereby appoints BNP Paribas, London branch, currently of 10 Harewood Avenue, London, NW1 6AA (Attention: the Loan Administration Department) as its agent to receive service of process in England in any proceedings in England relating to this Guarantee. FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest Coupons attached, or registered form, without interest Coupons attached. Notes will be issued only outside the United States to persons that are not (i) a "U.S. person" as defined in Regulation S under the Securities Act ("**Regulation S**"); or (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"); or (iii) a "U.S. person" as defined in (a) the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") or (b) the final rule relating to Cross-Border Application of the Registration Thresholds and Certain Requirements Applicable to Swap Dealers and Major Swap Participants promulgated by the CFTC, in each case as amended, modified or supplemented from time to time, pursuant to the Commodity Exchange Act; or (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**").

As part of the initial distribution of the Notes of each Series which constitute Secured Securities, such Notes may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**" except to the extent permitted under an exemption to the U.S. Risk Retention Rules as described under "Offering and Sale" on pages 1461 to 1462. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

Bearer Notes

In relation to English Law Securities, each Tranche of Bearer Notes will be initially issued in the form of a temporary bearer global note (a "**Temporary Bearer Global Note**") or, if so specified in the applicable Final Terms, a permanent global note (a "**Permanent Bearer Global Note**" and together with a Temporary Bearer Global Note, each a "**Bearer Global Note**") which will (i) if the Bearer Global Notes are not intended to be issued in (new global note "NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depository (the "**Common Depository**") for Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and Clearstream, Luxembourg) or to a sub-custodian nominated by the HKMA as operator of the CMU (in the case of Notes to be cleared through the CMU), and (ii) if the Bearer Global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

French Law Securities will be in dematerialised bearer form (*au porteur*) and will be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Holders. No physical document of title will be issued in respect of French Law Securities. French Law Securities have been accepted for clearance through Euroclear France, and through Euroclear France as an intermediary into Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Where the Bearer Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Bearer Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global Notes are to be so held does not necessarily mean that the Bearer Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

FORM OF THE NOTES

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Temporary Bearer Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or received by the CMU Lodging Agent (in the case of Notes cleared through the CMU).

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused. Notwithstanding the foregoing, if the Temporary Bearer Global Note is held by or on behalf of the HKMA as operator of the CMU, the CMU may require that exchange for interests in the Permanent Bearer Global Note is made in whole but not in part and, in such event, no such exchange will be effected until all persons appearing in the records of the CMU as entitled to an interest in the Temporary Bearer Global Note have been so certified.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 8) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or the CMU (in the case of Notes cleared through the CMU) have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 17 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Principal Paying Agent (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or any holder of an interest in such Permanent Bearer Global Note may give notice to the CMU Lodging Agent (in the case of Notes cleared through the CMU) requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Principal Paying Agent or the CMU Lodging Agent, as the case may be, requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent or the CMU Lodging Agent, as the case may be. If the Bearer Global Note is a NGN, the relevant Issuer shall procure that details of such exchange be entered pro rata in the records of the relevant clearing system.

FORM OF THE NOTES

In the event that the Permanent Bearer Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in the minimum Specified Denomination only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of the Specified Denomination may need to purchase or sell, on or before the Exchange Date, a principal amount of Notes such that their holding is an integral multiple of the Specified Denomination.

The following legend will appear on all Permanent Bearer Global Notes and definitive Bearer Notes, receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, Receipts or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bearer Notes, Receipts or Coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg or the CMU, as the case may be.

Italian Dematerialised Notes

If the Notes are specified in the applicable Final Terms as Italian Dematerialised Notes, the Notes are issued in bearer form (*al portatore*) and under the dematerialised regime, pursuant to the Italian legislative decree no. 58/1998 (as amended and implemented by subsequent implementing provisions) and the relevant implementing regulations and are registered in the books of Monte Titoli S.p.A. with registered office in Piazza degli Affari 6, Milan ("**Monte Titoli**"). No physical document of title is issued to represent the Italian Dematerialised Notes. However, the holder of the Italian Dematerialised Notes still has the right to obtain the release of the certificate pursuant to articles 83-quinquies and 83-novies, paragraph 1, letter b), of the Italian legislative decree no. 58/1998 (as amended and implemented by subsequent implementing provisions). Italian Dematerialised Notes issued under the Programme will be in dematerialised form and evidenced at any time through book entries pursuant to the relevant provisions of Italian legislative decree no. 58/1998, as amended and integrated by subsequent implementing provisions, and in accordance with CONSOB and Bank of Italy Joint Regulation dated 22 February 2008, as amended and integrated by subsequent implementing provisions. In no circumstance would physical documents of title be issued in respect of the Italian Dematerialised Notes. While the Italian Dematerialised Notes are represented by book entries, investors will be able to trade their beneficial interests only through Monte Titoli S.p.A. ("**Monte Titoli**") and the authorised financial intermediaries holding accounts on behalf of their customers with Monte Titoli. As the Italian Dematerialised Notes are held in dematerialised form with Monte Titoli, investors will have to rely on the procedures of Monte Titoli and the financial intermediaries authorised to hold accounts therewith, for transfer, payment and communication with the relevant Issuer or Guarantor.

The transfer of Italian Dematerialised Notes operates by way of registration on the accounts opened with Monte Titoli by the intermediaries adhering to the clearing system. As a consequence, the subject who from time to time is the owner of the account held with an intermediary adhering, directly or indirectly, to Monte Titoli, on which the Italian Dematerialised Notes are credited, is considered as the legitimate owner of the Italian Dematerialised Notes and is authorised to exercise all rights related to them.

Payments of principal and interest (if any) in respect of the Italian Dematerialised Notes will be credited, according to the instructions of Monte Titoli, by the Italian Agent on behalf of the relevant Issuer or Guarantor to the accounts of those intermediaries adhering to the clearing system whose accounts with Monte Titoli are credited with those Italian Dematerialised Notes and thereafter credited by intermediaries adhering to the clearing system from such aforementioned accounts to the accounts of the beneficial owners of those Italian Dematerialised Notes.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States only, will initially be represented by a global note in registered form, without Receipts or Coupons, (a "**Registered Global Note**") which will be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or deposited with a sub-custodian nominated by the HKMA as operator of the CMU and registered in the name of the HKMA in its capacity as operator of the CMU (in the case of Notes cleared through the CMU). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of the Notes, beneficial interests in a Registered Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 1.2 and such Registered Global Note will bear a legend regarding such restrictions on transfer.

Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register (as defined in Condition 1.1) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor (if applicable), any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without Receipts, Coupons or Talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg) or the CMU (in the case of Notes cleared through the CMU) have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 17 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the CMU (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg or the CMU, in each case to the extent applicable.

Applicable Final Terms

The Final Terms will contain the information items permitted under Article 26(2) and 26(3) of Commission Delegated Regulation (EU) 2019/980 of 14 March 2019 (the "**Prospectus Delegated Regulation**").

- BNPPF makes itself available to its customers through the Easy Banking Centre, which handles up to 70,000 customer calls per week.

Key developments in 2024

In 2024, Retail Banking officially launched two service models: Easy Go, in which customers' main physical point of contact is a post office branch, and Easy Guide, in which it is a BNPPF branch. In 2024, Retail Banking continued to pursue its commercial priorities, while focusing on living up to the brand promise of being a trusted *partner to our customers*.

A more accessible and proactive bank

Throughout 2024, BNPPF continued its efforts to support both individual and business customers, aiming to be more accessible and proactive. Those efforts included:

- supporting the bank's new customers after the integration of bpost bank and BNPPF customers who use post offices;
- informing customers about changes in fees and charges relating to Easy Go and Easy Guide pack options that became chargeable in January 2025.

BNPPF also clarified information about how to book appointments online by overhauling the structure and content of the Easy Banking Web site and the Easy Banking App.

Protecting our customers, today and tomorrow

As regards insurance and pensions, Retail Banking concentrated on increasing take-up among individual customers of non-life insurance products such as Top Home, Top Familiare and Top Auto, but also on promoting Homiris, a solution that allows customers to install an alarm system at an attractive price and also entitles them to a discount on their home insurance.

DESCRIPTION OF BNPPF

For business customers, the Bank focused on business starters by promoting our Protect Tool, which provides an overview of recommended insurance products based on customers' specific business activity. We also continued our media campaigns about the advantages of Modulis, which combines non-life business insurance policies within a single package – including tailored packs for certain professions that cover their specific business activities – and offers discounts when customers take out several products.

Retail Banking maintained efforts to encourage customers to take out pension products via customer acquisition campaigns and additional efforts to reach a wider audience via social media. In pensions the focus was on optimising contracts and premiums for business customers, ensuring that they receive the largest possible pension according to their current income, while campaigns for individual customers emphasised digital solutions allowing them to apply for products easily online.

BNPPF also focused on 'Financial Well Being', offering customers financing solutions for works to refurbish and insulate their homes. The BNPPF also provided specific support for property owners' associations, including a webinar with our experts. Particular attention was paid to customers who are young adults and those in financial difficulties, contacting them proactively in order to offer them appropriate solutions. To do that, BNPPF developed and honed predictive data mining models. Transport was also the theme of a number of campaigns and initiatives to help customers find the most suitable solution taking into account changes in taxation. They involved BNPPF's subsidiary Arval as well as Touring CarSelect, a new digital platform on which customers can find a wide range of reliable second-hand or in-stock new cars, offered exclusively by approved dealers.

In line with the strategy BNPPF has been pursuing in the last two years, the BNPPF continued efforts to help and encourage entrepreneurs setting up their own business. As part of this effort, a partnership with non-profit MolenGeek was finalised, which has bases in Brussels, Antwerp and Charleroi in which it provides training for young people seeking to move into the digital professions. Many of those young people start work as freelancers after completing their training. Through our partnership, MolenGeek offers its students a financial training module and brings BNPPF closer to those young people through links with their local branches.

BNPPF developed a major partnership with Partena Professional – a provider of business administration services – to make it easier for entrepreneurs to start a business.

In addition, BNPPF continued its media strategy, investing in both the BNPPF and Hello bank! brands, in order to promote our solutions and approaches in an integrated way among pre-starters and starters. Close attention was paid to young people by producing videos providing financial advice in a language they can understand and making them available on the social media platforms they use the most.

BNPPF's marketing and communications aimed at business starters resulted in a bronze Effie Award, which acknowledged the successful positioning of its services through the concept of the 'independent freelancer'.

Focus on investment solutions

The Belgian 'state bond' savings certificate launched in September 2023 proved very popular with BNPPF's investors. The key challenge for BNPPF's investment activities in 2024 was to ensure re-investment of customer proceeds of their maturing one-year certificates into BNPPF products. A number of campaigns were held aimed at informing customers about the various investment options available, depending on their risk tolerance, their ability to tie up their savings for a certain period and their desire to maintain yields while limiting the tax and investment fees they pay. BNPPF also offered new products to encourage customers to reinvest with BNPPF.

BNPPF began to discontinue Investment Advice and Portfolio Advice contracts in 2023, and the process was completed in 2024. They have been replaced with Serenity and IRIS contracts, which offer a better digital experience for customers and our staff because contract set-up and advice largely take place digitally. Customers

receive quarterly reports via Easy Banking Web. Customers concerned by the changeover were contacted several times in order to discuss it with them.

Affluent & Private Banking

The Affluent & Private Banking segment covers BNPPF's Priority Banking, Private Banking and Wealth Management services, which are all based on close collaboration between clients and their relationship managers. BNPPF's service model includes a new approach to relationships: clients can entrust their private and business banking needs to a single relationship manager.

With the introduction of BNPPF's New Commercial Organisation, Priority Banking, Private Banking and Wealth Management clients can have a single contact person for all of their private and business banking needs. In 2024, Affluent & Private Banking maintained its efforts to build partnerships with its customers and strengthen BNPPF's position as a trusted financial partner. Affluent & Private Banking completely overhauled the way it onboards Priority Banking customers in light of the new way in which business customers are organised and included within this segment. Customer events such as Expertise Days and an Economic Outlook event were held to build relationships with Priority, Private Banking and Wealth Management customers. There was a particular focus on strengthening ties with the children of Wealth Management customers. Two programmes were launched in pursuit of that goal. The first was aimed at young people aged 18-24. A series of videos was produced, offering an entertaining introduction to the world of finance with themes such as 'a bank's role in the economy', 'targeted investing' and 'how to start investing'. Older children were invited to two events addressing themes likely to interest them, with the aim of building a community.

BNPPF's expertise widely recognised

BNPPF received several awards for its quality of service to its customers in 2024. The bank was voted "Best bank in Belgium", "Best investment bank in Belgium" and "Belgium's best bank for ESG" by *Euromoney*, "Bank of the year in Belgium" by *The Banker*, and "Best private bank in Belgium" by *Global Finance*.

BNPPF 2024 Financial Results

BNPPF's consolidated net income attributable to equity holders in 2024 amounted to EUR 2,919 million. Compared to 2023, the reported evolution of the net income attributable to equity holders showed a decrease of -6 per cent.

When excluding the retreated items for the scope changes, the foreign exchange effects and the other one-off results, the underlying evolution of the net income attributable to equity holders showed a decrease of -8 per cent..

The below analysis focuses on the underlying evolution. The consolidation scope includes BNPPF in Belgium, BGL BNP Paribas in Luxembourg, Turk Ekonomi Bankasi in Türkiye, Arval & Leasing Solutions and others.

Decrease of revenues driven by Arval second-hand car prices normalisation

BNPPF revenues in 2024 were lower than in 2023 mainly due to lower margins on deposits combined with the decreasing average deposits volumes (following the negative impact of the issuance of the Belgian government bond in the third quarter of 2023), the non-remuneration of the mandatory reserves and a strong pressure on the margins on loans, partly mitigated by the one-off impact of the loss on the TLTRO hedging swap in 2023. The revenues of the Corporate & Institutional Banking business were lower compared to the strong results of 2023 due to market activities for clients and to the lending activities.

At BGL BNP Paribas, the Commercial & Personal Banking revenues increased thanks to a higher net interest income supported by higher margins on deposits and despite lower volumes. The net commission income was also higher than in 2023.

The lower consolidated revenues were significantly driven by the decreasing results at Arval. The lower results at Arval were mainly driven by the normalisation of the prices of the second-hand vehicles compared to an exceptionally high level of prices in the previous years consequently to the covid-crisis, partly mitigated by a growth of the organic revenues at Arval (+18%) with an improving financial margin supported by the further

expansion of the financed fleet by +5.6%. At Leasing Solutions, there was also a strong expansion of the financed outstandings supporting higher revenues combined with higher margins.

Revenues decreased at TEB mainly impacted by lower results coming from market activities for clients compared to exceptionally high results in 2023 in a context of high volatility in interest rates and currency exchange rates. The net interest margin increased supported by higher volumes and margins on customer loans and deposits.

Contained costs increase still impacted by inflation

At BNPPF and BGL BNP Paribas, costs were contained thanks to strict cost management. The growth of the costs was mainly driven by Arval, where the staff expenses and the other operating expenses, still impacted by inflation, were increasing to support the continuous business development and the growth of the activities.

There was a strong increase of the costs at TEB, resulting from an economy still in hyperinflation (inflation level for 2024 at 59.8%), which substantially impacted the increasing staff expenses and other operating expenses.

Gross operating income at EUR 4,652 million

The gross operating income stood at EUR 4,652 million, decreasing by -9 per cent.. The cost income ratio deteriorated from 52.1% in 2023 to 54.8% in 2024.

Prudent risk profile reflected in a low cost of risk at 15bp

At BNPPF and at BGL BNP Paribas, there was an overall increase in the cost of risk, still remaining at a low level, with increasing provisions on non-performing loans while there was a net release on performing loans.

The increase in the cost of risk at Arval was mainly related to the growth of the financed outstandings.

The cost of risk at TEB increased driven by higher non-performing loans compared to an exceptionally low level in 2023.

The consolidated operating income decreased by -10 per cent.

The share of earnings of equity-method entities amounted to EUR 465 million in 2024 compared to EUR 311 million in 2023. The increase is explained mainly by the evolution of the participations held in BNP Paribas Asset Management and BNP Paribas Bank Polska.

The pre-tax income decreased by -11.5 per cent. compared to 2023.

The corporate income taxes amounted to EUR 1,160 million in 2024, a decrease of -21.7 per cent. compared to 2023. In 2024, the effective tax rate stood at 29 per cent., versus 31% in 2023.

The net income attributable to equity holders amounted to EUR 2,919 million, a decrease of -5.7 per cent. compared to 2023.

Solid balance sheet and financial structure

The consolidated balance sheet totalled EUR 379.8 billion on 31 December 2024, an increase of EUR 5.9 billion compared to 31 December 2023, of which EUR 228 billion of customer loans increasing by EUR 15.4 billion and of which EUR 211.4 billion of customer deposits increasing by EUR 9.1 billion.

The consolidated Common Equity Tier 1 ratio remained solid and stood at 14.0%, compared to 16.2% as of 31 December 2023. The decrease of the ratio, despite an increasing Common Equity Tier 1 regulatory capital, is

explained by a higher amount of risk weighted assets mainly driven by the credit risk in relation with the growth of customer loans and following the reconsolidation of Arval in the prudential scope as from the 1st of July 2024.

The non-consolidated Liquidity Coverage Ratio stood at 139 per cent. compared to 118 per cent. as of 31 December 2023.

Strategy and objectives

On 8 February 2022, the BNP Paribas Group presented the main areas and priorities of its strategic plan for 2025, called "Growth, Technology & Sustainability 2025", as well as its financial ambitions. This presentation is available on the investors' website <https://invest.bnpparibas.com>.

Growth, Technology & Sustainability 2025

The BNP Paribas Group has built an integrated and diversified model that has proven its performance in all environments.

This model translates in an organisation based on three pillars, integrated to focus on the needs of clients and partners: Corporate & Institutional Banking; Commercial and Personal Banking and Services, which encompasses all the Group's Commercial and personal banking as well as specialised businesses such as BNP Paribas Personal Finance or Arval; and Investment and Protection Services, which brings together Wealth and Asset Management businesses and Insurance.

Leveraging the strengths of its platforms and favourably positioned client franchises with the full benefit of its integrated and transformed operating model, the BNP Paribas Group aims to deliver profitable growth, while making technology and industrialisation a hallmark of its development, scaling up sustainable finance and social and environmental responsibility, as well as developing its employees' potential and engagement.

Accordingly, and building on the strength of its model, the BNP Paribas Group aims to maintain disciplined organic growth while gaining market share at marginal cost, thus generating new growth opportunities and substantial economies of scale.

The BNP Paribas Group thus reaffirms the importance and relevance of the pillars that have structured its development and its value creation model, with the objective of ensuring that growth in revenues outstrips growth in operating expenses and growth in risk-weighted assets, along with a return on tangible equity above the cost of capital in 2025.

In 2025, the BNP Paribas Group confirmed its ROTE trajectory out to 2026 while specifying a number of objectives such as:

- Revenues: average growth rate above 5% (including the AXA IM project) and ~+4% (excluding the AXA IM project) for 2024-2026;
- Jaws effect: ~+1.5 point/year on average for 2024-2026;
- Cost of risk: below 40 bps in 2025 and 2026;
- Net income: average growth rate greater than 7% for 2024-2026
- Earnings Per Share: average growth rate greater than 8% in 2024-2026;
- Pre-FRTB CET1 ratio: ~12.3% as of 31/12/2025 and 31/12/2026 after the ongoing acquisitions;

- 2025 ROTE: 11.5%; 2026 ROTE: 12%.

Statement of the Board of Directors on the Corporate Governance Charter

BNP Paribas Fortis SA/NV is a limited liability company, incorporated under Belgian law. It qualifies as credit institution and as an organisation of public interest, according to the Belgian Code of Companies and Associations (the "CCA").

Although BNPPF is not a listed company as defined by the applicable legislation, it issues debt securities that are listed on a regulated market in the meaning of article 2, 3° of the law of 2 August 2002 (as amended) regarding the supervision of the financial sector and financial services. In addition, but without the involvement of BNPPF itself, its shares are traded from time to time on a multilateral trading facility in the meaning of article 2, 4° of the same law of 2 August 2002.

Taking into account the above, BNPPF has drafted and approved its Corporate Governance Charter that covers certain requirements set forth by article 75, §1, second alinea of the law of 25 April 2014 on the statute and supervision on credit institutions and stockbroking firms (the "**Banking Law**").

This Corporate Governance Charter has been created in accordance with the abovementioned references, as well as with the European Banking Authority ("**EBA**") Guidelines EBA/GL/2021/05 on internal governance and the related National Bank of Belgium ("**NBB**") circular NBB_2021_28.

In accordance with article 3:8 of the CCA and article 1 of the Royal Decree of 12 May 2019 designating the corporate governance Code to be applied by listed companies, BNPPF decided to apply to the extent possible the "Belgian Corporate Governance Code 2020" (the "**2020 CG Code**").

The 2020 CG Code is available at <http://www.corporategovernancecommittee.be>.

More specifically, this Corporate Governance Charter contains information on (i) the shareholders' structure, (ii) the group to which BNPPF belongs, (iii) the corporate bodies of BNPPF, and (iv) the internal control organisation, (v) the principles governing its integrity code and the management of conflicts of interest; and (vi)

the main business continuity principles. A view is furthermore given on the Secretary General's Office and on the Auditors.

For all other matters as referred to in article 75, §1, second alinea of the Banking Law, reference is made to the annual report and Corporate Social Responsibility report of BNPPF.

BNPPF's Corporate Governance Charter is available at www.bnpparibasfortis.com.

Potential material impacts of corporate governance

BNPPF does not foresee any potential material changes for corporate governance, including future changes in the board and committees composition.

7. Trend information

Macroeconomic environment

Given the nature of BNPPF's business, BNPPF and its results are particularly sensitive to macroeconomic and market conditions in Europe.

In 2024, global activity continued to grow at a moderate pace. According to the latest IMF estimates of January 2025, World GDP grew by 3.2 per cent. (compared to 3.3 per cent. the previous year). In the Eurozone, activity picked up in 2024, with growth estimated to reach 0.8 per cent. (compared to 0.4 per cent. the previous year). The recovery should continue at a moderate pace in 2025, due in particular to the positive impact of disinflation on real incomes and consumption and the gradual easing of monetary conditions. However, its size will remain limited by the expected tightening of budgetary policies.

Inflation continued to slow down in the course of 2024, getting closer to main central banks targets. The latter started their rate reduction cycle during the year. This monetary policy adjustment is expected to continue in the first part of 2025.

Long-term interest rates reached levels in 2023-2024 not seen for more than a decade and are expected to remain relatively high for some time.

In this context, the following points of attention can be identified:

Important information related to high inflation, supply chain disruptions and tensions on commodity markets

After reaching very high levels following the health crisis and in the context of the war in Ukraine, inflation has dropped significantly in most economies in 2023-2024. Nevertheless, potential upside risks remain:

- geopolitical risks can trigger spikes in energy, food and transportation prices. They can also cause tensions on supply chains, for example through export restrictions, disruptions to shipping or sanctions, which are likely to have effects on both prices (upwards) and the level of production (downwards);
- trade tariffs could be raised significantly, in the light of recent and political debates;
- weather-related events can lead to higher food prices and also cause disruptions to production, transport or supply chains.

On top of these exogenous risks, labour market tensions, when high, are susceptible to generate second-round effects and disseminate these price increases to other areas.

Beyond these short-term risks, the energy transition is likely to exert upward pressure on prices in the medium term, in particular due to the carbon tax or price increases for some raw materials necessary for the transition (metals).

Important information linked to the impact of higher interest rates

The high levels of interest rates generate risks for the economy and the financial system and are susceptible to trigger unfavourable market reactions (equity market, foreign exchange, capital flows).

Sectors that are sensitive to interest rates, such as residential and commercial real estate, are more exposed than others. Businesses and households with high debt levels may find it more difficult to repay or refinance their debt. The moderate growth environment aggravates these risks.

The combination of moderate growth in activity and high interest rates is also increasing pressures on public finances, especially given the high public debt levels reached in recent years. High financing costs and persistent fiscal deficits are limiting governments' policy space, leading them to adopt less growth-friendly fiscal policies than in recent years. In addition, risks related to fiscal imbalances are susceptible to generate additional pressures (e.g., higher sovereign spreads), particularly in the euro area.

The vulnerability of some emerging economies to these risks could lead to a deterioration in the rating of these countries by agencies, which can be followed by an increase in risk premiums and debt servicing. The Group's exposure in emerging countries is limited.

Important information related to the health crisis

The threats posed by climate change and environmental degradation are substantial, endangering vital ecosystem services that are fundamental to health and healthcare infrastructure. The anticipated impacts on health stemming from climate change and the destruction of natural habitats are set to escalate, including a rise in air pollution and greater occurrence of heatwaves. The threat of compromised access to safe water and sanitation, along with an uptick in waterborne diseases due to flooding, are additional worries. Moreover:

- it is anticipated that climate change will exacerbate malnutrition as it leads to greater food scarcity;
- urban expansion, alterations in land usage, and the diminishing of natural environments are factors that drive the appearance and resurgence of pathogens, including invasive fungal diseases; and
- the warming climate also prolongs the transmission season for established illnesses such as malaria and dengue;

increased atmospheric carbon dioxide levels may lead to nutritional deficits in crops and hasten the absorption of heavy metals, which have associations with a variety of pathologies; mental health could be further compromised by escalating stress factors such as environmental anxiety, aggression, poverty, and isolation.

Furthermore, the emergence of antimicrobial resistance and diseases that transmit from animals to humans (zoonotic diseases) introduces additional complexity to prospective health challenges. The risk of new germs or re-emerging pathogens— bacteria, viruses, parasites, or fungi—that could lead to epidemics of infectious diseases difficult to control with high mortality rates and economic disruptions is amplified by the resistance that bacteria have developed to antibiotics, viruses to antiviral drugs, and fungi to antifungal treatments. The evolution of lifestyles, the aging of populations, and the decline in birth rates in certain regions will impact healthcare systems and economic production. Healthcare systems are also facing financial deficits and the migration of medical personnel to more profitable and/or less demanding sectors or regions. In this context, the increasing frequency and extent of infectious disease outbreaks, combined with chronic illnesses, could

negatively impact already overburdened healthcare systems over the next decade. Despite the lessons learned from the health crisis associated with Covid 19, a similar outbreak could result in novel breakdowns in infrastructure and supply chains, leading to significant repercussions for all involved parties.

Important information linked to geopolitical and geoeconomic fragmentation

Geopolitical risks have increased significantly in recent years. While the war in Ukraine and the conflict in the Middle East are clearly susceptible to generate significant risks for the global economy, other tensions are also worth monitoring, notably in Asia. Geopolitical tensions can weigh on the global economy through various channels, including shocks on commodity prices, financial markets, business confidence, supply chains and trade. Such developments are susceptible to lead to higher inflation developments and weaker activity developments at the same time, complicating the task of central banks. The growing use of international sanctions also increases the magnitude of potential consequences of such events.

Geopolitical tensions are contributing to some fragmentation of the global economy. Businesses and governments tend to reduce dependencies on some countries, whereas protectionist measures are more common than a few years ago. These developments look overall susceptible to weigh on growth and support inflation, notably by generating additional costs and a less efficient diffusion of technologies.

Laws and regulations applicable to financial institutions

Recent and future changes in the laws and regulations applicable to financial institutions may have a significant impact on BNPPF. Measures recently adopted or still under consideration, that have or are likely to have an impact on BNPPF notably include:

- prudential regulations: with the finalisation of Basel 3 published by the Basel Committee in December 2017, supplemented by the fundamental review of the trading book ("**FRTB**") in January 2019 and of credit value adjustment ("**CVA**") risk in July 2020, which introduces a revision of the credit risk, operational risk, market risk and CVA risk measurement in the calculation of risk-weighted assets. The new Basel framework also provides for the gradual introduction of an overall floor which will be based on standardised approaches. These measures are due to come into force once they are transposed into European law. To this end, on 27 October 2021, the European Commission published a draft transposition of the Basel Accord in the form of amendments to the Capital Requirements Regulation and the Capital Requirements Directive. The European Union Council and the European Parliament have settled their positions. Negotiations between the three institutions have been completed and adoption of the finalised text is expected to take place in the first half of 2024. This text also provides for the issuance by the EBA of a number of regulatory or implementing technical standards as well as guidelines;
- the Directive of 16 April 2014 related to deposit guarantee systems and its delegated and implementing acts, the Directive of 15 May 2014 ("**BRRD**") and its revision on 20 May 2019 ("**BRRD2**"), as well as the Regulation of 15 July 2014 ("**SRM**") and its revision of 20 May 2019 ("**SRM2**") establishing a bank recovery and resolution framework, including the determination of MREL requirements, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund;
- the Final Rule by the U.S. Federal Reserve imposing tighter prudential rules on the U.S. transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the U.S. (capitalised and subject to regulation) to hold their U.S. subsidiaries;

DESCRIPTION OF BNPPF

- the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the European Market Infrastructure Regulation ("EMIR") in Europe, notably margin requirements for uncleared derivative products, transparency and reporting requirements for derivatives transactions in securities, as well as the obligation to set off certain derivatives traded over the counter by clearing houses;
- the new Markets in Financial Instruments Directive ("MiFID 2") and the Markets in Financial Instruments Regulation ("MiFIR"); and
- the General Data Protection Regulation ("GDPR"), which came into force on 25 May 2018. This regulation aims to move the European data confidentiality environment forward and improve personal data protection within the European Union. Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This regulation applies to all banks and companies providing services to European citizens;

Moreover, in this strengthened regulatory context, the risk of non-compliance with existing laws and regulations, in particular those relating to the protection of the interests of customers and personal data, is a significant risk for the banking industry, potentially resulting in significant losses and fines. In addition to its compliance system, which specifically covers this type of risk, the BNP Paribas Group places the interest of its customers, and more broadly that of its stakeholders, at the heart of its mechanism. Thus, the code of conduct adopted by the BNP Paribas Group in 2016, updated in 2021, sets out detailed values and rules of conduct in this area.

Environmental important information

BNPPF is exposed to risks related to climate change, either directly through its own operations or for certain of its assets or indirectly through its financing and investment activities.

The two main risk factors related to climate change are as follows:

- transition risk factors resulting from a change in the behaviour of economic and financial agents in response to the implementation of energy policies, change in regulation, technological innovations or changes in consumer preferences;
- physical risk factors resulting from the direct impact of climate change on people, corporates and assets due to extreme weather events ("acute") or long-term shifts ("chronic") in climate patterns such as rising sea levels or rising temperatures.

BNPPF assesses the impacts of climate change by identifying all risk drivers linked to these two main risks factors. The way these risk factors or drivers are impacting BNPPF are called transmission channels and this allows for a precise assessment of all material risks for BNPPF. Please see Sub-Chapter 2.b of the BNP Paribas Fortis Sustainability Statements in the BNPPF 2024 Annual Report, which is incorporated into this Base Prospectus.

In line with international regulators and the Network of Supervisors and Central Banks for Greening the Financial System (NGFS), BNPPF considers the risks associated with the emergence of legal proceedings related to climate change for companies and investors, including liability risks, as a subset of physical and transition risks.

Reputational or litigation risks may also arise due to potential negative impacts that BNPPF may have, either directly or indirectly, on the climate, or if its public commitments or disclosures are not perceived as accurate by some of its stakeholders. BNPPF may face in this case potential disputes, claims for compensation, legal proceedings and therefore held liable by any stakeholder or citizen who has suffered from climate change.

BNPPF has set up a monitoring on the potential impact of these risk factors in the conduct of its business, in that of its counterparties or in its investments on its own behalf or on behalf of third parties. BNPPF thus integrates these risk factors into its risk management process and gradually strengthens their assessment, as the methodologies for measuring and analysing these factors and their impact on traditional risks, in particular, those relating to credit quality, are developed. Please see Sub-Chapter 2.b of the BNP Paribas Fortis Sustainability Statements in the BNPPF 2024 Annual Report, which is incorporated into this Base Prospectus.

Important information relating to cyber security and technology

BNPPF's ability to do business is intrinsically tied to the fluidity of electronic transactions as well as the protection and security of information and technology assets.

The technological change is accelerating with the digital transformation and the resulting increase in the number of communications circuits, dependency on systemic technological infrastructure, proliferation in data sources, growing process automation, and greater use of electronic banking transactions.

The progress and acceleration of the technological changes needed to respond to customer requirements are giving cybercriminals new options for altering, stealing and disclosing data. Attacks are more frequent, with a bigger reach and sophistication across all sectors, including financial services. Besides, in the current context of geopolitical tensions and development of hybrid war, cyber threat is heightened.

The outsourcing of a number of processes is also likely to expose the BNP Paribas Group to structural cybersecurity and technology risks which can lead to the appearance of potential attack vectors that cybercriminals can exploit.

In this context, the BNP Paribas Group has reinforced its lines of defence dedicated to managing technological and cybersecurity risks and operational standards are regularly adapted to support BNPPF's digital evolution and innovation while managing existing and emerging threats (such as cyber-crime and espionage).

Important information relating to emerging Risks

An emerging risk is defined as a new or evolving risk which potential impact could be material in the future but is currently not fully known or is difficult to quantify.

The BNP Paribas Group identified emerging risks related to technological innovations, the evolving regulatory environment, as well as certain health, demographic and societal risks.

Evolutions in insurance and reinsurance markets

Insurance and reinsurance are crucial, notably, for managing disaster related financial risks. They facilitate risk sharing, cover damage and loss expenses, and aid in economic recovery after disasters by providing necessary funds for rebuilding efforts. Countries with well developed insurance markets tend to recover more swiftly and efficiently from disasters.

With the increasing frequency and severity of extreme weather events due to climate change (such as floods, wildfires and storms), there is a potential risk in the coming years that:

- insurance premiums rise significantly;
- exceptions in insurance contracts flourish;
- the insurability of certain risks in specific regions is challenged, potentially leading to the termination of some risk covers and the emergence of insurance deserts;

DESCRIPTION OF BNPPF

- reinsurance capacity decline, making it harder for insurers to transfer excess risk.

Therefore, banks should critically evaluate the long term effectiveness of insurance protections as mitigants for potential direct or indirect losses, all the more that the capacity of states to compensate for lack of insurance protection scheme is jeopardised by deteriorated public finance situations.

Beyond climate related risks, insurers must also manage a variety of emerging risks, including:

- evolving threats from terrorism and cyber attacks;
- vulnerabilities related to high interest rates and economic downturns impacting insurance profitability;
- exposure to geopolitical turmoil and social unrest;
- technology related risks, which require insurers to invest in IT security and understand the implications of artificial intelligence on their operations and business models;
- keeping up with regulatory changes and ensuring compliance is essential to avoid unexpected losses and maintain market stability.

The fundamental trend of the evolution of insurance and reinsurance markets conditions the ability of economic agents to transfer and mutualise risks. It has to be considered together with the capacity of States to replace insurers and reinsurers or to structure guarantee schemes that will ensure a continuation of the protections.

Technological innovations

Technological developments introduce new kinds of risks, altering how people perceive information and truth (evidenced by the rise of the "post truth" concept), reality, and standardised behaviours, which can rapidly influence certain markets. The anticipated advancements in quantum computing present substantial risks to data security and existing encryption methods, making the shift to post quantum cryptography essential.

The financial sector is witnessing transformative shifts due to the rise of decentralised finance, digital assets based on blockchain technology, and the creation of digital currencies by central banks, all of which could structurally alter the banking industry. In light of these trends, BNPPF's competitive landscape is being transformed. The emergence of fintechs, significant companies investing in the financial space like GAFAM & BigTechs (Google, Apple, Facebook, Amazon, Microsoft), and other technological breakthroughs are disrupting traditional business models. These forces are shifting the focus towards enhancing customer experiences and employing new technologies to lower costs in less valuable operations. To remain relevant in this dynamic environment of changing value chains and heightened security needs for information systems and data, BNPPF is implementing a proactive strategy. This includes fostering industrial collaborations with fintech entities.

Evolving regulatory environments

In addition to the regulatory measures recently adopted or pending adoption, and already cited as top risks, the trend towards increasing complexity of the banking regulatory environment and associated supervision, as well as regional divergences, induces relative uncertainty about future developments, compliance costs, and the risk of proper execution of various measures. BNPPF has established an active monitoring system for its regulatory environment, enabling it to minimise these risks.

Possible future divergence by type of regulated entity, for example, depending on their degree of innovation, may introduce risk of a competitive nature.

Health

The threats posed by climate change and environmental degradation are substantial, endangering vital ecosystem services that are fundamental to health and healthcare infrastructure. The anticipated impacts on health stemming from climate change and the destruction of natural habitats are set to escalate, including a rise in air pollution and greater occurrence of heatwaves. The threat of compromised access to safe water and sanitation, along with an uptick in waterborne diseases due to flooding, are additional worries.

Moreover:

- it is anticipated that climate change will exacerbate malnutrition as it leads to greater food scarcity;
- urban expansion, alterations in land usage, and the diminishing of natural environments are factors that drive the appearance and resurgence of pathogens, including invasive fungal diseases. The warming climate also prolongs the transmission season for established illnesses such as malaria and dengue;
- increased atmospheric carbon dioxide levels may lead to nutritional deficits in crops and hasten the absorption of heavy metals, which have associations with a variety of pathologies;
- mental health could be further compromised by escalating stress factors such as environmental anxiety, aggression, poverty, and isolation.

Furthermore, the emergence of antimicrobial resistance and diseases that transmit from animals to humans (zoonotic diseases) introduces additional complexity to prospective health challenges. The risk of new germs or re-emerging pathogens—bacteria, viruses, parasites, or fungi—that could lead to epidemics of infectious diseases difficult to control with high mortality rates and economic disruptions is amplified by the resistance that bacteria have developed to antibiotics, viruses to antiviral drugs, and fungi to antifungal treatments.

The evolution of lifestyles, the aging of populations, and the decline in birth rates in certain regions will impact healthcare systems and economic production. Healthcare systems are also facing financial deficits and the migration of medical personnel to more profitable and/or less demanding sectors or regions.

In this context, the increasing frequency and extent of infectious disease outbreaks, combined with chronic illnesses, could negatively impact already overburdened healthcare systems over the next decade.

Despite the lessons learned from the health crisis associated with COVID 19, a similar outbreak could result in novel breakdowns in infrastructure and supply chains, leading to significant repercussions for all involved parties.

Demographic issues

Demographic transition (i.e., a decrease in fertility rate and/or increase in life expectancy) is a major underlying development in many countries. In the years and decades to come, it will have a significant impact on economic growth, but also on health and retirement budgets, and on savings and consumption behaviour.

Societal issues

The widening wealth gap, societal polarisation, and social unrest highlight a complex interplay of economic, social, political and geopolitical issues that can lead to economic downturns and fewer business opportunities. Inequalities have intensified over the past years, with inflation eroding purchase powers, exacerbating job losses consequences and economic strain, particularly affecting the less affluent and fuelling populist movements. Disinformation is a key driver of societal polarisation, which risks triggering economic and political instability, as trust in government and media declines. This fragmentation and loss of social cohesion threaten social stability

DESCRIPTION OF BNPPF

and economic productivity, driven by factors such as debt crises, state instability, cost of living issues, unemployment, climate migration, digital divides, and algorithmic biases.

The increasing divide between rich and poor poses significant political challenges and can ignite social unrest, disrupting infrastructure and services. Coupled with other risk factors— technological, economic, and environmental—this increase in inequalities fosters the development of illicit activities and the growth of organised crime, further destabilising societies.

State fragility, fuelled by climate change, conflicts, and economic hardship, creates a governance gap where transnational organised crime can flourish. Corruption exacerbates this issue, allowing criminal networks to control transportation hubs, law enforcement, and parts of the public sector, thereby undermining the rule of law and weakening economic growth. Environmental crimes, such as illegal logging and fishing, drive forced labour and human rights abuses, while socioeconomic vulnerabilities heighten exposure to criminal networks.

Polarisation on various issues has marked recent political events, leading to economic slowdowns, civil unrest, and deeper political divisions, which threaten democratic stability. It highlights social discontent over inequality and perceived policy failures.

Financial institutions and companies must be mindful of societal expectations.

Beyond responses designed to meet its customers' changing needs, the BNPPF is, on a more general basis, adapting its responses to the expectations of the society in which it operates in terms of how it conducts its business, respect for human rights and environmental protection.

The BNP Paribas Group Code of conduct defines standards of conduct in line with the values and missions determined by the Bank.

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Clearstream, Luxembourg, Euroclear, Euroclear France or Monte Titoli (together, the "**Clearing Systems**") currently in effect and subject as provided in the applicable Final Terms. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of BNPP B.V., BNPP, BP2F, BNPPF or any agent party to the Note Agency Agreement will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Clearstream, Luxembourg and Euroclear

Clearstream, Luxembourg and Euroclear each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Clearstream, Luxembourg and Euroclear provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg and Euroclear also deal with domestic securities markets in several countries through established depository and custodial relationships. Clearstream, Luxembourg and Euroclear have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Clearstream, Luxembourg and Euroclear customers are worldwide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Clearstream, Luxembourg and Euroclear is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

Euroclear France

Euroclear France holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between its respective account holders. Customers of Euroclear France are worldwide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations.

Monte Titoli

Monte Titoli S.p.A. has been authorised to operate the settlement services by the Bank of Italy, which directly managed a securities settlement procedure in the past.

The Centralised Administration Service is carried out by Monte Titoli as the sole Italian Central Securities Depository.

Any type of non-derivative financial instrument, whether Italian or foreign, can be admitted to Monte Titoli's system and registered by means of book entries without any physical movement and with high standards of security and efficiency.

Nearly all the centralised securities are booked in dematerialised form. Financial instruments that still exist in paper form are represented by global or jumbo certificates.

Both Italian and non-resident intermediaries, issuers, or clearing and settlement institutions may participate in Monte Titoli's Centralised Administration Service.

Transfers of Securities Represented by Global Securities

Transfers of any interests in Securities represented by a Global Security within, Clearstream, Luxembourg, Euroclear, Euroclear France, and/or any other clearing systems as may be applicable will be effected in accordance with the

BOOK-ENTRY CLEARANCE SYSTEMS

customary rules and operating procedures of the relevant clearing system. The laws in some states within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. On or after the issue date for any Securities, transfers of such Securities between account Holders in Clearstream, Luxembourg, Euroclear and/or any other clearing system as may be applicable will generally have a settlement date two business days after the trade date (T+2). The customary arrangements for delivery versus payment may apply to such transfers.

For cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and/or any other clearing system as may be applicable, participants will need to have an agreed settlement date between the parties to such transfer. In the case of cross-market transfers, settlement between Clearstream, Luxembourg, Euroclear and/or any other clearing systems as may be applicable accountholders and Direct Participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

Clearstream, Luxembourg, Euroclear and any other clearing system as may be applicable have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities among participants and accountholders of Clearstream, Luxembourg, Euroclear and any other clearing systems as may be applicable. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuers, any Agent will be responsible for any performance by Clearstream, Luxembourg, Euroclear or any other clearing system as may be applicable or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Securities.

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp and other taxes or documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

EU financial transaction tax

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the relevant Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the relevant Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The relevant Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Securities and therefore this may result in investors receiving less than expected in respect of the Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate and/or participating member states may decide to withdraw. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

No Gross-Up in respect of certain Series of Notes

If the applicable Final Terms specify that Condition 6.3 (*No Gross-up*) of the Terms and Conditions of the Notes is applicable, the Issuer or, as applicable, the Guarantor is not obliged to gross up any payments in respect of the Notes and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Security and all payments made by the Issuer or, as applicable, the Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

BELGIAN TAXATION

The following summary describes certain Belgian tax consequences with respect to the holding of the Notes issued under this Base Prospectus and obtained by an investor pursuant to an offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes. In some cases, different rules may be applicable. Furthermore, the tax rules can be amended in the future, possibly with retroactive effect, and the interpretation of the tax rules may change.

This summary is based on the Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of this Base Prospectus, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect. Without any prejudice to the foregoing, we note that the new Belgian federal government has announced several tax measures in its governmental agreement which may potentially impact the tax overview set out below. By way of example (but in no way exhaustive), the agreement mentions the introduction of a 10% tax on capital gains on financial assets realised by Belgian tax resident individuals (the so-called 'solidarity contribution'). An exemption of EUR 10,000 should apply to all investors and special rules should be introduced for holders of substantial participations of at least 20%. Any capital losses on financial assets realised by the holder should be offsettable against the capital gains of the same year.

This summary does not describe the tax consequences for a holder of Notes that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Notes and/or any tax consequences after the moment of exercise, settlement or redemption.

Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes taking into account the influence of each regional, local or national law.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

1. Structured Notes

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the performance of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the Issuer) results in taxation as interest income of the "pro rata interest", calculated based on a formula. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to Notes issued pursuant to this Base Prospectus (the "**Structured Securities**").

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "pro rata interest" in case of sale to a third party (i.e. other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "pro rata interest".

1.1 Repayment or redemption by the Issuer

- (i) Belgian resident individual investors

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular when individuals resident in Belgium acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

Payments of interest (as defined by Belgian tax laws) on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

(ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian corporate investors on the Structured Securities will be subject to Belgian corporate income tax at the current ordinary corporate income tax rate of 25 per cent. (with a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). The rate of the foreign tax credit could be impacted by applicable double taxation agreements concluded by Belgium. Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992 ("*koninklijk besluit tot uitvoering van het wetboek van de inkomstenbelastingen 1992/arrêté royal d'exécution du code des impôts sur les revenus 1992*", the "**RD/BITC92**"). The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

(iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

(iv) Non-resident investors

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/Impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest payments on the Structured Securities made through a financial institution or other intermediary established in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium, unless a reduced rate or an exemption applies on the basis that the non-resident investor is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

In addition, non-resident corporate investors who have not allocated the Structured Securities to a Belgian establishment can also rely on an exemption from Belgian withholding tax on interest in respect of the Structured Securities if certain conditions are met. No other Belgian income tax will be payable by these investors. If the income is not collected through a professional intermediary in Belgium, no Belgian withholding tax will be payable.

Non-resident corporate investors who have allocated the Structured Securities to the exercise of a professional activity in Belgium through a permanent establishment are in principle subject to the same tax rules as the Belgian resident corporate investors (see "*Repayment or redemption by the Issuer – Belgian resident corporate investors*" above).

1.2 Sale to a third party

No Belgian withholding tax should apply to the sale of the Structured Securities.

(i) Belgian resident individual investors

Individuals who are holders of Structured Securities and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are currently not liable for Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are deductible under certain conditions.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the

Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

(ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are liable for Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 25 per cent. (with a reduced rate of 20 per cent, applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies).

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

(iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*"), are currently not liable for Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

(iv) Non-resident investors

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Notes in Belgium.

Non-resident individuals who do not use the Structured Securities for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Securities to Belgium, will be subject to tax in Belgium if the capital gains are obtained or received in Belgium and are deemed to be realised outside the scope of the normal management of the individual's private estate. Capital losses are generally not deductible.

Otherwise, capital gains realised upon disposal of the Structured Securities by non-residents that have not acquired and do not hold the Structured Securities in connection with a business conducted in Belgium through a fixed base in Belgium or a Belgian permanent establishment are, in principle, not subject to taxation in Belgium.

For non-resident investors holding the Structured Securities in connection with a business conducted in Belgium through a fixed base in Belgium or a Belgian permanent establishment, capital gains realised on the disposal of the Structured Securities are generally subject to the same tax regime as Belgian resident companies or Belgian resident individuals holding the Structured Securities for professional purposes (see "*Sale to a third party - Belgian resident individual investors*" and "*Sale to a third party – Belgian resident corporate investors*" above).

2. Other Notes

The following summary describes the principal Belgian withholding tax considerations with respect to Notes other than Structured Securities.

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": (i) periodic interest income, (ii) amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) in case of a realisation of the Notes between two interest payment dates, the pro rata of accrued interest

BELGIAN TAXATION

corresponding to the period during which the investor held the Notes in the period between the two interest payment dates. For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

(i) Belgian resident individual investors

Individuals who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*") and who hold the Notes as a private investment, are in Belgium subject to the following tax treatment with respect to the Notes.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

(ii) Belgian resident corporate investors

Corporations that are Belgian residents for tax purposes, i.e. that are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax at the ordinary corporate income tax rates (the ordinary corporate income tax rate is 25 per cent. with a reduced rate of 20 per cent, applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). The rate of the foreign tax credit could be impacted by applicable double taxation agreements concluded by Belgium. Capital losses are in principle tax deductible.

Interest payments on the Notes made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6°, b) of the RD/BITC92. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

(iii) Other Belgian legal entities

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*") are subject to the following tax treatment with respect to the Notes in Belgium.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

(iv) Non-resident investors

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Notes in Belgium.

Interest payments on the Notes made through a financial institution or other intermediary established in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium, unless a reduced rate or an exemption applies on the basis that the non-resident investor is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

In addition, non-resident corporate investors who have not allocated the Notes to a Belgian establishment can also rely on an exemption from Belgian withholding tax on interest in respect of the Notes if certain conditions are met. No other Belgian income tax will be payable by these investors. If the interest income is not collected through a professional intermediary in Belgium, no Belgian withholding tax will be payable.

Non-resident individuals who do not use the Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax interest on the Notes to Belgium, will be subject to tax in Belgium if interest is obtained or received in Belgium.

Capital gains realised upon disposal of the Notes by non-residents that have not acquired and do not hold the Notes in connection with a business conducted in Belgium through a fixed base in Belgium or a Belgian permanent establishment are in principle not subject to taxation in Belgium, unless (i) the capital gains are received or obtained in Belgium and qualify as taxable income and (ii) the non-resident has his fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Notes to Belgium.

Non-resident corporate investors who have allocated the Notes to the exercise of a professional activity in Belgium through a permanent establishment are in principle subject to the same tax rules as the Belgian resident corporate investors (see "*Notes – Belgian resident individual investors*" and "*Notes – Belgian resident corporate investors*" above).

3. Tax on stock exchange transactions

The sale and acquisition of Structured Securities and other types of Notes on the secondary market is subject to the Belgian tax on stock exchange transactions ("*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*") if (i) executed in Belgium through a professional intermediary or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is generally due at a rate of 0.12 per cent. for Notes on each sale and acquisition separately, with a maximum of EUR 1,300 per taxable transaction for Notes. A separate tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions are available, *inter alia*, for certain Belgian institutional investors and non-residents acting for their own account, subject to certain formalities. Transactions on the primary market are not subject to this tax on stock exchange transactions.

As stated above, the European Commission has published a proposal for a Directive for a FTT. The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

4. Annual tax on securities accounts

The Law of 17 February 2021 introduced the annual tax on securities accounts (the "**Annual Tax on Securities Accounts**") ("*jaarlijkse taks op de effectenrekeningen/taxe annuelle sur les comptes-titres*"). The Annual Tax on Securities Accounts is levied on securities accounts of which the average value during the reference period (i.e. a period of twelve consecutive months beginning on 1 October and ending, in principle, on 30 September of the next year), exceeds EUR 1,000,000. The Annual Tax on Securities Accounts is applicable to securities accounts that are held by resident individuals, companies and legal entities, irrespective of whether these accounts are held with a financial intermediary in Belgium or abroad. The Annual Tax on Securities Accounts also applies to securities accounts held by non-resident individuals, companies and legal entities with a financial intermediary in Belgium. However, the Annual Tax on Securities Accounts is not levied on securities accounts held by specific types of regulated entities in the context of their own professional activity and for their own account.

Investors holding the Structured Securities and other types of Notes in a securities account are also subject to the Annual Tax on Securities Accounts if the value over the reference period exceeds EUR 1,000,000.

The applicable tax rate is equal to the lower of either (a) 0.15 per cent. of the average value of the financial instruments held on the account or (b) 10 per cent. of the difference between the average value of the financial instruments held on the account and EUR 1,000,000. The tax base is the sum of the values of taxable financial instruments at different reference points in time (i.e. 31 December, 31 March, 30 June and 30 September) divided by the number of those reference points in time.

BELGIAN TAXATION

The Annual Tax on Securities Accounts needs to be withheld, declared and paid by the Belgian intermediary. Intermediaries that are not established in Belgium may, when managing a securities account subject to the Annual Tax on Securities Accounts, appoint a representative in Belgium approved by or on behalf of the Minister of Finance (the "**Annual Tax on Securities Accounts Representative**"). The Annual Tax on Securities Accounts Representative is jointly and severally liable to the Belgian State to declare and pay the Annual Tax on Securities Accounts and to fulfil all other obligations for intermediaries related thereto, such as compliance with certain reporting obligations. In cases where no intermediary has withheld, declared and paid the Annual Tax on Securities Accounts, the holder of the securities account needs to declare and pay the tax unless such holder can prove that the tax has already been withheld, declared and paid by either a Belgian intermediary or the Annual Tax on Securities Accounts Representative of a foreign intermediary.

Investors should consult their own tax advisers in relation to this Annual Tax on Securities Accounts.

BULGARIAN TAXATION

This overview is a general and not detailed discussion of certain Bulgarian tax consequences of the acquisition, ownership and disposition of Notes.

This overview does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase, own or dispose of Notes. In particular, this overview does not consider any specific facts or circumstances that may apply to a concrete owner of Notes. It is not intended to be, nor should it be considered to be, a legal or tax advice to any prospective holder of Notes. Each prospective holder of Notes should consult its tax adviser as to the Bulgarian tax consequences of the ownership and disposition of the Notes.

The statements herein regarding taxation are based on the laws in force in Bulgaria as of the date of this Base Prospectus and does not take into account any subsequent changes in the law, whether or not such changes have a retroactive effect.

Resident natural persons

The incomes of the resident natural persons are taxable subject to the provisions of the Personal Income Tax Act (the "PITA") (art. 2 of the PITA).

A resident natural person, regardless of the citizenship, is a person: (i) who has a permanent address in Bulgaria, or (ii) who resides within the territory of Bulgaria more than 183 days during any 12-month period, or (iii) who has been sent abroad by the Bulgarian state, by its bodies and / or organizations, by Bulgarian enterprises, and the members of his family, or (iv) whose centre of vital interests is in Bulgaria. The centre of vital interests is located in Bulgaria when the interests of the person are closely related to the country. The family, the property, the place from which the person carries out labour, professional or economic activity, and the place from which the person manages his property may be taken into account in the process of assessment. A natural person who has a permanent address in Bulgaria, but the centre of his vital interests is not in Bulgaria is not a resident natural person (art. 4, para. 1 of the PITA).

Resident natural persons are liable to taxes in respect to any income acquired from a source in Bulgaria or abroad (art. 6 of the PITA). Consequently, the income of the Noteholders – resident natural persons in any form, including in the form of interest payments (in case of interest bearing Notes), in the form of premium amount (in case of Notes bear such), in the form of a positive difference between the acquisition price and the price the Notes are redeemed at/the price of the underlying asset and/or in the form of a positive difference between the documented acquisition price and the sale price in case of sale of Notes (or the exchange value in case of exchange of Notes with other assets) will be taxable under the PITA and will be included in the taxable base of the annual tax declaration of the Noteholder, unless subject to a specific exemption. The Bulgarian tax law provides for specific rules on taxation of interest payments and profit of the sale/exchange of financial assets however it does not particularly deal with other cases of income generated under non-equity securities (e.g. in case of exercise of securities).

Interest payments and discounts stemming from Bulgarian corporate bonds are not taxable. The same rule applies to similar bonds issued according to the legislation of another member state of the EU or of another state which is a member of the European Economic Area (art. 13, para. 1, item 9 of the PITA). In case the resident natural persons may not benefit from the aforesaid exemption (which specifically refers to interest under bonds and not other types of debt securities) the interest income of such holders of Notes will be taxable with 10 per cent withholding tax.

Capital gains of the holders upon dispositions with Notes in the form of the positive difference between the documented acquisition price and the sale price in case of sale of the Notes (or the exchange value in case of exchange of the Notes with other assets) need to be included in the annual tax declaration of the Noteholder and will be taxable with 10 per cent income tax (art. 12 in connection with art. 13, para 1, item 2 "B" and art. 33, para 3 of the PITA).

Resident legal entities

Resident legal entities will be liable to taxes under Corporate Income Tax Act ("CITA") in respect to the taxable profit and revenues accruing from all sources in the Republic of Bulgaria and abroad (art. 3, para. 2 of the CITA).

Resident legal entities are: (i) legal entities incorporated under the Bulgarian laws and (ii) companies incorporated under Council Regulation (EC) 2157/2001 and cooperative societies incorporated under Council Regulation (EC) 1435/2003 provided that they have a registered seat in Bulgaria and are entered with a Bulgarian register (art. 3, para. 1 of the CITA).

Incomes originating from payments for the period of holding of the Notes and/or capital gains in the event of disposition with/exercise of the Notes in the form of the difference between the documented acquisition price and the sale price/the exchange value/the price the Notes are redeemed at/the price of the underlying asset in case of sale/exchange/redemption of the Notes take part in the formation of the taxable profit of the resident legal entity.

The taxable profit will be calculated on the basis of the annual financial statement of the resident legal entity subject to the provisions of the CITA. The corporate tax rate is 10 percent.

The revenues of the universal pension funds, the professional pension funds, the funds for payments of lifetime pensions and the funds for deferred payments are exempt from taxation under the CITA (art. 160, para 1 of the Social Insurance Code). The revenues from the investments of the assets of the universal pension funds and the professional pension funds allocated to the individual batches of the socially insured persons are exempt from taxation under the CITA (art. 160, para 2 of the Social Insurance Code).

The revenues of the supplementary voluntary pension funds and identical revenues originating directly from supplementary voluntary pension insurance carried out by entities from other EU member states which have the right to carry out voluntary pension insurance activities according to their national laws are exempt from taxation under the CITA (art. 253, para 1 of the Social Security Code). The revenues from the investments of the assets of the supplementary voluntary pension funds allocated to the individual batches of the socially insured persons are exempt from taxation under the CITA (art. 253, para 2 of the Social Security Code).

It should be noted that the above mention pension funds may invest in limited types of financial instruments and with respect to corporate non-equity securities investments are allowed only in bonds meeting certain requirements (art. 176 of the Social Security Code).

The collective investment schemes which are admitted to public trading in Bulgaria, the national investment funds and the alternative investment funds created for fulfilment of financial instruments in the meaning of art. 38, para 7 of Regulation (EU) 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 (OB, L 347/320 of 20 December 2013) under the Collective Investment Schemes and Other Undertakings for Collective Investments Act, as per art. 174 of the CITA, are exempt from taxation under the CITA.

The licensed special investment purpose companies operating under the Special Investment Purpose Companies and Securitization Companies Act are exempt from taxation under the CITA (art. 175 of the CITA).

Non-resident natural persons

Incomes of the non-resident natural persons are taxable whenever provided under the PITA. Non-resident natural persons are the persons who are not resident persons within the meaning of art. 4 of the PITA (art. 5 of the PITA).

Non-resident natural persons will be liable for taxes related to incomes from sources in the Republic of Bulgaria (art. 7 of the PITA).

The income generated by non-resident natural persons under financial assets issued by a corporate issuer and the capital gains from transfers with such assets qualify as incomes from sources in the Republic of Bulgaria only in case the issuer is a local entity (art. 8, para. 8 of the PITA). Income generated by non-resident individuals (unless acting through a permanent establishment) from financial assets issued by non-Bulgarian corporate issuer and capital gains from disposition of such assets are not taxable in Bulgaria.

Non-resident legal entities

The profits of non-resident legal entities from a permanent establishment in Bulgaria and from dispositions with assets in such permanent establishment as well as the incomes of non-resident legal entities from source in Bulgaria are subject to taxation under the CITA (art. 1 of the CITA).

Non-resident legal entities are the persons who are not resident persons within the meaning of art. 3 of the PITA (art. 4, para 1 of the CITA).

Non-resident legal entities which do not act through permanent establishment (in which case capital gains tax shall apply) will be liable for taxes related to incomes from sources in the Republic of Bulgaria (art. 4, para 2 of the CITA).

The income generated by non-resident legal entities under financial assets issued by a corporate issuer and the capital gains from transfers with such assets qualify as incomes from sources in the Republic of Bulgaria only in case the issuer is a local entity (art. 12, para. 2 and para 3 of the CITA). Income generated by non-resident legal entities (unless acting through a permanent establishment) from financial assets issued by non-Bulgarian corporate issuer and capital gains from disposition of such assets are not taxable in Bulgaria.

Special treatment of sole proprietors

An individual who is a Bulgarian tax resident and, with regards to the Notes, is acting as sole proprietor (*ednolichen targovetz*) within the meaning of the Bulgarian Commercial Act, whether registered or not, is subject to taxation for any income or capital gains as a legal entity at the rate of 15 per cent.

Double tax treaties

As at the date of this Base Prospectus, Bulgaria is party to 71 bilateral treaties on the avoidance of double taxation. In cases where Bulgarian law imposes tax on income received or capital gains realised in relation to the Notes (see above), these treaties may provide different forms of tax relief. The application of any treaty relief in respect of income exceeding BGN 500,000 for the calendar year is subject to obtaining tax clearance from Bulgarian revenue authorities under a special procedure, requiring filing of standard forms and tax residence certificates following receipt of the relevant income and before the deadline for payment of tax. The clearance statement should be issued within a 60-day term, where the expiry of such term without any refusal is deemed a tacit approval of treaty relief application. In case the income does not exceed BGN 500,000 for the relevant calendar year, the grounds for the application of the treaties must be certified to the payer of the income. Treaty benefits may also be claimed in the course of a tax refund procedure in case the final tax was already withheld by the payer.

Prospective purchasers of Notes should consult their own tax advisers with regard to the applicability and effect of such treaties, and to treaty clearance procedures.

ESTONIAN TAXATION

The following is a general summary of current Estonian law and practice relating to the taxation of the Notes, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Estonia as of the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances.

Resident and Non-Resident Status

According to Section 6(1) of the Income Tax Act (ITA), a resident is defined as an individual whose place of residence is in Estonia or who stays in Estonia for at least 183 days during a period of 12 consecutive calendar months. In such cases, the individual is considered a resident from the date of their arrival in Estonia. Additionally, an Estonian diplomat serving abroad is also considered a resident.

Capital Gains from Sale or Exchange of Notes

Gains realised by an Estonian resident individual upon the sale or exchange of securities (including the Notes) are subject to income tax at the rate of 22%.

All earnings of resident legal persons, including capital gains, are taxed only upon distribution (in Estonia, corporate income tax is charged only on the distributed profit, with the reinvested profits remaining untaxed until distribution); capital gains accruing to resident legal persons are not subject to immediate taxation.

As a rule, capital gains received by non-residents from the sale or exchange of securities are not taxed in Estonia (except for certain securities related to Estonian real estate).

Non-resident bondholders receiving capital gains from the sale or exchange of the Notes may be subject to declaring and paying income tax in their respective countries of residence. For the purposes of capital gains taxation, the gain derived from the sale of securities (including the Notes) is the difference between the acquisition cost and the sales price of such securities. The gain derived from the exchange of securities is the difference between the acquisition cost of securities subject to exchange and the market price of the property received as a result of the exchange. The expenses directly related to the sale or exchange of Notes may be deducted from the gains but are generally rather limited.

Taxation of Interest

Estonian resident individuals are subject to paying income tax (22%) on the interest received from loans, securities (including the Notes) and other debt obligations. Therefore, interest payments received by Estonian resident individuals from the Notes are subject to income tax in Estonia. Such income tax is subject to withholding by the income tax withholding agent unless the resident individual notifies the Issuer that Notes were acquired from funds held in the Investment Account.

Since all earnings of resident legal persons are taxed only upon distribution (as described above), interest received by Estonian resident legal persons is not subject to immediate taxation.

Investment Account

Estonian resident individuals may postpone the taxation of their investment income by using an Investment Account (in Estonian: *investeerimiskonto*) for the purposes of making transactions with certain financial assets (including the Notes). An Investment Account is a monetary account opened with a European Economic Area or the Organisation for Economic Co-operation and Development (OECD) member state credit institution, through which the transactions with the financial assets, taxation of income from which (e.g. capital gains, etc.) a person wants to postpone, shall be made. The moment of taxation of the financial income held on an Investment Account is postponed until such income is withdrawn from the Investment Account (i.e. the amount withdrawn from the account exceeds the amount which had been previously paid into the account). Therefore, financial income held at the Investment Account may be reinvested tax-free until it is withdrawn from the account.

Pension Investment Account

Estonian resident individuals who have decided to grow their Estonian mandatory funded pension (II Pillar) via a pension Investment Account (PIA, in Estonian: *pension investeerimiskonto*) can also acquire the Notes through PIA. A Pension Investment Account is a separate bank account opened with an Estonian credit institution, which, on the one hand, is part of the mandatory funded pension system (incl. relevant benefits, such as additional contributions from the state), but on the other hand, allows the person to make their own investment decisions. Like the ordinary Investment Account, PIA allows the making of transactions with financial assets, whereas taxation of income from such assets (e.g., capital gain or interest from the Notes) is deferred until income is withdrawn from PIA. Monetary means withdrawn from PIA are generally taxed at a 22% income tax rate unless withdrawn after reaching retirement age, in which case a 10% income tax rate or a tax exemption (depending on the method of payment) applies.

Defence Tax

Estonian resident individual

According to the Defence Tax Act (DTA), as of 2026, Estonian resident individuals are subject to a 2% defence tax on capital gains and interest income. Defence tax applies in addition to income tax and covers various forms of capital income, regardless of whether they are earned domestically or abroad.

Capital gains subject to the defence tax include profits from the sale of assets such as real estate, securities, and other investments. The tax applies to the full amount of the gain without deductions, except for specific exemptions outlined in the ITA.

Interest income is also subject to the 2% defence tax and applies to all types of interest, including bank deposit interest from both Estonian and foreign financial institutions, interest from bonds (e.g., interest from the Notes) and other fixed-income securities, interest on loans granted by individuals to companies or other individuals, and interest accrued on Investment Accounts. The tax applies regardless of whether the principal remains within the account or whether the interest is earned domestically or internationally.

The defence tax withholding agent is a resident legal entity, a state or local government authority, a sole proprietor, an individual employer, or a non-resident with a permanent establishment or acting as an employer in Estonia, who makes payments to an individual or a non-resident subject to defence tax, from which income tax is withheld according to § 41 of the ITA, as well as payments specified in § 201(3) and § 21(4) of the ITA, from which no income tax is withheld. These are the same entities that are required to withhold income tax when making payments to resident individuals or non-residents. If the tax has not been withheld at the time of the transaction, the taxpayer must declare and pay the tax by April 30 of the year following the taxation period.

When using an Investment Account, the taxable amount is the portion of withdrawals that exceeds contributions. The defence tax is also not withheld on interest and insurance benefits paid to an Estonian resident individual if the recipient

of such payments has notified the income tax withholding agent that the payment was made from a financial asset acquired with funds from an Investment Account or from a Pension Investment Account opened under the II-Pillar pension scheme.

Estonian resident legal person and non-resident legal person permanent establishments

As a general rule, a 2% defence tax is applied to the pre-tax annual profit of a resident company and the Estonian permanent establishment of a non-resident company. However, the taxable profit is reduced by specific deductions, including dividends received from a company in which the taxpayer holds at least 10% of shares, units, or voting rights at the time of receiving the dividend, provided that the underlying profit has already been taxed with the defence tax or corporate income tax in a foreign jurisdiction. If such dividends are not recognized as income in the financial statements, the deduction cannot be applied. Additionally, profits attributed to a foreign permanent establishment are excluded from the defence tax base.

The defence tax is set to be in force from 2026 to 2028. Since the tax base is the annual profit, special rules apply to companies whose financial year differs from the calendar year. The pre-tax profit of a financial year ending in 2026 and the financial year beginning in 2028 is taxed proportionally based on the number of months that fall within the respective tax years. Similarly, dividends received and profits attributed to a permanent establishment are considered on a proportional basis.

The defence tax is paid in advance instalments. The advance payments for 2026 are calculated based on 50% of the pre-tax profit of the financial year ending in 2025. The tax on this amount is paid in two equal instalments, by September 10 and December 10. If the financial statements for the financial year ending in 2025 have not been submitted, the latest available financial report is used as the basis for calculation. The same principle applies going forward—if a resident company fails to submit its financial statements by the due date, the most recently submitted report is used to determine the advance payment amount.

For 2027 and 2028, advance tax payments are due quarterly, on March 10, June 10, September 10, and December 10. During the first half of the year, the advance payment is based on one-fourth of the pre-tax profit from either the previous or the preceding financial year, depending on whether the latest financial statements have been submitted. In the second half of the year, the quarterly tax payment is based on one-fourth of the pre-tax profit from the previous financial year.

According to the DTA, a resident company and a non-resident company with a permanent establishment in Estonia are required to declare to the Tax and Customs Board the defence-taxable profit earned during the financial year or the profit attributed to the permanent establishment, and to pay the defence tax on that profit by the 10th day of the ninth calendar month of the following financial year. If the financial year is the calendar year, the deadline for submitting the declaration is September 10. The first defence tax declaration must be submitted in 2027 for the profit of 2026.

The taxpayer must declare the pre-tax profit, which is derived from the profit and loss statement of the financial year report, with a submission deadline of June 30 if the financial year is the calendar year. Additionally, the taxpayer must declare dividends, the underlying profit of which has been taxed with the defence tax or income tax in a foreign country, and which has been received from a company where the taxpayer owns at least 10% of the shares, units, or voting rights at the time of receiving the dividend, as such dividends can be deducted from the pre-tax profit. The taxpayer must also declare the profit attributed to a permanent establishment located in a foreign country, as this can also be deducted from the pre-tax profit.

Stamp Duties and Transfer Taxes

The alienation of the Notes is not subject to stamp duties or transfer taxes in Estonia.

FRENCH TAXATION

The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the holding of the Notes. This summary is based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect.

Withholding taxes on Notes issued by BNPP B.V. and BP2F

This summary is prepared on the assumptions that neither BNPP B.V. nor BP2F are and will be French residents for French tax purposes and neither BNPP B.V. nor BP2F have or will have a branch, permanent establishment or other fixed place of business in France.

In respect of those Notes which are treated as debt for French tax purposes, all payments by BNPP B.V. or BP2F in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French *Code général des impôts* and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Such interest and similar revenues are also subject to social contributions (CSG, CRDS and a solidarity levy) which are withheld at an aggregate rate of 17.2 per cent., subject to certain exceptions.

In respect of those Notes which are not treated as debt for French tax purposes, all payments by BNPP B.V. or BP2F in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

Transfer tax and other taxes

The following may be relevant in connection with Notes which may be settled or redeemed by way of physical delivery of certain French listed shares (or certain assimilated securities) or securities representing such shares (and assimilated securities).

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the "**French FTT**") is applicable to any acquisition for consideration, resulting in a transfer of ownership, of (i) an equity security (*titre de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier* or an assimilated equity security (*titre de capital assimilé*) as defined by Article L.211-41 of the French *Code monétaire et financier*, admitted to trading on a recognised stock exchange when such security is issued by a company whose registered office is situated in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the "**French Shares**") or (ii) a security (*titre*) representing French Shares (irrespective of the location of the registered office of the issuer of such security). The French FTT could apply in certain circumstances to the acquisition of French Shares (or securities representing French Shares) in connection with the settlement or redemption of any Notes.

There are a number of exemptions from the French FTT and investors should consult with their counsel to identify whether they can benefit from them.

The rate of the French FTT is 0.4 per cent. of the acquisition value of the French Shares (or securities representing French Shares).

If the French FTT applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose

FRENCH TAXATION

registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

ITALIAN TAXATION

The following is a summary of current Italian law and practice relating to the taxation of the Notes, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective investors are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Notes.

This summary may not provide prospective investors with a comprehensive description of the tax consequences of an investment in Notes that are redeemed by physical delivery.

In any case, Italian legal or tax concepts may not be identical to the concept described by the same English term as they exist under the terms of different jurisdictions and any legal or tax concept expressed by using the relevant Italian term shall prevail over the corresponding concept expressed in English terms.

This summary does not describe the tax consequences for an investor with respect to securities that may be redeemed by physical delivery nor the tax consequences for an investor with respect to the disposal or holding of the relevant assets that may be received through redemption by physical delivery of the relevant securities.

Law No. 111 of 9 August 2023, published in the Official Gazette No. 189 of 14 August 2023 ("Law 111"), delegates power to the Italian Government to enact, within twenty-four months from its publication, one or more legislative decrees implementing the reform of the Italian tax system (the "Tax Reform"). According to Law 111, the Tax Reform will significantly change the taxation of financial incomes and capital gains and introduce various amendments in the Italian tax system at different levels. The precise nature, extent, and impact of these amendments cannot be quantified or foreseen with certainty at this stage.

Italian taxation of Notes

As clarified by the Italian tax authorities in resolution No. 72/E of 12 July 2010, the Italian tax consequences of the purchase, ownership and disposal of the Notes may be different depending on whether:

- (a) they represent a securitized debt claim, implying a static "use of capital" (*impiego di capitale*), through which the subscriber of the Notes transfers to the Issuer a certain amount of capital for the purpose of obtaining a remuneration on the same capital and subject to the right to obtain its (partial or entire) reimbursement at maturity; or
- (b) they represent a securitized derivative financial instrument or bundle of derivative financial instruments that do not entail a "use of capital", through which the subscriber of the Notes invests indirectly in underlying financial instruments for the purpose of obtaining a profit deriving from the terms of such underlying financial instruments.

A. Tax treatment of the Notes qualifying as bonds or securities similar to bonds

Legislative Decree No. 239 of 1 April 1996, as subsequently amended (the "**Decree 239**"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "**Interest**") from notes issued by, *inter alia*, non-Italian

resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

For this purpose, bonds and securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity or redemption, an amount not lower than their nominal value and that do not allow any direct or indirect participation to (or control of) the management of the issuer nor a remuneration which is entirely linked to the profits of the issuer, or other companies belonging to the same group or to the business in respect of which the securities have been issued.

a. *Resident Noteholders*

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a partnership (other than a *società in nome collettivo* or a *società in accomandita semplice* or a similar partnership) or a *de facto* partnership not carrying out commercial activities; (iii) a non-commercial private or public institution (other than a company), a trust not carrying out mainly or exclusively commercial activities or the Italian State or other public and territorial entity, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when the Interest is paid by the Issuer, or when payment thereof is obtained by the Noteholder on a sale of the relevant Notes) unless the relevant Noteholder holds the Notes in a discretionary investment portfolio managed by an authorised intermediary and, under certain conditions, has validly opted for the application of the *risparmio gestito* regime provided for by Article 7 of Italian Legislative Decree No. 461 of November 21, 1997 (see "*Capital Gains*" below). In the event that Noteholders described under (i) and (iii) above are engaged in an entrepreneurial activity to which the relevant Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on Interest if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

In case the Notes are held by a Noteholder engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* ("**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**") stock exchange agents and other entities identified by the relevant Decrees of the Ministry of Finance (the "**Intermediaries**").

An Intermediary must (i) be (a) resident in Italy, (b) a permanent establishment in Italy of a non Italian resident financial intermediary or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Italian tax authorities having appointed an Italian representative for the purposes of Decree 239 and (ii) intervene, in any way, in the collection of Interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary meeting the requirements under (a) and (b) above, *imposta sostitutiva* is applied and withheld by any entity paying Interest to a Noteholder. If the Interest is not collected through an Intermediary or any entity paying Interest and as such no *imposta sostitutiva* is levied, the Italian resident Noteholder listed above will be required to include Interest in their yearly income tax return and subject them to a final substitutive tax at the rate of 26 per cent.

The *imposta sostitutiva* does not apply to, *inter alia*, the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (i) Corporate Noteholders – Where an Italian resident Noteholder is a corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), Interest accrued on the Notes must be included in: (I) the relevant Noteholder's yearly taxable income for corporate income tax purposes ("**IRES**"); and (II) in certain circumstances, depending on the "status" of the Noteholder, also in its net value of production for the purposes of regional tax on productive activities ("**IRAP**");
- (ii) Investment funds - If the Noteholder is resident in Italy and is an open-ended or closed-ended investment fund (other than a Real Estate Fund, as defined below), an investment company with fixed share capital (a "**SICAF**" *i.e. società di investimento a capitale fisso*, other than a Real Estate Fund, as defined below), or an investment company with variable capital established in Italy (a "**SICAV**" *i.e. società di investimento a capitale variabile*) (each, a "**Fund**") and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority, and the relevant Notes are held by an authorised intermediary, Interest will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent. may apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**");
- (iii) Pension funds – Pension funds (subject to the tax regime set forth by article 17 of the Legislative Decree No. 252 of 5 December 2005, the "**Pension Funds**") are subject to a 20 per cent. substitutive tax on their annual net accrued result. Interest on the Notes is included in the calculation of said annual net accrued result. Subject to certain conditions (including minimum holding period requirement) and limitations, Interest may be excluded from the taxable base of the 20 per cent. substitute tax if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law, as amended and supplemented from time to time; and
- (iv) Real estate investment funds – Payments of Interest deriving from the Notes made to Italian resident real estate investment funds and Italian resident real estate investment companies with fixed capital (SICAF, *i.e. società di investimento a capitale fisso*) (the "**Real Estate Funds**") complying with the relevant legal and regulatory requirements and subject to the regime provided for by, *inter alia*, Law Decree No. 351 of 25 September 2001 and/or Law Decree No. 44 of 4 March 2014, each as amended, are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of such Real Estate Funds, provided that the Notes are timely deposited with an Intermediary (as defined below). Subsequent distributions made in favour of unitholders or shareholders of the Real Estate Fund and income realised by the unitholders or shareholders in the event of redemption or sale of the units or shares in the Real Estate Fund may be subject, in certain circumstances, to a withholding tax of 26 per cent. Moreover, subject to certain conditions, depending on the status of the investor and the percentage of its participation, income realised by Real Estate Funds may be attributed to the relevant investors

and subject to tax in their hands irrespective of its actual collection and in proportion to the percentage of ownership of units or shares on a tax transparency basis.

b. *Non-Resident Noteholders*

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of Interest provided that, if such Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

B. Notes qualifying as Atypical Securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) for Italian tax purposes (all together referred as "**Atypical Securities**") are subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity or redemption, an amount not lower than their nominal value and that do not allow any direct or indirect participation to (or control of) the management of the Issuer.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on Interest that are classified as Atypical Securities, if the Notes are included in a long-term individual savings account (*piano di individuale risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

Interest payments on Atypical Securities made to Italian resident Noteholders which are (i) companies or similar commercial entities (including a permanent establishment in the Republic of Italy of a foreign entity to which the Notes are effectively connected), and (ii) commercial partnerships, are not subject to the aforementioned withholding tax, but form part of their aggregate income subject to IRES. In certain cases, such Interest may also be included in the taxable net value of production for the purposes of IRAP.

Interest payments relating to Atypical Securities received by non-Italian resident beneficial owners (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally not subject to tax in Italy provided that, if the Notes are held in Italy, the Non-Resident Noteholder declares itself to be non-Italian resident according to the Italian tax regulations.

The withholding is levied by the Italian intermediary intervening in the collection of the relevant income or in the negotiation or repurchasing of the Notes.

C. Payments made by a non-resident Guarantor

With respect to payments made to Italian resident Holders of Securities by a non-Italian resident Guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non-resident Guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

D. Capital Gains

Resident Noteholders

Pursuant to Legislative Decree No. 461 of 21 November 1997, as amended (the "**Decree 461**"), a 26 per cent. capital gains tax (the "**CGT**") is applicable to capital gains realised on the sale or transfer of the Notes for

consideration or on redemption thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), certain Italian non-commercial partnerships, Italian non-commercial private or public institutions and Italian investors exempt from Italian corporate income tax, regardless of whether the Notes are held outside of Italy or not.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from CGT on capital gains realised upon sale or redemption of the Notes if the Notes are included in a long-term individual savings account (*piano di individuale risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

The aforementioned regime does not apply to the following subjects:

- (i) Corporate investors (including banks and insurance companies): capital gains on the Notes held by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of such entities for IRAP purposes. The capital gains are calculated as the difference between the sale price (or redemption amount) and the relevant tax basis of the Notes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.
- (ii) Funds – Capital gains realised by the Funds on the Notes contribute to determining the annual net accrued result of the same Funds. The Funds will not be subject to taxation on such results but the Collective Investment Fund Tax may apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (see under paragraph A.1.1.a. "Italian resident Noteholders", above).
- (iii) Pension Funds – Capital gains realised by Pension Funds on the Notes contribute to determining the annual net accrued result of the same Pension Funds, which is subject to a 20 per cent. substitutive tax (see under paragraph A.1.1.a "Italian resident Noteholders", above). Capital gains on the Notes is included in the calculation of said annual net accrued result. Subject to certain limitations and requirements (including a minimum holding period), capital gains may be excluded from the taxable base of the 20 per cent. substitute tax if the Notes are included in a long-term individual savings account (*piano di individuale risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.
- (iv) Real Estate Investment Funds – Capital gains realised by Real Estate on the Notes are generally not taxable at the level of the same Real Estate Funds (see under paragraph A1.1.a "Italian resident Noteholders", above).

Non-Resident Noteholders

Capital gains realised by non-resident Noteholders (not having permanent establishment in Italy to which the Notes are effectively connected) on the Notes are not subject to tax in Italy, provided that the Notes (i) are traded on regulated markets, or (ii) if not traded on regulated markets, are held outside Italy. The Italian tax authorities have clarified that the notion of multilateral trading facility ("**MTF**") under EU Directive 2014/65/CE (so called

MiFID II) can be assimilated to that of "regulated market" for income tax purposes; conversely, organized trading facilities (OTF) cannot be assimilated to "regulated market" for Italian income tax purposes.

Capital gains realised by non-Italian resident Noteholders from the sale or redemption of Notes not transferred on regulated markets and deposited with a bank, a SIM or certain authorised financial intermediaries in Italy are not subject to the CGT, provided that the effective beneficiary is (a) resident in a country which allows for a satisfactory exchange of information with Italy, as listed in the Italian Ministerial Decree of 4 September 1996, as amended by the Ministerial Decree of 23 March 2017 and potentially further amended by a future decree issued pursuant to Article 11(4)(c) of Decree 239 (the "**White List**"); (b) an international entity or body set up in accordance with international agreements, which have entered into force in Italy; (c) a Central Bank or an entity which manages, inter alia, the official reserves of a foreign State; or (d) an institutional investor (certain types of institutional investors are deemed to be beneficial owners by operation of law) established in a country which is included in the White List, even if it does not possess the status of a taxpayer therein.

In order to benefit from the tax exemption, non-resident investors who deposited the Notes with a bank, a SIM or certain authorised financial intermediaries in Italy must file with the relevant depository a statement in which the Noteholders declares to be eligible to benefit from the applicable exemption. Such statement, which is not required for international bodies or entities set up in accordance with international agreements which have entered into force in Italy or in the case of foreign Central Banks or entities which manage the official reserves of a foreign State, must comply with the requirements set forth by the Ministerial Decree of 12 December 2001.

If none of the conditions above are met and the Notes are deposited with a bank, a SIM or certain authorised financial intermediaries in Italy, capital gains realised by non-Italian resident Noteholders from the sale or redemption of Notes are subject to CGT. In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are connected, that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient and comply with the relevant formalities, will not be subject to CGT in Italy on any capital gains realised upon the sale or redemption of Notes.

E. Tax treatment of derivative financial instruments

Based on the principles stated by the Italian tax authorities in resolution No. 72/E of 12 July 2010, payments in respect of Notes qualifying as securitised derivative financial instruments not entailing a "use of capital" as well as capital gains realised through the sale of the same Notes would be subject to Italian taxation according to the same rules described above applicable on capital gains realised through the sale or transfer of the Notes.

F. Transfer Tax

Contracts relating to the transfer of Notes are subject to the registration tax as follows: (i) public deeds and notarised deeds (*atti pubblici e scritture private autenticate*) are subject to fixed registration tax at rate of EUR 200; (ii) private deeds (*scritture private non autenticate*) are subject to registration tax only in "case of use" (*caso d'uso*) or in case of "explicit reference" (*enunciazione*) or voluntary registration.

G. Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;

- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied to the rate mentioned above in (a), (b) and (c) on the value exceeding EUR 1,500,000.

The *mortis causa* transfers of financial instruments are exempt from inheritance taxes if they are held in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law as amended and supplemented from time to time.

H. Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by Italian based financial intermediaries to their clients for the securities deposited in Italy. The stamp duty applies at a rate of 0.2 per cent. and cannot exceed EUR 14,000 for taxpayers other than individuals; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 29 July 2009, as subsequently amended, supplemented and restated) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

I. Wealth Tax on securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian resident individuals non-commercial entities and certain partnership (*società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) resident in Italy for tax purposes holding the securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent. ("**IVAFE**") (0.4 per cent., as of 2024, in case of financial assets held in States or territories with privileged tax regime identified by the Ministerial Decree of the Ministry of Economy and Finance of May 4, 1999). For taxpayers other than individuals, IVAFE will not exceed EUR 14,000 per year.

This tax is calculated on the market value of the securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

J. Italian Financial Transaction Tax ("**IFTT**")

Pursuant to Article 1(491 *et seq*) of Law No. 228 of 24 December 2012, IFTT applies to (i) transfers of property rights in shares and other participating securities issued by Italian resident companies (together, the "**Relevant Participating Instruments**"); (ii) transfers of property rights in financial instruments representing any such Relevant Participating Instruments, whether or not such financial instruments are issued by Italian resident issuers (such financial instruments, together the Relevant Participating Instruments, the "**Relevant Instruments**"); and (iii) derivative transactions referencing Relevant Instruments (i.e. derivative transactions or derivative financial instruments and certain equity-linked securities having an underlying mainly represented by

one or more of Relevant Instruments or whose value is mainly linked to the Relevant Instruments) including securitised derivatives referencing Relevant Instruments (e.g. notes).

With respect to derivative transactions referencing Relevant Instruments including securitised derivatives the IFTT applies regardless of the tax residence of both the counterparties of the transactions and/or where the transaction is executed. The IFTT is levied at a fixed amount ranging between Euro 0.01875 and Euro 200 per transaction, which varies depending on the features and notional value of the securitised derivatives. A reduced IFTT (one fifth of the standard rate) is payable in respect of transactions executed on certain qualifying regulated markets or multilateral trading facilities. Where a securitised derivative is settled by physical settlement, the IFTT is also due upon the transfer of the ownership rights in the underlying Relevant Instruments.

The IFTT due in respect of derivative transactions referencing Relevant Instruments including securitised derivatives is payable by both counterparties to a transaction. However, the IFTT does not apply where one of the parties to the transaction is the European Union, the European Central Bank, central banks of the EU Member States, foreign central banks or entities which manage the official reserves of a foreign State, or international bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist, including for, *inter alia*, (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) entities merely interposed in the execution of a transaction.

The IFTT is levied by the banks and other financial intermediaries (*società fiduciarie e imprese di investimento abilitate all'esercizio professionale nei confronti del pubblico dei servizi e delle attività di investimento*) ("**Intermediaries**") that are involved, in any way, in the execution of the transaction and subsequently paid to the Italian tax authorities. If more than one Intermediary is involved in the execution of the transaction, the IFTT is levied by the Intermediary who receives the execution order from the purchaser of the Relevant Instruments or, in the case of a derivative transaction or securitised derivative referencing a Relevant Instrument, from the counterparty to or purchaser of such derivative. Intermediaries not resident in Italy can appoint an Italian representative for the purposes of the IFTT. If no Intermediaries are involved in the execution of the transaction, the relevant IFTT must be paid by each relevant party to the transaction itself.

LATVIAN TAXATION

The following is a summary of current Latvian law and practice relating to the taxation of the Notes, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Latvia as at the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances.

Taxation of individuals*Resident and non-resident status*

In accordance with Art. 14(2) of the Law on Taxes and Fees (*likums "Par nodokļiem un nodevām"*), a "resident individual" means an individual (i) whose declared place of residence is in the Republic of Latvia or (ii) who stays in the Republic of Latvia 183 days or more within any 12-month period, starting or ending in the taxation year, or (iii) who is a citizen of the Republic of Latvia employed abroad by the government of the Republic of Latvia.

A "non-resident individual" means an individual who is not a resident individual of the Republic of Latvia (as defined above). Non-resident individuals acting through a fixed base in Latvia are assimilated to resident individuals for personal income tax purposes with respect to income derived through this fixed base.

Interest income

In accordance with Arts. 8(3)(13) and 15(5) of the Law on Personal Income Tax (*likums "Par iedzīvotāju ienākuma nodokli"*), the payments in respect of interest on Notes to resident individuals are subject to 25.5 percent personal income tax. Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia.

Non-resident individuals are not subject to personal income on interest income from Notes unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

Capital gains

In accordance with Arts. 8(3)(11), 11.⁹ and 15(5) of the Law on Personal Income Tax, capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Notes received by a resident individual are subject to 25.5 percent personal income tax. Under Art. 19(5) and (5).³ of the Law on Personal Income Tax, the personal income tax is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia.

Non-resident individuals are not subject to personal income tax on capital gains on disposal of Notes unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

Other income

There is no established practice in Latvia regarding the classification of income from hybrid financial instruments (e.g. debt instruments linked to a specific share or basket of shares) for tax purposes. There is a risk that such income will be classified as "other income" (i.e., a residual category of income that does not fall into any category of income expressly mentioned in the law) within the meaning of Art. 8(3)(21) of the Law on Personal Income Tax. "Other income" received by resident individuals is subject to personal income tax at the following progressive rates:

- (i) 25.5% on the amount of income not exceeding the maximum amount of mandatory State social security contributions (in 2025 – EUR 105,300);
- (ii) 33% on the amount of income exceeding the maximum amount of mandatory State social security contributions (in 2025 – EUR 105,300).

In addition, 3% tax surcharge is payable on the amount of annual income exceeding EUR 200,000.

Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax on "other income" is payable by self-assessment if resident individuals receive income from a non-resident entity not having a permanent establishment in Latvia. Under Art. 15.1(1) of the Law on Personal Income Tax, the tax surcharge is payable by self-assessment.

Non-resident individuals are not subject to personal income tax on other income unless they have derived income in Latvia (e.g. through a fixed base in Latvia).

Investment account tax regime

In accordance with Arts. 11.⁹(11)(6) and 11.¹³ of the Law on Personal Income Tax, if the investment in the Notes is made through an eligible investment account held with a licensed credit institution or an investment service provider which is a tax resident of Latvia, another EU/EEA Members State, OECD Member State or a tax resident of a country with whom Latvia has concluded a treaty for the avoidance of double taxation and fiscal evasion, personal income tax on interest income and capital gains is deferred until the moment the income is distributed from this investment account to the investor.

In accordance with Art. 15(5) of the Law on Personal Income Tax, the personal income tax is levied at 25.5 percent on the part of the amount paid out of the eligible investment account which exceeds the amount paid into the account. In case a 25.5 percent tax on interest from the Notes has already been withheld at the moment of the payment of the interest to the investment account, this income is excluded from the taxable income derived from the investment account. In case the tax on interest from the Notes has been withheld at a rate lower than 25.5 percent, part of this income is excluded from the taxable income derived from the investment account which is calculated rateably to the proportion between the applicable withholding tax rate and 25.5 percent tax rate.

Under Art. 19(1) of the Law on Personal Income Tax, the personal income tax on this income is payable by self-assessment.

Taxation of legal entities

Resident and non-resident status

In accordance with Art. 14(4) of the Law on Taxes and Fees, a "resident entity" means an entity that is or should have been established and registered in the Republic of Latvia in accordance with the legislative acts of the Republic of Latvia.

A "non-resident entity" means an entity which is not a resident entity of the Republic of Latvia (as defined above).

Permanent establishments of foreign entities are assimilated to resident entities for corporate income tax purposes with respect to income derived through this permanent establishment.

Income from the Notes

The payments in respect of the Notes received by a resident entity and a non-resident entity operating through a permanent establishment in Latvia are not subject to corporate income tax in Latvia at the moment of the receipt of the income. In accordance with Arts. 3 and 4 of the Corporate Income Tax Law (*Uzņēmumu ienākuma nodokļa likums*), corporate income tax is levied on profit distributions, such as dividends, and implicit (disguised) distributions, including non-business

LATVIAN TAXATION

expenses, interest payments made in excess of defined thresholds, loans made to related parties (subject to specific criteria), transfer pricing adjustments, and other disguised distributions. Latvian corporate income tax is imposed at the level of the company making the distributions at the time when such profit distributions are made. Profit distributions are taxed at the rate of 20 percent on the gross amount of the distribution (tax base is divided by 0,8 and then multiplied by the 20 percent rate).

The payments in respect of interest on Notes received by a non-resident entity without a permanent establishment in Latvia are not subject to corporate income tax in Latvia.

Stamp duties and transfer taxes

The alienation of the Notes is not subject to stamp duties or transfer taxes in Latvia.

LIECHTENSTEIN TAXATION

NATURAL PERSONS

Personal tax liability: Unlimited on the basis of residence or habitual abode in Liechtenstein or limited on the basis of Liechtenstein real estate ownership or permanent establishment. Residence is the place where a person is permanently resident. Habitual abode means the place where a person does not stay just temporarily. A stay for more than 6 months is deemed to be a habitual abode.

Material tax liability: Unlimited with income and assets attributed to Liechtenstein at the tax rate of the world-wide income and assets or limited to Liechtenstein income and assets.

Taxable income: Total income, includes nominal income from assets (see wealth tax).

Tax-exempt income: All effective income from assets subject to wealth tax. In particular, dividends and capital gains from participations in legal entities is tax-exempt, but, for instance, not interest income from securities. For participations in business assets, anti-avoidance provisions must be observed.

Wealth tax: Total net assets at the beginning of the tax year (movable and immovable; less debts) is the base of wealth tax. Foreign immovable assets and assets of foreign permanent establishments (less pro rata debts) are to be taken into account only with regard to the tax rate. The assets are included in the taxable income with a nominal yield of 4% and subject to income tax.

Tax deductions: Work-related costs and social insurance fees, lump sums for private personal insurance (e.g. health insurance), other personal deductions (for example, contributions to subsistence, child allowance, donations) are deductible.

Tax rate: 0% to 24% on taxable income (depending on income and municipality affiliation). There are different tax rates for single parents, married couples and other taxpayers.

Foreign tax credit: Is given up to the maximum of the Liechtenstein income tax on the income affected by foreign taxes.

Inheritance/gift tax: None.

LEGAL PERSONS

Tax liability: Unlimited on the basis of Liechtenstein domicile or effective place of management or limited on the basis domestic income (from real estate, permanent establishments or board remuneration).

Tax base of corporate income: – The tax base is the annual corporate income based on the annual financial statement pursuant to the Persons and Companies Act (PGR) or the principles of the Tax Ordinance (inventory of assets, liabilities, profits and losses), where commercially justified expenses are tax-deductible. Profits and losses must be defined in the same way as would be the case for a relationship between independent third parties (dealing at arm's length principle). Tax expenses are not tax-deductible. The taxable net income is calculated as follows:

Balance of profit and loss statement

+ losses on participations in legal entities

+/- tax corrections

- tax-exempt income

- notional interest deduction
- losses from foreign permanent establishments
- losses from group taxation
- loss carryforward
- = taxable net income

Losses from participations: Realized and unrealized losses from participations in legal entities are treated as tax-neutral.

Tax-exempt income: – In particular, dividends, capital gains and unrealized increases of value from participations in legal persons and certain property structures (e.g. foundations, trusts) under consideration of anti-avoidance provisions. The anti-avoidance provisions cover dividends and capital gains from participations with more than 50% passive income and low taxation (< 6.25% or < 50% of the effective Liechtenstein taxes), hence these income are taxable (switch-over).

Notional interest deduction: A deduction of 4% on the modified equity poses a commercially justified expense. The modified equity is calculated as follows:

- equity at the beginning of the tax year
- + equity increases
- equity decreases
- own shares
- participations in legal entities
- assets not required for business operations
- 6% of the assets that have not already been deducted
- = modified equity

The corrections of equity as at the beginning of the tax year (see above) are weighted and deducted pro rata temporis, aggregated per quarter and considered to have occurred in the middle of the quarter. If the modified equity is negative, the notional interest deduction is CHF 0. The notional interest deduction must not lead to a loss or increase an existing loss.

Tax rate: 12.5% of taxable net income (15% global minimum top-up tax for certain multinational groups).

Minimum income tax: CHF 1'800 per year and irrespective of the duration of the tax year.

Anti-avoidance provisions: There is a general anti-avoidance provision regarding inadequate legal constructions, but no minimum capitalization rules and no Controlled Foreign Company (CFC) rules. Specific anti-avoidance provisions exist in connection with the tax exemption of dividends, capital gains and distributions, as well as the notional interest deduction.²

Withholding taxes: No withholding taxes on dividends, licenses and interests are levied.

Foreign tax credit: Is given up to the maximum of the Liechtenstein income tax on the income affected by foreign taxes.

LIECHTENSTEIN TAXATION

Privileged tax status: Private Asset Structures (PAS) pay the minimum corporate income tax of CHF 1'800 per year irrespective of the annual results. Crucial requirement: no economic activity.

Trusts: From the tax perspective trusts are considered to be transparent and capital and income are attributed either to the settlor or the beneficiary. As a result, trusts are subject to the minimum corporate income tax of CHF 1'800 per year.

Securities Transfer Tax: Corporations, limited liability companies and establishments with divided capital are subject to the Swiss transfer tax (applicable in Liechtenstein by virtue of the Customs Treaty with Switzerland). The transfer of securities by securities dealers is subject to a tax of 0.15% (domestic securities) and 0.3% (foreign securities). All other Liechtenstein legal entities cannot be subject to the Swiss transfer tax as securities dealers.

TAXATION OF FUNDS

Follows the principle of transparency. Investment funds that are not already treated as tax transparent due to their structure as partnerships are subject to unlimited personal corporate income tax liability, but at the same time all income from the managed assets is exempt so that there is no additional tax burden at the level of the investment fund. Instead, taxation takes place at the level of the investors. However, credits for foreign withholding taxes paid by the investment fund are only available at the level of the investor if the investment fund is organized as a partnership (decision of the Administrative Court of 22.04.2022, VGH 2020/106).

LITHUANIAN TAXATION

The following is a summary of current Lithuanian law and practice relating to the taxation of the Notes, as defined in this Base Prospectus. The statements herein regarding taxation are based on the laws in force in Lithuania as of the date of this Base Prospectus and are subject to any changes in law occurring after such date. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The information provided in this section shall not be treated as legal or tax advice; prospective investors are advised to consult their tax advisors regarding the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances.

Resident and non-resident status

A “resident individual” means an individual whose permanent place of residence is in Lithuania; or whose personal, social or economic interests are located in Lithuania; or who is present in Lithuania continuously or intermittently for at least 183 days in the relevant tax period, or at least 280 days in two consecutive tax periods and at least 90 days in one of these tax periods; or who is a citizen of Lithuania and who does not meet any of the aforesaid criteria but for whom remuneration for the work carried out abroad is paid or costs of living abroad are covered by the Republic of Lithuania or any of the municipalities thereof. An individual Noteholder will not become a resident of Lithuania by only holding the Notes.

Taxation of non-resident individuals acting through a fixed base in Lithuania is the same as that of resident individuals defined above, if such a non-resident individual earns interest income or capital gains performing activity through a fixed base in Lithuania. Therefore, it is not separately outlined in the further sections of this *Programme*.

A “resident entity” means an entity which is legally established in Lithuania, and a “non-resident entity” means an entity which is not legally established in Lithuania. Taxation of interest income and capital gains received by non-resident entities acting through a permanent establishment in Lithuania is the same as that of resident entities defined above, therefore, it is not separately outlined in the further sections of this *Programme*. For relevant details on the taxation of Lithuanian permanent establishments as Noteholders, please refer to the taxation of resident entities.

Payments to individuals

Taxation of Interest

Payments in respect of interest on the Notes (including, to the extent applicable, the positive difference between the redemption price and the issue price of the Notes) to a resident or non-resident individual will be subject to personal income tax at progressive tax rates of (i) 15 per cent., in respect of income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by an individual during a calendar year does not exceed the sum of 120 Lithuanian gross average salaries, which shall be determined on the basis of the gross average monthly salary as set forth in the Law on Approval of the State Social Funds Budgets Indicators for the relevant year (in 2025, the threshold amount are EUR € 253 065,60) and (ii) 20 per cent., which is applied to any income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by an individual during the calendar year, exceeding the aforementioned threshold. When calculating the threshold for the non-resident individuals, the following Lithuanian-sourced income is taken into account: interest, royalties, income from sports and entertainment activities, capital gains and income from the rent from real estate located in the Republic of Lithuania and capital gains from movable property registrable in the Republic of Lithuania. Separate double taxation treaties with the Republic of Lithuania can provide for a lower tax rate for non-residents.

When interest is earned by a non-resident individual, the Issuer, as a Lithuanian interest-paying entity, will withhold 15 per cent. personal income tax and if it turns out at the end of the year that a part of the amount was subject to 20 per cent. rate, the non-resident individual is to pay the difference himself/herself.

Part of the total amount of interest (including interest on the Notes) received during the calendar year up to the amount of EUR 500 is exempt from personal income tax. The tax exemption will not apply to the interest received from entities established in a tax haven or from individuals whose permanent place of residence is in a tax haven, or interest received through the investment account.

Taxation of Capital gains

Capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Notes received by a resident individual will be subject to progressive tax rates of (i) 15 per cent., in respect of income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by a resident individual during the calendar year does not exceed the sum of 120 Lithuanian gross average salaries, which is determined on the basis of the gross average monthly salary as set forth in the Law on Approval of the State Social Funds Budgets Indicators for the relevant year (in 2025, the threshold amount would be EUR € 253 065,60) and (ii) 20 per cent., which shall be applied to any income (excluding income from employment, self-employment, dividends, remuneration of board members and certain other types of income) received by a resident individual during the calendar year, exceeding the aforementioned threshold.

Part of the capital gains received from the sale of securities (including the Notes) during the calendar year up to the amount of EUR 500 is exempt from personal income tax. The tax exemption will not apply if the sale proceeds are received from entities established in a tax haven or from individuals whose permanent place of residence is in a tax haven, or through an investment account.

The disposition of Notes by non-resident individuals will not be subject to any Lithuanian income or capital gains tax.

Investment account regime

From 2025, capital gains or interest on disposal of the Notes received by a resident individual through an investment account (an account reported to the tax authorities meeting specified requirements of the law) is subject to taxation under specific conditions. Income withdrawn from an investment account is taxed with personal income tax if such income is not used for specific purposes such as purchasing qualifying financial products, transferring to another investment account, or covering related expenses. The investment account regime does not apply to capital gain income from Notes if the resident individual or his/her related person holds more than 10 per cent. of the shares or voting rights of the Issuer.

Taxation of legal entities

- (ii) to a non-resident entity, which is registered or otherwise organised in a state of the European Economic Area or in a state with which the Republic of Lithuania has concluded and brought into effect a double tax treaty and receiving interest not through its permanent establishment registered in the Republic of Lithuania, if any, will not be subject to withholding tax in the Republic of Lithuania.
- (iii) to a non-resident entity other than those listed above will be subject to 10 per cent withholding tax.

If the Issuer as an interest-paying person is unable to identify the Holder and determine such Holder's eligibility for a lower tax rate or exemption from withholding tax, payments of interest in respect of the Notes (including, to the extent applicable, the positive difference between the redemption price and the issue price of the Notes) to any such Holder will be subject to 15 per cent personal income tax to be withheld and paid to the budget of the Republic of Lithuania by the Issuer.

Taxation of Capital gains

Capital gains (i.e. the difference between the sale price and acquisition costs) on disposal of the Notes received by a resident entity will be included in the calculation of its taxable profit. As of 2025, taxable profit will be subject to 16 per cent. corporate income tax (6 per cent for small-sized entities or an incentive rate applicable to the Holder). Banks and credit unions, including central credit unions and branches of foreign banks in the Republic of Lithuania, shall pay an additional 5 per cent. corporate income tax on taxable profits (subject to special calculation rules) exceeding EUR 2 million.

The disposition of Notes by a non-resident entity will not be subject to any Lithuanian income or capital gains tax.

Registration and Stamp Duty

Transfers of Notes will not be subject to any registration or stamp duty in the Republic of Lithuania.

LUXEMBOURG TAXATION

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. In particular, this information does not describe the tax consequences for a holder of Securities that are redeemable in exchange for, or convertible into, shares. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

(i) Non-resident holders of Securities

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

(ii) Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Relibi Law would be subject to a withholding tax at a rate of 20 per cent.

Taxation of a Polish tax resident private investor (natural person)

Under Art. 3.1 of the Personal Income Tax Act dated 26 July (the "PIT Act"), natural persons, if residing in the Republic of Poland, are liable for tax on their total income (revenue) irrespective of the location of the sources of revenue (unlimited obligation to pay tax).

Under Art. 3.1a of the PIT Act, a Polish tax resident individual is a natural person who (i) has their centre of personal or business interests located in Poland or (ii) stays in Poland for longer than 183 days in a year, unless any relevant tax treaty dictates otherwise.

According to Art. 17 of the PIT Act, income from the Notes should be treated as money capital (*kapitały pieniężne*) source of income, which includes (i) interest (discount) from securities (Art. 17.1.3 of the PIT Act), (ii) redemption of notes generating periodical proceeds by the issuer (*wykup przez emitenta obligacji, od których są należne świadczenia okresowe*) (Art. 17.1.3a of the PIT Act) and (iii) disposal of securities for remuneration (Art. 17.1.6.a of the PIT Act).

(i) **Withholding Tax on Interest Income and Redemption of Notes Generating Periodical Proceeds**

Under Art. 30a.7 of the PIT Act, interest income (discount) from Notes and income from the redemption of notes generating periodical proceeds by the issuer (**Redemption**) derived by a Polish tax resident individual does not cumulate with general income subject to the progressive tax rate but under Art. 30a.1 of the PIT Act (with respect to interest and discount) and Art. 30a.1.2a (with respect to income from Redemption) it is subject to tax at a flat rate of 19 per cent.

Under Art. 24.24 of the PIT Act, the income from Redemption is calculated as a difference between the amount obtained from the redemption of notes together with proceeds for the last period before the repurchase of the notes and the expenditures incurred for acquisition of the notes on the primary or secondary market by the taxpayer or its testator. Amounts of interest paid by the taxpayer or the testator upon acquisition of the notes in the part in which such interest is free of tax do not constitute expenses for acquisition of the notes for the purposes of calculation of income from Redemption.

Under Art. 41.4 of the PIT Act, the payer of interest or proceeds from Redemption, other than an individual not acting within the scope of their business activity, is obliged to collect flat-rate income tax on any payment of interest or Redemption proceeds.

Under the Art. 41.4d of the PIT Act, tax on interest (discount) and Redemption income on securities is withheld by entities keeping securities accounts for taxpayers, in their capacity as tax remitters, if the income (revenue) is earned in the territory of Poland and is associated with the securities registered in these accounts, and, further, if relevant payments are made to the taxpayers through those entities. These rules should also apply to the entities indicated in Art. 3.2 of the CIT Act (non-residents), to the extent they conduct their business activity through a foreign establishment located within the territory of Poland, if the account on which given securities are recorded is connected with the activity of that establishment. Consequently, foreign entities that do not operate through a Polish permanent establishment, e.g. foreign investment firms, not acting through Polish permanent establishments, should not be obliged to withhold the tax.

There are no regulations defining in which cases income earned (revenue) by a Polish tax resident should be considered income (revenue) earned in Poland. However, it is expected that such cases will

be analogous to those of non-residents. Pursuant to Art. 3.2b of the PIT Act, income (revenues) earned in the Republic of Poland by non-residents shall include in particular income (revenues) from:

1. work performed in the Republic of Poland based on a service relationship, employment relationship, outwork system and co-operative employment relationship irrespective of the place where remuneration is paid;
2. activity performed in person in the Republic of Poland irrespective of the place where remuneration is paid;
3. economic activity pursued in the Republic of Poland, including through a foreign establishment located in the Republic of Poland;
4. immovable property located in the Republic of Poland or rights to such property, including from its disposal in whole or in part, or from disposal of any rights to such property;
5. securities and derivatives other than securities, admitted to public trading in the Republic of Poland as part of the regulated stock exchange market, including those obtained from the disposal of these securities or derivatives, or the exercise of rights resulting from them;
6. redemption, repurchase, buy-out and otherwise annihilation of participation titles in capital funds established on the basis of the provisions in force in the Republic of Poland and sale of these participation titles for a fee;
7. the transfer of (a) ownership of shares in a company, (b) all rights and obligations in a partnership without legal personality, or (c) participation in an investment fund, a collective investment undertaking or other legal entity with similar rights, character or receivables as a consequence of holding such shares, rights and obligations, participation or rights - if at least 50 per cent. of the value of assets of this company, partnership, investment fund, collective investment undertaking or legal entity is constituted, directly or indirectly, by immovable properties located in the Republic of Poland, or rights to such immovable properties;
8. the transfer of ownership of shares, all rights and obligations, participation or similar rights in a real estate company (as defined in the PIT Act);
9. the receivables settled, including receivables put at disposal, paid out or deducted, by natural persons, legal persons, or organisational units without legal personality, having their place of residence, registered office, or management board in the Republic of Poland, irrespective of the place of concluding and performing the agreement; and the income (revenue) referred to in this point is considered to be the revenue listed in Art. 29.1 of the PIT Act, if they do not constitute income (revenue) referred to in points (i)-(vii) above; Art. 29.1 of the PIT Act lists, among others, interest income other than those mentioned in Art. 30a.1 of the PIT Act (which, in turn, refers to interest and discount on securities and income from the Redemption); and
10. unrealised gains as referred to in the exit tax regulations.

The above list is not exhaustive; therefore, the tax authorities may also consider that income (revenues) not listed above is sourced in Poland.

Given the above, each situation should be analysed to determine whether interest earned by a Polish tax resident individual from the Notes is considered to be income sourced in Poland and whether the entity operating the securities account for the individual will withhold the tax. Since the Issuer is not a

Polish entity, as a rule, interest from the Securities should not be considered as earned in the territory of Poland, except in specific circumstances (e.g. the Securities are admitted to public trading in Poland).

It should be expected that the issuer itself or a non-Polish entity operating the securities account for the individual will not withhold the tax.

According to Art. 45.3b of the PIT Act, if the tax is not withheld, the individual is obliged to settle the tax themselves in their annual tax return. Under Art. 45.1 of the PIT Act, the annual tax return should be submitted by 30 April of the following year.

Separate, specific rules apply to income from interest and from Redemption on securities held in Polish omnibus accounts (within the meaning of the provisions of the Act on Trading in Financial Instruments, hereinafter "**Omnibus Accounts**"). Under Art. 41.10 of the PIT Act, insofar as securities registered in Omnibus Accounts are concerned, the entities operating Omnibus Accounts through which the amounts due are paid are liable to withhold the flat-rate income tax on such income. The tax is charged on the day of placing the amounts due at the disposal of the Omnibus Account holder. These rules should also apply to the entities indicated in Art. 3.2. of the CIT Act to the extent that they conduct business activity through a foreign establishment located within the territory of Poland, if the account on which given securities are recorded is connected with the activity of that establishment. Consequently, foreign entities that do not operate through a Polish permanent establishment, e.g. foreign investment firms not acting through Polish permanent establishments, should not be obliged to withhold the tax.

Pursuant to Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest and Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Under Art. 45.3c of the PIT Act, taxpayers are obliged to disclose the amount of incomes (revenues) from interest (discount) and Redemption on securities (including the Notes referred to herein) in their annual tax return if the Notes were registered in an Omnibus Account and the taxpayer's identity was not disclosed to the tax remitter.

Under Art. 30a.9 of the PIT Act, withholding tax incurred outside Poland (including countries which have not concluded a tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability. Double tax treaties can provide other methods of withholding tax settlements.

(ii) Income from capital investments other than interest

Income other than interest or Redemption derived by a Polish tax resident individual from debt financial instruments, such as the Notes, held as non-business assets, including income from a transfer of securities for consideration, qualify as capital gains according to Art. 17 of the PIT Act. This income does not cumulate with the general income subject to the progressive tax scale but is subject to a 19 per cent. flat rate tax. The costs of acquiring the Notes are recognised at the time the revenue is achieved.

Based on Art. 17.2 and Art. 19.1 of the PIT Act, if the price expressed in the contract without a valid reason significantly deviates from the market value, the amount of income is determined by the tax authority or fiscal control authority in the amount of the market value. In principle, this income should be settled by the taxpayer by 30 April of the year following the year in which the income was earned. No tax or tax advances should be withheld by the person making the payments.

Furthermore, capital gains are subject to 4 per cent. solidarity levy calculated on the surplus of various incomes above PLN 1 million in total. The levy must be calculated and settled by the individuals themselves.

(iii) Notes held as business assets

In principal, if an individual holds the Notes as a business asset, in accordance with Art. 30b.3 of the PIT Act the income should be taxed in the same way as other business income. This will either be a tax, at 19 per cent. rate or the 12 per cent. to 32 per cent. progressive tax rate depending upon the individual's choice and the meeting of certain conditions, should be settled by the individuals.

Furthermore, business income is subject to 4 per cent. solidarity levy calculated on the surplus of various incomes above PLN 1 million in total. The levy must be calculated and settled by the individuals themselves.

Interest (discount) is subject to 19 per cent. flat rate tax, as described in point (1), above.

Taxation of a Polish tax resident corporate income taxpayer

Under Art. 3.1 of the Corporate Income Tax Act dated 15 February 1992 (the "**CIT Act**") the entire income of taxpayers who have their registered office or place of management in Poland is subject to tax obligation in Poland, irrespective of where the income is earned.

According to Art. 3.1a of the CIT Act, a taxpayer has a place of management in the territory of the Republic of Poland, *inter alia*, when the current affairs of this taxpayer are conducted in an organised and continuous manner in the territory of the Republic of Poland, based in particular on:

- (i) an agreement, decision, court ruling or other act regulating the establishment or functioning of the taxpayer; or
- (ii) powers of attorney; or
- (iii) Affiliations.

The appropriate tax rate is the same as the tax rate applicable to business activity, i.e. 19 per cent. for a regular corporate income taxpayer or 9 per cent. for small and new taxpayers i.e. taxpayers with revenues in the tax year not exceeding EUR 2 million (with certain exceptions listed in Art. 19.1a-1e of the CIT Act) taking into consideration the appropriate source of income (the lower rate does not apply to incomes classified as capital gains – Art. 7b of the CIT Act).

A Polish tax resident corporate income taxpayer is subject to income tax in respect of the Notes (both on any capital gains and on interest/discount) following the same principles as those which apply to any other income received from business activity from the same source of income. Regarding the proper source of revenue, in principle, the income (revenue) from the Notes, including their transfer for consideration, is combined with revenues from capital gains (Art. 7b.1 of the CIT Act). In the case of insurers, banks and some other entities (such as financial institutions), this revenue is included in revenues other than revenues from capital gains (Art. 7b.2 of the CIT Act).

As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when it is received and not when it has accrued. In respect of capital gains, the cost of acquiring the Notes will be recognised at the time the revenue is achieved.

Revenue from a transfer of securities for consideration is in principle their value expressed as the price specified in the contract. If the price expressed in the contract, without a valid reason, significantly deviates from the market value, the revenue amount is determined by the tax authority as an amount equivalent to the market value (Art. 14 of the CIT Act). In the case of income from the transfer of securities for consideration, tax deductible costs are generally recognised when the corresponding revenue has been received. The taxpayer (without the remitter's participation) settles income tax on interest/discount and on the transfer of securities for consideration, which is settled along with other income from the taxpayer's business activity within the same source of income.

Although Polish corporate income taxpayers should not be subject to Polish withholding tax, such tax may be withheld, under specific rules applying to interest income on securities held in Omnibus Accounts, under Art. 26.2a of the CIT Act, for income (revenue) from interest transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 20 per cent flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder. If such tax is withheld for a Polish tax resident corporate income taxpayer, to receive a refund of such tax, the entity should contact its tax advisor.

Any withholding tax incurred outside Poland (including countries which have not concluded any tax treaty with Poland), can be deducted from the Polish tax liability, up to an amount equal to the tax paid abroad, but not higher than the tax calculated in accordance with the applicable domestic tax rate. Double tax treaties may provide for other methods of withholding tax settlements.

Notes held by a non-Polish tax resident (natural person or corporate income taxpayer)

Under Art. 3.2a of the PIT Act, natural persons, if they do not reside in Poland, are liable to pay tax only on income (revenue) earned in Poland (limited obligation to pay tax).

Under Art. 3.2 of the CIT Act, in the case of taxpayers who do not have their registered office or management in Poland, only the income they earn in Poland is subject to taxation in Poland.

Non-Polish tax residents who are natural persons or corporate income taxpayers are subject to Polish income tax only with respect to their income earned in Poland. Under Art. 3.3 of the CIT Act, income (revenues) earned in the Republic of Poland by non-residents shall include in particular income (revenues) from:

1. all types of activity pursued in the Republic of Poland, including through a foreign establishment located in the Republic of Poland;
2. immovable property located in the Republic of Poland or rights to such property, including from its disposal in whole or in part, or from the disposal of any rights to such property;
3. securities and derivatives other than securities, admitted to public trading in the Republic of Poland as part of the regulated stock exchange market, including those obtained from the disposal of these securities or derivatives, or the exercise of rights resulting from them;
4. the transfer of (a) ownership of shares in a company, (b) all rights and obligations in a partnership without legal personality, or (c) participation in an investment fund, a collective investment undertaking or other legal entity with similar rights, character or receivables as a consequence of holding such shares, rights and obligations, participation or rights, if at least 50 per cent. of the value of assets of this company, partnership, investment fund, collective investment undertaking or legal entity is constituted, directly or indirectly, by immovable properties located in the Republic of Poland, or rights to such immovable properties;

5. the transfer of ownership of shares, all rights and obligations, participation or similar rights in a real estate company (as defined in the CIT Act);
6. the receivables settled, including receivables put at disposal, paid out or deducted, by natural persons, legal persons, or organisational units without legal personality, having their place of residence, registered office, or management board in the Republic of Poland, irrespective of the place of concluding or performing the agreement; and/or
7. unrealised gains referred to in the exit tax regulations.

Similar provisions are included in Art. 3.2b of the PIT Act.

It should be noted that the list of income (revenues) earned in Poland, as provided in Art. 3.3. of the CIT Act and Art. 3.2b of the PIT Act is not exhaustive, therefore, other income (revenues) may also be deemed to be earned in the Republic of Poland.

Even though the above list of circumstances in which income (revenue) is sourced in the Republic of Poland is not exhaustive, it could be argued that, in principle, payments under securities issued by a foreign entity are not sourced in Poland unless one of the cases indicated above occurs (in particular, the Securities are traded on the Warsaw Stock Exchange).

If income from the Notes is considered as sourced in Poland, the following applies:

Special exemption for Notes meeting special conditions

Corporate income tax

Under Art. 17.1.50c of the CIT Act, tax-free income is income earned by a CIT taxpayer subject to limited tax liability in Poland in respect of interest or a discount on Notes:

- (a) having a maturity of at least one year; and
- (b) admitted to trading on a regulated market or introduced into an alternative trading system within the meaning of the Act of 29 July 2005 on Trading in Financial Instruments, in the territory of Poland or in the territory of a state that is a party to a double tax convention concluded with Poland which regulates the taxation of income from dividends, interest and royalties,

unless the taxpayer is an Affiliated Entity with the Issuer of such Securities, and holds, directly or indirectly, together with other Affiliated Entities within the meaning of those regulations, more than 10 per cent. of the nominal value of those Notes (the Special Exemption).

Under Art. 26.1aa and 1ae of the CIT Act, remitters are not obliged to withhold tax on interest or discount in respect of Notes eligible for Special Exemption, provided that the issuer submits to the tax authority a declaration that it has acted with due diligence in informing Affiliated Entities (excluding entities whose Affiliations result solely from connections with the State Treasury (*Skarb Państwa*) or local government units or their associations), about the exemption conditions applying to those Affiliated Entities.

According to Art. 26.1af of the CIT Act, the declaration referred to above is submitted once in relation to a given Notes issue, no later than the date of payment of interest or discount on these securities. At the payer's request, the issuer is obliged to confirm its submission (Art. 26.1ag of the CIT Act).

The declaration is submitted in electronic form corresponding to the logical structure available in the Public Information Bulletin on the website of the office serving the minister responsible for public finances (Art. 26.7j of the CIT Act).

Personal income tax

Under personal income tax, there are analogous provisions on tax exemption regarding interest and discount referred to above (Art. 21.1.130c of the PIT Act) and releasing tax remitters from the obligation to withhold tax on interest or discount (Art. 41.24-27 of the PIT Act), with the exception that the tax remitters being entities operating securities accounts and Omnibus Accounts are obliged to withhold tax with respect to income (revenue) obtained by Polish tax resident natural person from notes otherwise eligible for the relief (Art. 41.24 in fine of the PIT Act) (**PIT Special Exemption**). These remitters include entities being Polish tax residents as well as non-Polish tax residents conducting business activities through a foreign establishment located in the territory of the Republic of Poland, if the account on which the securities are recorded is related to the activities of this establishment (Art. 41.4d and 41.10 of the PIT Act).

It must be noted that under Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest or Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Therefore, if the entities operating Omnibus Accounts acting as tax remitters are not able to identify the natural person i.e. whether it is or not tax resident in Poland, they may withhold tax at full rate on income from notes that would otherwise be eligible for the PIT Special Exemption.

Failure to meet the conditions for the Special Exemption or PIT Special Exemption

In the absence of the Special Exemption or PIT Special Exemption referred to above, the following rules apply:

In the case of taxpayers subject to limited tax liability in Poland, the income from interest (discount) on securities earned in the Polish territory is taxed as a general rule at a flat rate of 20 per cent. in the case of corporate income taxpayers (Art. 21.1.1 of the CIT Act). The applicable tax rate for the income from interest (discount) on securities and on the Redemption is 19 per cent. in the case of natural persons (Art. 30a.1 of the PIT Act).

Under Art. 26.1 of the CIT Act, interest payers, other than individuals not acting within the scope of their business activity, are obliged, as tax remitters, to collect lump-sum income tax on those payments on the day they are made. When verifying the conditions for the application of a withholding tax rate, exemption or the conditions for the non-collection of tax resulting from special provisions or double tax treaties, the remitter must exercise due diligence. When assessing the exercise of due diligence, the nature and scale of activity conducted by the remitter as well as its Affiliation with the taxpayer must be taken into account. Similar provisions are provided in Art. 41.4-4aa of the PIT Act.

Under Art. 26.2a and Art. 26.2c.1 of the CIT Act, the entities operating securities accounts and Omnibus Accounts for taxpayers, acting as tax remitters, should withhold this interest income if such interest income (revenue) was earned in Poland, is connected with securities registered in said accounts, and the interest payment to the taxpayer is made through said entities. Although it is considered that foreign entities do not act as Polish tax remitters, according to the above-mentioned provision, this obligation applies to non-residents to the extent they operate a permanent establishment in Poland and the account, on which securities are registered, is linked to the activity of this permanent establishment. Similar provisions concerning interest payments to individuals are provided in Art. 41.4d and Art. 41.10 of the PIT Act.

The rules of taxation described here may be modified by the relevant provisions of double tax treaties concluded by Poland, based on which a reduced tax rate or income tax exemption may apply to income (revenue) obtained from interest/discount or from Redemption (natural persons only) (Art. 21.2 of the CIT Act, Art. 30a.2 of the PIT Act). To benefit from the tax rate or income tax exemption under the tax treaty, the taxpayer should present a valid certificate of its tax residence. As a rule, the tax residence certificate is considered valid for twelve consecutive months from its date of issue (unless a specific date of its validity is included in its wording). Tax remitters may require additional documentation in order to be able to apply double tax treaty benefits described above, such as the confirmation of the recipient's beneficial owner status towards the payment.

Moreover, regardless of whether the particular tax treaty requires the recipient of the payment to be its beneficial owner, further to the approach presented by the tax authorities and confirmed by administrative courts verdicts, many tax treaties provide protection only for beneficial owners. Pursuant to Art. 4a.29 of the CIT Act and, respectively, Art. 5a.33d of the PIT Act, beneficial owner means an entity meeting all of the following conditions:

- (a) it receives the amount due for its own benefit, which includes deciding independently about its purpose and bears the economic risk associated with the loss of that receivable or part of it;
- (b) it is not an intermediary, representative, trustee, or another entity legally or actually obliged to transfer the receivable in whole or in part to another entity; and
- (c) it conducts actual business activity in the country of its registration (country of domiciliation in case of the PIT Act), if the receivables are obtained in connection with the conducted business activity and when assessing whether the entity conducts actual business activity, the nature and scale of such activity in the scope of the received receivables are taken into account.

The definition of a beneficial owner no longer refers to Art. 24a.18 of the CIT Act or Art. 30f. 20 of the PIT Act. However, those provisions include the following relevant factors that are likely to be considered by the tax authorities when determining if the given entity performs actual business activity:

- (i) the business activity carried out by the taxpayer is performed through an existing enterprise that actually performs activities constituting an economic activity; in particular, it possesses premises, qualified personnel and equipment used for performing business activity;
- (ii) the taxpayer does not create an artificial arrangement without a connection with any business activity;
- (iii) the taxpayer's actual premises, its personnel or equipment correspond to the scope of its actual business activity;
- (iv) the agreements concluded by the taxpayer are realistic in economic terms, they have economic justification and they are not noticeably contrary to the general business interest of the taxpayer; and
- (v) the taxpayer carries out its business functions independently, using its own resources, including managers who are present in the country of taxpayer's tax residency.

The majority of double tax treaties concluded by Poland provide for an exemption from income tax on capital gains, including income from the sale of securities obtained in Poland by a tax resident of a given country. The treatment of interest and amounts received under Redemption differs under particular double tax treaties, some of them providing for general exemption, limiting the exemption to certain categories of recipients or providing for a reduced rate of tax (which may also vary depending on the recipient).

Separate, specific rules apply to interest and amounts received under Redemption on securities held in Omnibus Accounts. Also, in cases where Polish withholding tax should not apply on payments to non-Polish tax residents (natural persons or corporate income taxpayers), under specific rules applicable to interest income (and income from Redemption in case of natural persons) on securities held in Omnibus Accounts there is a risk that such tax would be withheld.

Under Art. 26.2a of the CIT Act, with respect to income (revenue) from interest transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 20 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder.

Under Art. 30a.2a of the PIT Act, with respect to income (revenue) from interest or from Redemption transferred to taxpayers holding rights attached to securities registered in Omnibus Accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19 per cent. flat-rate tax is withheld by the tax remitter from the aggregate income (revenue) released for the benefit of all such taxpayers through the Omnibus Account holder. If such tax is withheld for non-Polish tax resident taxpayers, to receive a refund of such tax, the entity should contact its tax advisor.

If a foreign tax resident corporate income taxpayer acts through a permanent establishment in Poland tax remitters should not withhold the income tax on payments to such recipient, provided that such taxpayer delivers the tax remitter its certificate of tax residency along with a statement that the payments it receives are associated with the activity of its Polish permanent establishment (Art. 26.1d of the CIT Act). However, if it holds the Notes on an Omnibus Account, please see the comments on Omnibus Accounts presented above, in the section on taxation of a Polish tax resident corporate income taxpayer.

Pay & Refund regime

Corporate income tax

Under Art. 26.2e of the CIT Act, if the total amount paid out between Affiliated Entities on account of the items listed in Art. 21.1.1 of the CIT Act (including interest/discount on Notes) and Art. 22.1 of the CIT Act to the same taxpayer exceeds PLN 2,000,000 in the tax year of the payer, payers are, as a rule, required to withhold, on the day of payment, a flat-rate income tax at the basic rate (20 per cent. in the case of interest/discount on the Notes) from the excess over that amount, without being able not to withhold that tax on the basis of an appropriate double tax treaty, and also without taking into account exemptions or rates resulting from special regulations or double tax treaties (hereinafter, the "**Pay & Refund**").

Based on Art. 26.2ca of the CIT Act, the entities making payments through securities accounts or Omnibus Accounts are obliged to provide the entities maintaining these accounts, at least 7 days before the payment is made, with information about the existence of Affiliations between them and the taxpayer and about exceeding the amount of PLN 2,000,000. Entities providing this information are required to update it before making the payment in the event of a change in the circumstances covered by the information. In addition, in accordance with Art. 26.2ed of the CIT Act, in the circumstances referred to in section 2c, the excess amount and the existence of Affiliations will be determined by the entity keeping securities accounts or Omnibus Account. The entity keeping securities accounts or Omnibus Accounts does not take into consideration the amounts of payments on which tax was collected in accordance with Art. 26.2a of the CIT Act.

Under Art. 26.2i and 26.2j of the CIT Act, if the payer's tax year is longer or shorter than 12 months, the amount to which the Pay & Refund applies is calculated by multiplying 1/12 of PLN 2,000,000 and the number of months that have begun in the tax year in which the payment was made; if the calculation of that amount is not possible

by reference to the payer's tax year, the Pay & Refund shall apply accordingly to the payer's current financial year and, in its absence, with respect to the payer's other period with features specific to the financial year, for a period not longer than 23 consecutive months.

Under Art. 26.2k of the CIT Act, if the payment was made in a foreign currency, to determine whether the amount to which the Pay & Refund applies was exceeded, the amounts paid are converted into PLN at the average exchange rate published by the National Bank of Poland on the last business day preceding the payment day.

Under Art. 26.2l of the CIT Act, if it is not possible to determine the amount paid to the same taxpayer, it is presumed that it has exceeded the amount to which the Pay & Refund applies.

Under Art. 26.7a of the CIT Act, the Pay & Refund does not apply if the payer has declared that:

- (a) it holds the documents required by the tax law for the application of the tax rate or tax exemption or non-taxation under special regulations or double tax treaties; and
- (b) after verifying that the conditions to apply an exemption or reduced withholding tax rate resulting from special regulations or double tax treaties are satisfied, it is not aware of any grounds to believe that there are circumstances that exclude the possibility of applying the tax rate or tax exemption or non-taxation under special regulations or double tax treaties. In particular, it is not aware of the existence of circumstances preventing the fulfilment of certain conditions referred to in other regulations, including the fact that the interest/discount recipient is the beneficial owner and, if the interest/discount is obtained in connection with the business activity conducted by the taxpayer, that it is obtained in the country of tax residence that the taxpayer carries on the actual business activity.

The above is to be declared by the head of the unit within the meaning of the Accounting Act or a designated member of such head being a collegiate body (e.g. the Issuer's management board). The declaration cannot be made by proxy. The declaration is to be made by in electronic form not later than by the date of payment of the tax to the tax office for the month in which the threshold specified above was exceeded (Art. 26.7b and 26.7c of the CIT Act).

In the case of withholding tax being imposed as a result of the Pay & Refund, if double tax treaties or special regulations provide for a tax exemption or reduced tax rate, the taxpayer or tax remitter (if the taxpayer has paid tax with its own funds and has borne the economic burden of such tax, e.g. as a result of a gross-up clause) may apply for a refund of that tax by submitting the relevant documents and declarations. When recognising that the refund is justified, the tax authorities shall carry it out within six months.

Pursuant to the Regulation of the Minister of Finance dated 28 December 2022 regarding the exclusion of the obligation to collect flat-rate corporate income tax (the **Regulation**), in respect of securities held on securities accounts or Omnibus Accounts, until 31 December 2025 the application of the Pay & Refund regime is excluded to interest payable to taxpayers having their registered office or management outside the territory of the Republic of Poland.

Personal income tax

Analogous provisions apply to personal income tax (applying to interest and amounts earned from Redemption), including Art. 41.12 of the PIT Act which provides for an analogous Pay & Refund regime, while the Regulation of the Minister of Finance of 28 December 2022 regarding the exclusion of the obligation to collect flat-rate personal income tax is the equivalent of the Regulation.

Tax on civil law transactions

Neither an issuance of the Notes nor a redemption of the Notes is subject to tax on civil law transactions.

In light of Art. 1.1.1.a of the Tax on Civil Law Transactions Act dated 9 September 2000 (the "**PCC Act**"), agreements for sale or exchange of assets or proprietary rights are subject to tax on civil law transactions. The Notes should be considered as representing proprietary rights. Transactions are taxable if their subjects are:

- (a) assets located in Poland or proprietary rights exercisable in Poland;
- (b) assets located abroad or proprietary rights exercisable abroad if the acquirer's place of residence or registered office is located in Poland and the civil law transaction was carried out in Poland.

Although this is not clearly addressed in the law, in principle, the Notes should not be considered as rights exercisable in Poland, consequently, the tax would apply only if the purchaser was Polish and the transaction was concluded in Poland.

If the sale or exchange of the Notes is subject to the PCC, then the tax at 1 per cent of the market value of the Securities should be payable within 14 days after the sale or exchange agreement has been entered into. However, if such agreement has been entered into in notarial form, the tax due should be withheld and paid by the notary public. Tax on sale of the Notes is payable by the entity acquiring the Notes. In the case of exchange agreements, tax on civil law transactions should be payable by both parties jointly and severally.

However, under Art. 9.9 of the PCC Act, an exemption applies to the sale of property rights constituting financial instruments (such as the Notes):

- (a) to investment companies and foreign investment companies;
- (b) via investment companies or foreign investment companies;
- (c) as part of organised trading;
- (d) outside organised trading by investment companies and foreign investment companies, if those rights were acquired by those companies under organised trading;
- (e) to state-owned banks conducting brokerage activities;
- (f) made through state-owned banks conducting brokerage activities, or
- (g) made outside organized trading by state-owned banks conducting brokerage activities, if these rights were acquired by these banks as part of organized trading,

within the meaning of the provisions of the Act of 29 July 2005 on Trading in Financial Instruments;

Moreover, in accordance with Art. 1a.5 and 1a.7 in connection with Art. 2.4 of the PCC Act, the PCC exemption applies to sale or exchange agreements concerning the Notes:

- (a) to the extent that they are taxed with the VAT in Poland or in another EU Member State or EEA country;
or
- (b) when at least one of the parties to the transaction is exempt from VAT in Poland or in another EU Member State or EEA country on account of that particular transaction.

Remitter's liability

Under Art. 30 of the Tax Code dated 29 August 1997, a tax remitter failing to fulfil its duty to calculate, withhold or pay tax to a relevant tax authority is liable for the tax that has not been withheld or that has been withheld but not paid, up to the value of all its assets. The tax remitter is not liable if the specific provisions provide otherwise or if tax has not been withheld due to the taxpayer's fault. In such a case, the relevant tax authority will issue a decision concerning the taxpayer's liability.

According to Art. 30.5c of the Tax Code, the issuer is liable for the tax that has not been withheld if the statement made for the purposes of the Special Exemption is factually incorrect. This applies both in cases when the issuer acts as the tax remitter with respect to interest on Notes or not, especially it is withheld by the entity which holds securities accounts or Omnibus Accounts.

PORTUGUESE TAXATION

The following summary describes the tax regulations applicable to the acquisition, ownership, redemption and transfer, if any, of the Securities by Portuguese resident individual or corporate investors under current Portuguese law, though it does not take into account any developments or amendments thereof after the date of this Base Prospectus whether or not such developments or amendments have retroactive effect.

It should be noted that this summary does not explain all possible tax consequences of the above-mentioned transactions or the tax regulations applicable to all categories of Securities' holders, some of which may be subject to special rules.

Prospective investors are therefore advised to consult their lawyers or tax advisers, who will be in a position to provide personalised advice in the light of their particular circumstances. Prospective investors should also pay attention to any changes in currently applicable legislation or administrative interpretations thereof that may occur in the future.

1. Notes and other debt securities

(i) Direct Taxation

(a) Income arising from notes and other debt securities

Income deriving from notes and other debt securities issued by non-resident entities is subject to a 28 per cent. withholding tax, if the payment is made by a Portuguese resident entity.

Income deriving from notes and other debt securities paid or made available ("*colocado à disposição*") to accounts in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

The investor that is resident for tax purposes in Portugal may choose to treat the withholding tax as a final tax (when applicable) or to tax the income deriving from notes and other debt securities at the general progressive tax rates varying between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000 and up to EUR250,000 and of 5 per cent. applicable on income exceeding EUR250,000), provided that the relevant income is not obtained in the context of his or hers entrepreneurial or professional activity, in which case the withholding will be treated as a payment on account of the final tax due.

In case the payer of the income is not a Portuguese resident entity, no withholding tax applies and the investor which is tax resident in Portugal may choose between the taxation of income deriving from notes and other debt securities issued by non-resident entities at an autonomous rate of 28 per cent. (or 35 per cent. when income is paid or made available by an entity resident in a Tax Haven (as defined below)) or to aggregate that income to the remaining income to be subject to the general progressive tax rates, which vary between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000, up to EUR250,000 and thereafter a 5 per cent. surcharge applicable on income exceeding EUR250,000), provided that the relevant income is not obtained in the context of his or hers entrepreneurial or professional activity.

(b) Income arising from the transfer or redemption of notes and other debt securities

Regarding the capital gains obtained on the transfer or redemption of notes and debt securities, the investor which is tax resident in Portugal may choose between the taxation of the positive difference between capital gains and losses at an autonomous rate of 28 per cent. or to aggregate such income with

their remaining income that is subject to the general progressive tax rates, which vary between 13 per cent. and 48 per cent. (plus an additional surcharge of 2.5 per cent. applicable on income exceeding EUR80,000, up to EUR250,000 and thereafter a 5 per cent. surcharge applicable on income exceeding EUR250,000). Said aggregation is mandatory whenever said Note is held for a period shorter than 365 days and the total amount of income obtained by the individual Holder in that same year (regardless of its nature) is of EUR83,696 or higher (i.e., where a tax rate of 48% should apply, accompanied or not by additional surcharge depending on the amount of income, as provided above).

The amount of income qualified as capital gains shall correspond to the balance between capital gains and capital losses made in the same year. In case the Noteholder chooses to aggregate the capital gains or capital losses with the remaining income, the negative balance calculated in a given year may be carried forward to the following five years.

Capital losses do not form part of the calculation of the net capital gains when the counterpart in the transaction (i) is resident in a tax haven, as described in Order 150/2004 of 13 February, as amended (a "**Tax Haven**") or (ii) is resident in a country or jurisdiction where an income tax similar to Corporate Income Tax ("**CIT**") is not imposed or where the applicable tax rate is lower than 60 per cent. of the Portuguese CIT rate (i.e. 12 per cent., since the Portuguese CIT rate currently is 20 per cent.) and there is a special relationship, under the terms of the CIT Code, between the counterpart and the relevant Portuguese tax residents (excluding European Union Member States or European Economic Area member states that are subject to exchange of information obligations similar to the obligations established by the European Union).

Income obtained by resident individuals arising from capital gains related to notes and other debt securities is not subject to Portuguese withholding tax. To be subject to taxation, resident individuals will have to include the income derived from such notes and other debt securities in their tax returns.

(ii) **Corporate investors**

In general, interest and income arising from the transfer or redemption of notes and other debt securities obtained by non-resident entities is subject to a 25 per cent. withholding on account of the final tax due, if the issuer is a Portuguese resident entity.

No withholding tax shall be levied when the issuer of the notes and other debt securities is a non-resident entity or on gains obtained in the transfer or redemption of the notes and other debt securities.

Interest and income arising from the transfer or redemption of notes and other debt securities is regarded as taxable income and therefore subject to Portuguese CIT, as a general rule, at a 20 per cent. tax rate, possibly added to a municipal surcharge up to a maximum of 1.5 per cent. of the CIT. Small and medium enterprises (which employ fewer than 250 people and which have an annual turnover not exceeding EUR50,000,000, and/or an annual balance sheet total/gross assets not exceeding EUR43,000,000) and Small Mid Cap enterprises (which employ less than 500 people, regardless of the level of turnover and assets) benefit from a reduced CIT rate of 16 per cent. on the taxable income up to EUR50,000 (in the case of micro, small or medium enterprises and Small Mid Cap enterprises qualified as start-ups that carry out their activity and have effective management in Portuguese inland territories as defined in Ordinance 208/2017, of 13 July, this rate may be reduced to 12.5 per cent.), provided that certain requirements are met), being the exceeding income subject to the general 20 per cent. rate. A state surcharge is applicable on income obtained by CIT taxable entities as follows: (a) taxable income exceeding EUR1,500,000 up to EUR7,500,000 will be subject to a state surcharge of 3 per cent., (b) taxable income exceeding EUR7,500,000 up to EUR35,000,000 will be subject to a state

surcharge of 5 per cent and (iii) taxable income above EUR35,000,000 will be subject to a State surcharge of 9 per cent.

2. Indirect Taxation

The acquisition, redemption and transfer for a consideration of the Securities will not be subject to any Transfer Tax or Stamp Tax in Portugal and will be exempt from Portuguese Value Added Tax, in accordance with the Portuguese legislation.

3. Stamp Tax and CIT on Inheritance and Gifts

Acquisition of the Securities by individuals not for valuable consideration (by way of inheritance or gift) is subject to Stamp Tax, at a 10 per cent. rate, if the corresponding Issuer has its head office or its effective place of management in Portugal or a permanent establishment in this territory and the acquirer is a Portuguese resident.

Acquisition of the Securities by Portuguese resident corporate investors not for valuable consideration (by way of inheritance or gift) is regarded as taxable income and therefore subject to CIT, as a general rule, at a 20 per cent. tax rate (or, in case of Small and medium enterprises and Small Mid Cap enterprises, at a 16 per cent. tax rate, or 12.5 per cent. in cases of start-ups that carry out their activity and have effective management in Portuguese inland territories as defined in Ordinance 208/2017 of 13 July, both applicable to the first EUR 50,000 of taxable income, while the 20 per cent. tax rate applies to the remaining taxable income of the company), all possibly added to a municipal surcharge up to a maximum of 1.5 per cent. A state surcharge is applicable on income obtained by CIT taxable entities as follows: (a) taxable income exceeding EUR1,500,000 up to EUR7,500,000 will be subject to a State surcharge of 3 per cent., (b) taxable income exceeding EUR7,500,000 up to EUR35,000,000 will be subject to a State surcharge of 5 per cent and (iii) taxable income above EUR35,000,000 will be subject to a State surcharge of 9 per cent.

Acquisition of the Securities by non-resident corporate investors not for valuable consideration (by way of inheritance or gift) is subject to CIT, at a 25 per cent. rate, if the corresponding Issuer has its head office or its effective place of management in Portugal. Under the tax treaties entered into by Portugal, such gains are usually not subject to Portuguese tax, but the applicable rules should be confirmed on a case by case basis.

4. Mandatory Automatic Exchange of Information

The Directive no. 2014/107/EU of 9 December 2014 which amended EU Council Directive no. 2011/16/EU ("**Administrative Cooperation Directive**") to extend the mandatory automatic exchange information to a wider range of income, including financial income, is in line with the Standard for Automatic Exchange of Financial Account Information in Tax Matters issued by OECD in July 2014 and with the bilateral exchange agreements between the United States of America and several other countries to implement the United States' Foreign Account Tax Compliance Act ("**FATCA**").

Portugal has implemented the Administrative Cooperation Directive (as amended by the EU Council Directive no. 2014/107/EU) into Portuguese law through Decree-Law no. 64/2016, of 11 October 2016, as amended.

Portugal has also implemented the FATCA regulations through Decree-Law no. 64/2016, of 11 October 2016, as amended.

Prospective investors tax resident in Portugal should consult their own legal or tax advisers regarding the consequences of the Administrative Cooperation Directive and the FATCA regulations in their particular circumstances.

SLOVAK TAXATION

This summary covers general tax treatments which would be applicable for an individual investor or a corporate investor who was considered a Slovak tax resident and is presumably involved in acquiring, owning or disposing of the Securities as well as receiving any payment in any kind of capital gains on the Securities in the territory of Slovakia. This does not represent a comprehensive summary of all the tax-relevant aspects that may be important from the tax perspective of making an investor's decision to purchase, hold or sell the Securities. This is not to be provided any representation or guarantee regarding possible tax consequences of the purchase, holding or disposal of the Securities or any tax advice provided by the professional. This summary is based on assumption that the Issuer is not deemed to be tax resident in Slovakia and does not operate a branch which should be situated in Slovakia.

1. Withholding tax on payments made to investor

On the basis that the Issuer is not a resident in Slovakia for tax purposes and has no presence or permanent establishment in Slovakia, there is no Slovak withholding tax applicable on payments made by the Issuer in respect of the Securities made to the investor. If the recipient of the payments related to the Securities is considered a Slovak tax resident, respective articles on interest, dividend payments or a disposal of the Securities of Double Tax Treaty concluded between country of Issuer and Slovakia if exists, should be applied. The withholding tax should be triggered only in case while the Issuer was a tax resident or non-residential legal entity with its permanent establishment situated in Slovakia, or in some cases where the Securities are held in custody account in Slovakia.

2. Private investor with tax residence in Slovakia

A private individual investor who is a tax resident in Slovakia, is subject to personal income tax which is applied to any income gained from the holding, redemption, sell or any other transaction related to the Securities including interest income or any kind of gain earned from the disposal of the Securities. In general, the applicable tax rate is 19%. If a total annual income of the Slovak individual investor including income derived from the Securities exceeds EUR 48,441, the rate 25% is applied for the income exceeding this amount.

The private investor must file a personal income tax return for a particular calendar year when income was credited to investor's account, report his worldwide income subject to income tax and finally pay the tax liability which determined in the annual tax return. Income taxed by withholding tax in Issuer's jurisdiction should be deducted from the total tax liability reported in the country of residence. Gains earned from the sale of the Securities which were accepted for trading on the stock exchange in Slovakia or abroad will be exempt from income tax if the private investor holds the Securities for more than one year, whereas this exemption shall not apply to income from the transfer of the Securities which were the business assets of the taxpayer. The gains should also be exempt from personal income tax if the Securities were included in a long-term investment portfolio managed by the trader on a capital market in compliance with the Slovak Securities Act (Slovak Act No. 566/2001 Coll. on securities and investment services, as amended) and redeemed from the portfolio after at least 15 years. Furthermore, gains of up to EUR 500 per calendar year from the disposal of the Securities could be exempt, whereas this exemption shall not apply to income from the transfer of Securities which were the business assets of the taxpayer.

In addition to the income tax, as a general rule, a private individual investor who is a mandatorily health insured person in Slovakia has to pay health insurance contributions at the rate of 15% of the taxable income from the Securities.

3. Entrepreneur and corporate investor with tax residence in Slovakia

Legal entities residing in Slovakia will be subject to corporate income tax on any income resulting from the holding, redemption, sell or any other transaction with the Securities. Such financial income or gain from the disposal of the Securities shall form part of the general corporate income tax basis determined by accounting performed in compliance with Slovak accounting principles which is additionally adjusted by non-taxable income or non-deductible expense. The applicable corporate income tax rate is 21% except the taxpayers with limited income up to EUR 100,000 for whom preferred tax rate in amount of 10% is applied. Taxpayers with income more than EUR 5,000,000 pay a tax rate in amount of 24%.

4. Value added tax (VAT)

On the basis that the Issuer has no seat in Slovakia for VAT and has no establishment in the Slovak territory which presents material and personal capacity for being a taxable person in Slovakia, no Slovak VAT will be payable with respect to the Securities or with respect to payments on the Securities. In general, purchase or sell transactions regarding the Securities are not within the scope of VAT or deemed to be exempt from VAT as financial service depending on the fact that the transaction is carried out by the Issuer itself or any intermediating party.

5. Other tax duty in Slovakia

The acquisition, ownership, sell or disposal of the Securities by an investor in Slovakia does not trigger any stamp duty, or any registration obligation, transfer tax, gift tax or other similar tax burden.

SPANISH TAXATION

The statements herein regarding the tax legislation in Spain are based on the laws in force in Spain as of the date of this Base Prospectus (without prejudice to regional tax regimes in the Historical Territories of the Basque Country and the Community of Navarre or provisions passed by Autonomous Communities which may apply to investors for certain taxes) and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax adviser as to the Spanish tax consequences of the ownership and disposition of the Notes.

1. Introduction to taxation in Spain

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (a) for individuals with tax residency in Spain who are personal income tax ("**Personal Income Tax**") taxpayers, Law 35/2006, of 28 November on Personal Income Tax and on the partial amendment of the Corporate Income Tax Law, Non Residents Income Tax Law and Wealth Tax Law as amended (the "**Personal Income Tax Law**"), and Royal Decree 439/2007, of 30 March promulgating the Personal Income Tax Regulations as amended along with Law 19/1991, of 6 June on Wealth Tax as amended and Law 29/1987, of 18 December on Inheritance and Gift Tax, as amended, and Law 38/2022, of 27 December 2022 for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes;
- (b) for legal entities resident for tax purposes in Spain which are corporate income tax ("**Corporate Income Tax**") taxpayers, Law 27/2014, of 27 November on Corporate Income Tax Law as amended, and Royal Decree 634/2015, of 10 July promulgating the Corporate Income Tax Regulations, as amended, (the "**Corporate Income Tax Regulations**"); and
- (c) for individuals and legal entities who are not resident for tax purposes in Spain and are non-resident income tax ("**Non-Resident Income Tax**") taxpayers, Royal Legislative Decree 5/2004, of 5 March promulgating the Consolidated Text of the Non-Resident Income Tax Law as amended (the "**NRIT Law**"), and Royal Decree 1776/2004, of 30 July promulgating the Non-Resident Income Tax Regulations as amended along with Law 19/1991, of 6 June on Wealth Tax as amended and Law 29/1987, of 18 December on Inheritance and Gift Tax, as amended, and Law 38/2022, of 27 December 2022 for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes.

2. Individuals with Tax Residency in Spain

2.1 Personal Income Tax (*Impuesto sobre la Renta de las Personas Físicas*)

Personal Income Tax ("**PIT**") is levied on an annual basis on the worldwide income obtained by Spanish tax resident individuals, whatever its source and wherever the relevant payer is established. Therefore, any income that a Spanish holder of the Notes may receive under the Notes will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties –"*rendimiento del capital mobiliario*" –).

SPANISH TAXATION

These amounts will be included in the savings taxable base of the PIT at the following tax rates: (i) 19 per cent. for taxable income up to EUR6,000; (ii) 21 per cent. for taxable income from EUR6,001 to EUR50,000; (iii) 23 per cent. for taxable income from EUR50,000.01 to EUR200,000; (iv) 27 per cent. for taxable income from EUR200,000.01 and EUR300,000 and (iv) 30 per cent. for any amount in excess of EUR300,000.

Spanish holders of the Notes should calculate the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Notes will be calculated as the difference between (a) their disposal, redemption or reimbursement value and (b) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Notes may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses related to the management and deposit of the Notes, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Negative income that may arise from the transfer of Notes cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Notes, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

2.2 **Spanish Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Individuals with tax residency in Spain who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable Spanish regional or federal rules. The applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent., although the final tax rate may vary depending on any applicable regional tax laws. Certain tax benefits could reduce the effective tax rate.

2.3 **Spanish Tax Wealth Tax (*Impuesto sobre el Patrimonio*) and Spanish Solidarity Tax (*Impuesto Temporal de Solidaridad de las Grandes Fortunas*)**

Individuals with tax residency in Spain are subject to Spanish Wealth Tax on their total net wealth, regardless of the location of their assets or of where their rights may be exercised, to the extent that their net worth exceeds EUR 700,000 subject to any exceptions provided under the relevant legislation of the autonomous region (*Comunidad Autónoma*) where the taxpayer is tax resident. Therefore, Spanish holders of the Notes should take into account the value of the Notes which they hold as of 31 December of each year, when calculating their Spanish Wealth Tax liabilities. The applicable tax rates range between 0.2 per cent and 3.5 per cent although the final tax rates may vary depending on any applicable regional tax laws, and some reductions and/or reliefs may apply.

In addition to the above, note that the so-called "Solidarity Tax" was approved in December 2022, which is a complementary wealth tax that, in practical terms, applies, under certain conditions, to those tax residents in an autonomous region where the Wealth Tax is partial or fully exempt (as Madrid and Andalusia). Please note that the Basque Country and Navarre have approved their own legislation in this regard.

The rates of the "Solidarity Tax" are the following:

SPANISH TAXATION

| Taxable base up to (EUR) | Tax due (EUR) | Rest of taxable base (EUR) | Rate |
|-----------------------------|---------------|-------------------------------|------|
| 0.00 | 0.00 | 3,000,000.00 | 0% |
| 3,000,000.00 | 0.00 | 2,347,998.03 | 1.7% |
| 5,347,998.03 | 39,915,97 | 5,347,998.03 | 2.1% |
| 10,695,996.06 | 152,223,93 | Any excess | 3.5% |

Note that the regulation lays down a minimum exempt amount of EUR700,000 which means that its effective impact, in general, will occur when the net wealth, not tax exempt, is greater than EUR3,700,000. Nonetheless, the amount payable for this tax could be reduced by the amount paid for Spanish Wealth Tax.

Prospective investors are advised to seek their own professional advice in this regard.

3. Legal Entities with Tax Residence in Spain

3.1 Corporate Income Tax (*Impuesto sobre Sociedades*)

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes, which constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital, obtained by entities which are tax resident in Spain, shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for Spanish Corporate Income Tax ("CIT") taxpayers is currently 25 per cent. This general rate will not be applicable to all CIT taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent.). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment undertakings).

Please note that there are reduced CIT rates depending on the annual net turnover of the taxpayer, as follows:

For entities whose net turnover for the immediately preceding tax period is less than EUR 1 million, the following rates will apply:

- (a) For the portion of the taxable base between EUR 0 and 50,000, at a rate of 17 percent.
- (b) For the remaining portion of the taxable base, at a rate of 20 percent.

For entities whose net turnover for the immediately preceding tax period is less than EUR 10 million, a 20 percent rate will apply.

Newly created entities that engage in economic activities will be taxed at a rate of 15 percent for the first tax period in which the taxable base is positive and for the following period.

It should be noted that the reduced CIT rates of 20 percent, 17 percent, and 15 percent will not apply to entities that are considered passive holding companies, as defined in Section 2 of Article 5 of the Spanish CIT Law.

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

3.2 Spanish Wealth Tax / Spanish Solidarity Tax

Legal entities resident in Spain for tax purposes are not subject neither to Spanish Wealth Tax nor to Spanish Solidarity Tax.

3.3 Inheritance and Gift Tax

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax but must include the market value of the Notes in their taxable income for Spanish CIT purposes.

4. Individuals and Legal Entities acting through a permanent establishment in the Spain

4.1 Non-Resident Income Tax (*Impuesto sobre la Renta de No Residentes*)

If the Notes are effectively connected to a permanent establishment in Spain of an individual or legal entity who is not resident in Spain for tax purposes, any income arising from the Notes will be subject to the Non-Resident Income Tax. In particular, the taxable base of the permanent establishment shall be (generally) determined in accordance with the Spanish Corporate Income Tax rules.

4.2 Spanish Wealth Tax / Solidarity Tax

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Spanish Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose assets and rights located or deposited in Spain, or that can be exercised within the Spanish territory exceed EUR700,000 would be subject to Spanish Wealth Tax at the applicable rates (ranging between 0.2 per cent. and 3.5 per cent). Individuals who are non-resident in Spain for tax purposes may apply the rules approved by the autonomous region where the assets and rights with more value are located.

In addition to the above, the so-called "Solidarity Tax" was approved in December 2022, which is a complementary wealth tax that, in practical terms, applies, under certain conditions, to those residents in an autonomous region where the Spanish Wealth Tax is partial or fully exempt. Please note that the Basque Country and Navarre have approved their own legislation in this regard.

The rates of the "Solidarity Tax" are the following:

| Taxable base up to (EUR) | Tax due (EUR) | Rest of taxable base (EUR) | Rate |
|---------------------------------|----------------------|-----------------------------------|-------------|
| 0.00 | 0.00 | 3,000,000.00 | 0% |
| 3,000,000.00 | 0.00 | 2,347,998.03 | 1.7% |
| 5,347,998.03 | 39,915,97 | 5,347,998.03 | 2.1% |
| 10,695,996.06 | 152,223,93 | Any excess | 3.5% |

Note that the regulation lays down a minimum exempt amount of EUR700,000 which means that its effective impact, in general, will occur when the net wealth, not tax exempt, is greater than EUR3,700,000. Nonetheless, the amount payable for this tax could be reduced by the amount paid for Spanish Wealth Tax.

Non-Spanish resident legal entities are neither subject to Net Wealth Tax nor to Solidarity Tax.

Prospective investors are advised to seek their own professional advice in this regard.

4.3 **Inheritance and Gift Tax**

Individuals who do not have tax residency in Spain who acquire ownership or other rights over the Notes by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance and gift tax will be subject to the relevant double tax treaty.

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to inheritance and gift tax in accordance with Spanish legislation, to the extent that rights deriving from the debt securities are located or deposited or can be exercised within the Spanish territory.

However, if the deceased, heir or the donee are not resident in Spain, depending on the specific situation, the applicable rules will be those corresponding to the relevant autonomous regions according to the Spanish legislation. As such, prospective investors should consult their tax advisors.

The applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent., although the final tax rate may vary depending on any applicable regional tax laws. Certain tax benefits could reduce the effective tax rate.

Non-Spanish resident legal entities which acquire ownership or other rights (located or deposited or that can be exercised within the Spanish territory) over the Notes by inheritance, gift or legacy are not subject to inheritance and gift tax. They will be subject to Non- Resident Income Tax. If the legal entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double-tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

5. **Spanish withholding tax**

Under Spanish tax law currently in force, the relevant Issuer should not be obliged to deduct withholding tax on account of Spanish income taxes since it is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Notes is connected.

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Notes or intervenes as manager on the collection of any income under the Notes, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Notes. To this end, income deriving from the Notes will include not only interest payments but also income arising from the disposal, redemption or reimbursement of the Notes, if any.

The current withholding tax in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish PIT liability, in the case of Spanish resident individuals, or against final Spanish CIT liability, in the case of Spanish CIT taxpayers, or against final Spanish Non-Resident Income Tax liability, in the case of Spanish permanent establishments of non-resident investors. However, holders of the Notes who are CIT taxpayers or Non-Resident Income Taxpayers acting through a permanent establishment in Spain can benefit from a withholding tax exemption when the Notes are (a) listed on an OECD official stock exchange; or (b) represented in book-entry form and admitted to trading on a Spanish secondary stock exchange or on the Alternative Fixed Income Securities Market (*Mercado Alternativo de Renta Fija*).

Additionally, when the Notes (i) are represented in book-entry form; (ii) are admitted to trading on a Spanish secondary stock exchange; and (iii) generate explicit yield, holders who are PIT taxpayers can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of such Notes.

However, under certain circumstances, when a transfer of the Notes has occurred within the 30-day period immediately preceding any relevant interest payment date, such PIT taxpayers may not be eligible for such withholding tax exemption.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the regulations of the Spanish tax legislation when intervening in the transfer or reimbursement of the Notes.

6. Indirect taxation

The acquisition, transfer, redemption, reimbursement and exchange of the Notes will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax.

7. Reporting Obligations to the Spanish Tax Authorities

Spanish resident holders of Notes or non-resident holders with a permanent establishment in Spain to which the Notes are effectively connected should seek advice from their tax adviser as to whether they should include the Notes in the annual reporting (720 Official Tax Form) to the Spanish Tax Authorities declaring assets and rights held outside Spain (filing in respect of Notes held as of 31 December 2025 will be due by 31 March 2026). Failure to satisfy this reporting obligation may trigger tax penalties and other tax implications.

This obligation would need to be complied with if certain thresholds are met; specifically, if the only rights/assets held abroad are the Notes, this obligation would apply if the value of the Notes together with other qualifying assets held on 31 December exceeds EUR50,000 (with the corresponding valuation to be made in accordance with special rules). If this threshold is met, a declaration would only be required in subsequent years if the value of the Notes together with other qualifying assets increases by more than EUR20,000 against the declaration made previously. Similarly, cancellation or extinguishment of the ownership of the Notes before 31 December should be declared if such ownership was reported in previous declarations. Noteholders should seek their own advice to determine if any of the reporting exemptions is applicable.

SLOVENIAN TAXATION

The following is a general description of certain Slovenian tax considerations relating to the Securities, based on the Issuer's understanding of the current law and its practice in Slovenia. It does not purport to be a complete analysis of all relevant tax considerations. Furthermore, it only relates to the position of investors who are beneficial owners of the Securities and the interest and may not apply to certain classes of investors. Prospective purchasers of the Securities should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the Republic of Slovenia of acquiring, holding and disposing of the Securities and receiving payments of interest, principal and/or other amounts under the Securities. This overview is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

1. Taxation of individuals

Residents and non-residents

In accordance with Article 6 of the Personal Income Tax Act (*Zakon o dohodnini*; "ZDoh-2"), an individual is deemed to be a resident of Slovenia if his registered permanent address, habitual place or the centre of his personal and economic interests is in Slovenia. In addition, any person who has been present in Slovenia in a tax year for more than 183 days in the aggregate is deemed to be a resident in the tax year. Resident individuals are subject to income tax on their worldwide income. In general, under Article 5 ZDoh-2, all income, profits and gains are taxable, unless specifically exempt by law.

In accordance with the Personal Income Tax Act, non-residents are subject to tax on income derived from a source in Slovenia. Withholding tax is generally levied at a rate of 25%. Source taxation may be obviated or reduced pursuant to the terms of an applicable double taxation treaty, with the holder applying for a refund with the Slovenian tax authorities providing proof of eligibility.

Taxation of financial derivatives

Under ZDoh-2 capital gains from the sale or other disposition of debt securities and other financial derivatives held as non-business assets are in general exempt from taxation. Capital gains derived from the alienation of financial derivatives (as defined in the Article 7 of the Financial Instruments Market Act (*Zakon o trgu finančnih instrumentov* "ZTFI-1") and debt securities (except for coupon debt securities and discount debt securities) by a resident individual are taxed at the rate of 40% (in the first 12 months of holding) and 27.5% (in the following 4 years of holding) according to the Act on the Taxation of Profits from the Disposal of Derivatives (*Zakon o davku od dobička od odsvojitve izvedenih finančnih instrumentov*, "ZDDOIFI"). The tax rate is further reduced by 7.5 percentage points for the next 5 years of holding, so that the rate of 20% applies after 5th year of holding, and further by 5 percentage points for each following 5 years of holding so that 15% and 10% tax rate applies after the 10th and 15th year of holding, respectively. After the 20th year of holding 0% tax rate applies. Tax return must be filed by Slovenian tax resident (Individual) until 28th February for the previous year. Slovenian tax residents are taxed based on the principle of worldwide income; any income - deriving from Slovenia or abroad - is subject to taxation. If withholding tax paid abroad, the credit may not exceed the lower of the following: a) the tax actually paid on the foreign source income (according to the tax treaty, if applicable); and b) the tax payable on such income in Slovenia which would apply in the absence of the credit relief.

Taxation of interest

Under the Slovenian tax laws currently in effect, the payment of interest on the debt securities (as defined in the Article 81 of the ZDoh-2 in accordance with their terms and conditions to a resident individual (within the meaning of the relevant provisions of ZDoh-2) will generally be subject to tax at a flat rate of 25%. (levied by way of withholding or by way of assessment), provided that these qualify as non-business assets. Income from

a disposal or repurchase by the issuer of discounted debt securities (including non-coupon debt securities) shall also be considered as interest income (in accordance with Article 88 of ZDoh-2). Tax return must be filed by Slovenian tax resident (Individual) until the 28 February for the previous year.

Pursuant to Article 54 of ZDoh-2 interest on Securities issued in series held by a resident individual as business assets will generally qualify as non-business income, in which case it would be subject to the flat rate of 25% as described above, instead of the progressive tax rate of up to 50%, which generally applies to business income.

Taxation of dividends and capital gains

Dividends and other profit distributions are taxed by way of a 25% final withholding tax.

In general, individuals are subject to income tax on their capital gains if derived from the disposal of immovable property, shares and other participation rights, investment coupons etc. Taxable capital gains are generally taxed at a 27.5% final tax rate. After five years of holding, capital gains are taxed at a 20% final tax rate, after ten year of holding at a 15% final tax rate. Any gains are exempt after a 15 year-holding. Capital gains derived from the alienation of financial derivatives are not taxed according to this rule but are taxed only as described previously under Taxation of financial derivatives.

Inheritance and gift taxation

Individuals and private law entities (within the meaning of the Article 3 of the Slovenian Inheritance and Gift Tax Act (*Zakon o davku na dediščine in darila*, "ZDDD") are subject to Slovenian inheritance and gift tax in case of a transfer of the Securities mortis causa or inter vivos. The rate of such tax depends upon the value of the assets transferred and upon the relationship between the deceased/the donor on the one hand and the heir/the recipient on the other hand. An exemption may apply in certain cases, such as to transfers between direct descendants and between spouses, as well as to a transfer of movable property the total value of which does not exceed EUR 5,000.

Withholding tax

Withholding tax must be withheld at source and deducted from payments of interest, dividends, royalties, and other incomes if such taxable income is paid by local taxpayer. In other cases, tax return must be filed by individual upon receipt of such income.

EU Financial Transaction Tax

On the European Union level negotiations are underway in order to implement a harmonized financial transaction tax which might have a negative impact on the receipts deriving from the Securities.

For further information please refer to the paragraph above, headed EU Financial Transaction Tax.

2. Taxation of corporations

Under the Slovenian tax laws currently in effect, the payment of interest on the Securities in accordance with their terms and conditions within the meaning of the relevant provisions of the Slovenian Corporate Income Tax Act (*Zakon o davku od dohodkov pravnih oseb*, "ZDDPO-2") received by (i) a legal person resident for tax purposes in the Republic of Slovenia; or by (ii) a permanent establishment (*poslovna enota*) in the Republic of Slovenia of a legal person not resident for tax purposes in the Republic of Slovenia, is considered as a part of the overall taxable income. The Corporate Income Tax is levied on the net profits, defined according to the profit and loss account, as stipulated by the law and the Accounting Standards. The tax rate is 19%.

3. Financial Services Tax

The subject of taxation according to Financial Services Tax Act (*Zakon o davku na finančne storitve*, "ZDFS") are the following services: a) granting and negotiation of credit or loans in monetary form and the management of credit or loans in monetary form by the person who is granting the credit or the person who is granting the loan; b) issuing of credit guarantees or any other security for money and management of credit guarantees by the person who is granting the credit; c) transactions, including negotiation, concerning deposit and current or transaction accounts, payments, transfers, debts, cheques and other negotiable instruments; d) transactions, including negotiation, concerning currency, bank notes and coins used as legal tender; e) services provided by insurance brokers and agents.

A taxable person shall be any person who provides the financial services in the territory of the Republic of Slovenia. It shall be deemed that above stated financial services have been provided in the territory of Slovenia if they were provided by a person who has established its business or has a fixed establishment from which such financial service is provided or has its usual or permanent place of residence in the territory of Slovenia. It shall be also deemed that a financial service has been provided in the territory of Slovenia if it is provided by a person who has established his business or has a place of establishment from which the service is provided or has or has his usual or permanent place of residence outside Slovenia, but may, in accordance with the existing legislation, provide the financial services in the territory of Slovenia directly to clients or recipients of services who have established their business or have a place of establishment or their usual or permanent place of residence in the territory of Slovenia.

Applicable tax rate is 8,5% and is chargeable on the commission of a financial service. It shall be deemed that a financial service has been provided when a fee for the commission of the service has been paid. The above stated commission shall exclude interest payable by a customer of services to a taxable person for the provision of the agreed financial service when such interest does not constitute the payment of expenses by a taxable person for the service provided.

U.S. DIVIDEND EQUIVALENT WITHHOLDING

U.S. DIVIDEND EQUIVALENT WITHHOLDING

Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**") treats a "dividend equivalent" payment as a dividend from sources within the United States that is generally subject to a 30 per cent. U.S. withholding tax which may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the "**IRS**"). A "**dividend equivalent**" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). U.S. Treasury regulations issued under Section 871(m) and applicable guidance ("**Section 871(m) Regulations**"), require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as dividend equivalent payments. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Security a "**Specified Security**"). Certain exceptions to this withholding requirement apply, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made upon the date of maturity, lapse or other disposition of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for cash payments explicitly linked to dividends. The Issuer intends to withhold the full 30 per cent. tax on any payment on the Securities in respect of any dividend equivalent arising with respect to such Securities regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). The Issuer is unable to apply such an exemption from, or a reduction in, such withholding because many central securities depositories do not provide identifying information regarding the beneficial owners of any Specified Security and the Issuer does not expect that the relevant clearing system(s) clearing such Specified Securities will provide such information. If the beneficial owner of a payment is entitled to a reduced rate of withholding under a tax treaty, this may result in over-withholding and the beneficial owner may not be able to obtain a refund. Furthermore, the Issuer will not be able to assist in any refund claims. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Noteholders entitled to a reduced rate of withholding should consult their tax advisors regarding an investment in any Specified Securities.

Pursuant to IRS guidance, a Security issued prior to 1 January 2027 that does not have a "delta" of one with respect to underlying securities that could pay U.S.-source dividends for U.S. federal income tax purposes generally will not be considered a Specified Security subject to the Section 871(m) Regulations. If the terms of a Security are subject to a "significant modification" (as defined for U.S. tax purposes), the Security generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Security is a Specified Security. Similarly, if additional Securities of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Securities out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Securities are Specified Securities as the date of such subsequent sale or issuance. Consequently, a previously out of scope Security might be treated as a Specified Security following such modification or further issuance.

The applicable Final Terms will indicate whether the Issuer has determined that Securities are Specified Securities and may specify contact details for obtaining additional information regarding the application of Section 871(m) to such Securities. The applicable Final Terms will also indicate if payments on a series of Specified Securities are calculated by reference to "Net Dividends" (i.e., the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding

U.S. DIVIDEND EQUIVALENT WITHHOLDING

tax) or "Net Total Returns" (i.e., the net total return of the U.S. source dividend paying components, as calculated by the relevant Index Sponsor, of an index that reinvests U.S. source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S. withholding tax on such U.S. source dividends). A non-U.S. holder of such Specified Securities should expect to be subject to withholding in respect of any underlying dividend-paying U.S. securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the Code, commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by "foreign financial institutions" ("**foreign passthru payments**") and (ii) dividend equivalent payments in respect of a Specified Security (as described above in "*U.S. Dividend Equivalent Withholding*"), in each case, to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Securities characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). The grandfathering date for (A) Securities that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Securities that give rise to a dividend equivalent pursuant to Section 871(m) of the Code and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalent payments. If additional Securities (as described under "*Terms and Conditions of the Notes—Further Issues*") that are not distinguishable from such previously issued grandfathered Securities are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Securities, including the Securities offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Securities. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Securities, no person will be required to pay additional amounts as a result of the withholding.

OTHER TAXATION

The payment of the Cash Settlement Amount on the Securities, if any, will be made subject to withholding taxes and other taxes which the law may impose on holders of the Securities.

Individuals and legal entities should consult their usual tax advisors with respect to the tax treatment which applies to them.

In addition, holders of the Securities should comply with the tax laws applicable in the jurisdiction in which they are resident, subject to the application of any applicable tax treaty in force between France or, as the case may be, the Netherlands, and such jurisdiction.

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Security.

TRANSACTIONS INVOLVING SECURITIES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING SECURITIES SHOULD CONSULT THEIR OWN TAX ADVISERS.

Transactions involving Securities may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and may relate to transfer and registration taxes.

Condition 6 should be considered carefully by all potential purchasers of any Securities.

All prospective holders should seek independent advice as to their tax positions.

CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain restrictions on employee benefit plans that are subject to the fiduciary responsibility provisions of Title I of ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of any such plans (collectively, "**ERISA Plans**"), and on persons who are fiduciaries with respect to these ERISA Plans. In accordance with ERISA's general fiduciary requirements, a fiduciary with respect to an ERISA Plan who is considering the purchase of Securities on behalf of the ERISA Plan should determine whether the purchase is permitted under the governing ERISA Plan documents and is prudent and appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio. Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to Title I of ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts ("**IRAs**") or Keogh plans (together with any entities whose underlying assets include the assets of any such plans or accounts and with ERISA Plans, "**Plans**")) and persons who have certain specified relationships to the Plan ("parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of Section 4975 of the Code). A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and/or the Code. A fiduciary of a Plan (including the owner of an IRA) that engages in a prohibited transaction may also be subject to penalties and liabilities under ERISA and the Code.

BNPP, directly or through its Affiliates, may be considered a "party in interest" or a "disqualified person" with respect to many Plans. The purchase of Securities by a Plan with respect to which BNPP is a party in interest or a disqualified person may constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire such Securities and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 84-14 (an exemption for certain transactions determined by an independent qualified professional asset manager), PTCE 91-38 (an exemption for certain transactions involving bank collective investment funds), PTCE 90-1 (an exemption for certain transactions involving insurance company pooled separate accounts) and PTCE 95-60 (an exemption for certain transactions involving insurance company general accounts), PTCE 96-23 (an exemption for certain transactions determined by an in-house asset manager). In addition, the exemption under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code may be available, provided (i) none of BNPP or any Dealers or affiliates or employees thereof is a Plan fiduciary that has or exercises any discretionary authority or control with respect to the Plan's assets used to purchase the Securities or renders investment advice with respect to those assets and (ii) the Plan is paying no more than adequate consideration for the Securities. There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving the Securities. Any Plan fiduciary (including the owner of an IRA) considering the purchase of Securities should consider carefully the possibility of prohibited transactions and the availability of exemptions.

Governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility provisions of Title I of ERISA or the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code, may nevertheless be subject to non-U.S. or U.S. local, state or other federal laws or regulations that are substantially similar to the prohibited transaction provisions of Section 406 of ERISA and/or Section 4975 of the Code ("**Similar Law**"). Fiduciaries of any such plans should consult with their counsel before purchasing any Securities to determine the need for, if necessary, and the availability of, any exemptive relief under any Similar Law. ANY PENSION OR OTHER EMPLOYEE BENEFIT PLAN, INCLUDING ANY SUCH GOVERNMENTAL, CHURCH OR NON-U.S. PLAN AND ANY INDIVIDUAL RETIREMENT ACCOUNT, PROPOSING TO ACQUIRE ANY SECURITIES SHOULD CONSULT WITH ITS COUNSEL BEFORE PURCHASING ANY SECURITIES.

CERTAIN CONSIDERATIONS FOR ERISA AND OTHER EMPLOYEE BENEFIT PLANS

Accordingly, by its purchase of any Security (or any interests therein), the purchaser or transferee thereof (and the person, if any, directing the acquisition of the Securities (or any interests therein) by the purchaser or transferee) will be deemed to represent, warrant and agree on each day from the date on which the purchaser or transferee acquires the Securities (or any interests therein) through and including the date on which the purchaser or transferee disposes of its interest in such Securities (or any interests therein), either that (a) such purchaser or transferee is not, and is not acting on behalf of or using the assets of, (i) an "employee benefit plan" (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, (ii) a "plan" (as defined in Section 4975(e)(1) of the Code) that is subject to Section 4975 of the Code, (iii) an entity whose underlying assets include the assets of any such employee benefit plan or plan by reason of Department of Labor Regulation Section 29 C.F.R. 2510.3-101 (as modified by Section 3(42) of ERISA) (each of the foregoing, a "**Benefit Plan Investor**"), or (iv) a governmental, church or non-U.S. plan which is subject to any Similar Law, or (b) its acquisition, holding and disposition of such Securities (or any interests therein) (including, if applicable, the receipt of any Guarantee or Entitlement) will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or in the case of a governmental, church or non-U.S. plan, a violation of any Similar Law).

Additionally, if the purchaser or transferee of the U.S. Securities (or any interests therein) is, or is acting on behalf of or using the assets of, a Benefit Plan Investor, it will be further deemed to represent, warrant and agree that (i) none of BNPP, BNPP B.V., any other party to the transactions referred to in this Base Prospectus or any of their respective affiliates, has provided any investment recommendation or investment advice on which it, or any fiduciary or other person investing the assets of the Benefit Plan Investor (a "**Plan Fiduciary**"), has relied in connection with its decision to invest in the U.S. Securities, and they are not otherwise undertaking to act as a fiduciary, as defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or the Plan Fiduciary in connection with the Benefit Plan Investor's acquisition of the U.S. Securities, and (ii) the Plan Fiduciary is exercising its own independent judgment in evaluating the investment in the U.S. Securities.

Nothing herein shall be construed as a representation that any investment in Securities would meet any or all of the relevant legal requirements with respect to investments by, or is appropriate for, Plans generally or any particular Plan. Securities sold by BNPP B.V. may be subject to additional restrictions.

The above discussion may be modified or supplemented with respect to a particular offering of Securities, including the addition of further ERISA restrictions on purchase and transfer. Holders should consult the applicable Final Terms for such additional information.

OFFERING AND SALE

No action has been or will be taken by BNPP B.V., BNPP, BP2F, BNPPF or the Managers that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on BNPP B.V., BNPP, BP2F, BNPPF and/or the Managers.

United States

None of the Securities, the Guarantees or, in the case of Physical Delivery Securities, the Entitlement to be delivered or the redemption of such Securities has been, or will be, registered under the Securities Act or any state securities laws, and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") under the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**"). None of the Issuers has registered as an investment company pursuant to the Investment Company Act. The Securities are being offered and sold in "offshore transactions" to persons other than "U.S. persons" in reliance on Regulation S under the Securities Act ("**Regulation S**") and accordingly may not be offered, sold, pledged, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person.

As used herein, a "**U.S. person**" is (i) a "U.S. person" as defined in Regulation S; or (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the Commodity Exchange Act; or (iii) a "U.S. person" as defined in (a) the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC or (b) the final rule relating to Cross-Border Application of the Registration Thresholds and Certain Requirements Applicable to Swap Dealers and Major Swap Participants promulgated by the CFTC, in each case as amended, modified or supplemented from time to time, pursuant to the Commodity Exchange Act; or (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**").

In connection with sales of the Securities, each relevant Dealer will be required to agree that, except as described in the preceding paragraph, it has not offered, sold or delivered, and will not offer, sell or deliver, any Securities within the United States or to, or for the account or benefit of, U.S. persons (a) as part of its distribution at any time and (b) otherwise until 40 days after the later of the commencement of an offering and the closing date, and it will have sent to each dealer or distributor to which it sells such Securities during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of such Securities within the United States or to, or for the account or benefit of, U.S. persons.

Terms used above that are defined in Rule 144A or Regulation S have the respective meanings given to them therein, as applicable.

Securities in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA C**") or the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA D**") apply or do not apply ("**TEFRA not applicable**") to the issuance of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

The Final Terms in respect of the Securities will set forth additional information relating to the offer, sale or distribution of the Securities.

The issuance of the Notes which constitute Secured Securities was not designed to comply with the U.S. Risk Retention Rules other than the "foreign transaction safe harbor" exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, BNPP, any Manager or any of their affiliates or any other party to accomplish such compliance.

The Secured Securities are being issued and offered in reliance on an exemption from the U.S. Risk Retention Rules for non-U.S. transactions. To qualify for the "foreign transaction safe harbor" exemption, non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the securities issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this prospectus as "Risk Retention U.S. Persons"); (3) neither the sponsor nor the issuer of the securitization transaction is organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organized or located in the United States.

As part of the initial distribution of the Notes of each Series which constitute Secured Securities, such Notes may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**". "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

Each purchaser of Notes which constitute Secured Securities, including beneficial interests in such Notes shall be deemed to have made the following representations: that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Notes or a beneficial interest in such Notes for its own account and not with a view to distribute such Securities, or, in the case of a distributor, will only distribute such Notes to a person which is not a Risk Retention U.S. Person, and (3) is not acquiring such Notes or a beneficial interest in such Notes as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may, subject to certain restrictions, sell a limited portion of such Notes to, or for the account or benefit of, Risk Retention U.S. Persons under an exemption from the U.S. Risk Retention Rules.

Please also note that additional selling restrictions apply in respect of the United Kingdom, as set out below.

If the Final Terms in respect of any Securities specifies the "Prohibition of Sales to EEA Retail Investors" as not applicable, Securities which

are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto may be offered, sold or otherwise made available to any retail investor in the EEA, provided that, where a key information document is required pursuant to Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**"), the Securities may only be offered, sold or otherwise made available to retail investors in the jurisdiction(s) for which a key information document is made available. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities.

With respect to each Member State of the EEA (each, a "**Member State**"), offers of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Member State may not be made, except offers of such Securities to the public in that Member State and in the jurisdiction(s) for which a key information document is made available may be made:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to those Securities which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms as applicable and the relevant Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Issuer or any Manager for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Securities referred to in (b) to (d) above shall require the relevant Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision:

- (i) the expression an "**offer**" in relation to any Securities in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities; and
- (ii) "**Prospectus Regulation**" means Regulation (EU) 2017/1129, as amended.

Prohibition of Sales to EEA Non Natural Persons (where Securities are held in a retail account)

If the Final Terms in respect of any Securities specifies "Prohibition of Sales to EEA Non Natural Persons" as applicable, with respect to each Member State of the EEA (each, a "**Member State**"), Securities which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto may not be offered to the public in the EEA, except that such Securities may be offered, sold or otherwise made available in that Member State to EEA natural persons only in the following circumstances:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to those Securities which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms as applicable and the relevant Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to fewer than 150 EEA natural persons only subject to obtaining the prior consent of the relevant Issuer or any Manager for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) (except (a)) of the Prospectus Regulation,

provided that no such offer of Securities referred to in (b) and (c) above shall require the relevant Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

The Securities the Final Terms of which specifies "Prohibition of Sales to EEA Non Natural Persons" as applicable, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, to, or for the account or benefit of, a person that is not an EEA natural person (other than the relevant Issuer, any entity within BNP Paribas Group, any relevant distributor or an intermediary only to assist for secondary market purposes) and any offer, sale, resale, pledge, redemption, transfer or delivery made, directly or indirectly or to or for the account or benefit of, a person that is not an EEA natural person (except to the Issuer, any entity within BNP Paribas Group, any relevant distributor or an intermediary only to assist for secondary market purposes) will not be recognised or enforceable. The Securities may only be held by the EEA natural persons in a retail account (pursuant to Article 428i of Regulation (EU) No 575/2013, as amended).

For the purposes of this provision:

- (a) the expressions an "**offer**" or an "**offer of Securities to the public**" in relation to any Securities in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities; and
- (b) "**Prospectus Regulation**" means Regulation (EU) 2017/1129, as amended.

Prohibition of Sales to UK Retail Investors

If the Final Terms in respect of any Securities specifies "Prohibition of Sales to UK Retail Investors" as applicable, Securities which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto may not be offered, sold or otherwise made available to any retail investor in the United Kingdom. If the Final Terms in respect of any Securities specifies "Prohibition of Sales to UK Retail Investors" as not applicable, Securities which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in

OFFERING AND SALE

relation thereto may be offered, sold or otherwise made available to any retail investor in the United Kingdom, provided that, where a key information document is required pursuant to Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**") (the "**UK PRIIPs Regulation**"), the Securities may only be offered, sold or otherwise made available to retail investors in the United Kingdom if a key information document is made available in the United Kingdom. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:

Notice to Capital Market Intermediaries and Prospective Investors pursuant to Paragraph 21 of the Hong Kong SFC Code of Conduct – Important Notice to CMIIs (including private banks)

This notice to CMIIs (including private banks) is a summary of certain obligations the SFC Code imposes on CMIIs, which require the attention and cooperation of other CMIIs (including private banks). Certain CMIIs may also be acting as OCs for the relevant CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Manager(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the Issuer, the Guarantor, a CMI or its group companies would be considered under the SFC Code as having an Association with the Issuer, the Guarantor, the CMI or the relevant group company. CMIIs should specifically disclose whether their investor clients have any Association when submitting orders for the relevant Notes. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Issuer, the Guarantor or any CMI (including its group companies) and inform the relevant Managers accordingly.

CMIIs are informed that, unless otherwise notified, the marketing and investor targeting strategy for the relevant CMI Offering may include institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Base Prospectus and/or the applicable Final Terms.

CMIIs should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIIs). CMIIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIIs should disclose the identities of all investors when submitting orders for the relevant Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIIs should not place "X-orders" into the order book.

CMIIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Issuer. In addition, CMIIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the relevant Notes. CMIIs are informed that a private bank rebate may be payable as stated above and in the applicable Final Terms, or otherwise notified to prospective investors.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Managers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the relevant Notes, private banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a “principal” basis may require the relevant affiliated Manager(s) (if any) to categorise it as a proprietary order and apply the “proprietary orders” requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any “Associations” (as used in the SFC Code);
- Whether any underlying investor order is a “Proprietary Order” (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to the Managers named in the relevant Final Terms.

To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to any OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to any OCs. By submitting an order and providing such information to any OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by any OCs and/or any other third parties as may be required by the SFC Code, including to the Issuer, the Guarantor, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in the relevant CMI Offering. The relevant Managers may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Manager with such evidence within the timeline requested.

RECENT DEVELOPMENTS

Press release dated 28 March 2025 issued by BNP Paribas in relation to the restatement of new 2024 quarterly series in the 2025 format:

"This restatement has no impact on the Group's published 2024 results and changes only the analytical breakdown of business lines, divisions and Corporate Centre segment. However, it impacts the risk-weighted assets of the various business lines, divisions and Group.

In order to present a consistent reference with the presentation of the financial statements and the results applied from 1 January 2025, the quarterly series for the 2024 financial year include the main effects described below:

- The change in the allocation of normalized equity from 11% to 12% of risk-weighted assets: as part of the coming into force of the finalisation of Basel 3 (Basel 4) on 1 January 2025¹, and in line with its CET1 target of 12%, the Group decided to change the normalized equity allocated to its business lines, excluding Insurance, to 12% of risk-weighted assets, from 11% previously, as of 1 January 2025;
- The impact of this transposition (Basel 4)¹ on the level of risk-weighted assets;
- Full consolidation in the prudential scope of entities under the exclusive control of the Arval business as if it had occurred on 1 January 2024 (instead of 1 July 2024);
- The geographical focus (sale and run-off of businesses in 10 countries) carried out by Personal Finance. It leads to the reclassification of income and business data from the non-strategic or non-core perimeter (equivalent to the activities put into run-off) in the Corporate Centre. Personal Finance's profit and loss account therefore corresponds to the remaining strategic or core perimeter ;
- A change in revenue allocation methodology between Wealth Management and Corporate Centre;
- The business indicators at BNL are restated to take into account a precise breakdown of deposits by category (current, savings and term) and off balance sheet savings (assets under Discretionary Portfolio Management now included).

The following non-audited appendices detail the 2024 quarterly results in line with these developments.

- Appendix 1: 2024 restated Group profit & loss, unchanged compared to 2024 Published Group profit & loss
- Appendix 2: Effects of the restatement on operating divisions
- Appendix 3: Effects of the restatement on Corporate Centre
- Appendix 4: Effects on deposits and off balance sheet savings of BNL
- Appendix 5: New quarterly restated series for all operating divisions and businesses

Press release dated 14 April 2025 issued by BNP Paribas in relation to the acquisition by BNP Paribas Cardif of Axa Investment Managers:

"After entering into exclusive negotiations on 1 August 2024, AXA and BNP Paribas Cardif signed a Share Purchase Agreement for AXA Investment Managers (AXA IM). The closing is expected in early July 2025.

In this context, the BNP Paribas Group fully confirms the strategic and industrial interest of the transaction to build a leading platform in asset management that will allow the Group to become the forefront European player in the management of long-term savings assets for insurers and pension funds. This platform will benefit from AXA IM's leading market position and its team's expertise specialised in private assets, which will drive further growth with both institutional and retail investors.

This acquisition aligns perfectly with the Group's core mission of supporting the economy by mobilising savings to finance future-oriented projects, in the best interests of its clients. The ECB has recently expressed its opinion on the prudential treatment for the acquisition of asset managements companies.

Should this interpretation be implemented and given the current status of the internal analyses carried out by the BNP Paribas Group, the anticipated impact on BNP Paribas Group's CET1 ratio would stand at approximately -35 bps and the expected return on invested capital of the transaction would be above 14% in the third year and more than 20% in the fourth year. This impact is to be compared with an impact on the Group's CET 1 ratio of -25 bps and an expected return on invested capital of 18% in the third year, presented at the launch of the transaction.

As a consequence, under this interpretation, neither the Group's overall profitability objectives, growth trajectory, nor its equity and CET1 trajectory would be modified.

Specifically, the launch of the share buyback programme, announced in February 2025, to which the ECB has already given its approval, is maintained. More generally, the Group's distribution policy in the form of dividends and return to shareholders remains unchanged.

The conditions agreed to by the Group regarding the prudential treatment to be applied to this transaction will be communicated at the closing of the transaction, following the finalization of ongoing discussions with the relevant supervisory authorities on this topic".

In the context of a Non-exempt Offer of Securities, BNPP B.V., BNPP, BP2F and BNPPF accept responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Securities in a Non-exempt Offer made by a Manager or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of BNPP B.V., BNPP, BP2F or BNPPF makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of BNPP B.V., BNPP, BP2F or BNPPF has any responsibility or liability for the actions of that Authorised Offeror.

Except in the circumstances set out in the following paragraphs, none of BNPP B.V., BNPP, BP2F or BNPPF has authorised the making of any Non-exempt Offer by any offeror and BNPP B.V., BNPP and BP2F have not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Securities. Any Non-exempt Offer made without the consent of the relevant Issuer is unauthorised and none of BNPP B.V., BNPP, BP2F or BNPPF accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer. If, in the context of a Non-exempt Offer, an Investor is offered

Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in paragraphs (a)(ii), (a)(iii) and (b) below are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".

 - VI. retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested and to the extent permitted by the Rules, make such records available to BNPP B.V., BNPP, BP2F and BNPPF or directly to the appropriate authorities with jurisdiction over BNPP B.V., BNPP, BP2F and BNPPF in order to enable BNPP B.V., BNPP, BP2F and BNPPF to comply with anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules applying to BNPP B.V., BNPP, BP2F and BNPPF;
 - VII. ensure that it does not, directly or indirectly, cause BNPP B.V., BNPP, BP2F or BNPPF to breach any Rule or subject BNPP B.V., BNPP, BP2F or BNPPF to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
 - VIII. ensure that Investors understand the risks associated with an investment in the Securities;
 - IX. immediately inform BNPP B.V., BNPP, BP2F or BNPPF if at any time it becomes aware or suspects that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;

- XIII. ensure that no holder of Securities or potential Investor in Securities shall become an indirect or direct client of BNPP B.V., BNPP, BP2F and BNPPF for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- XIV. co-operate with BNPP B.V., BNPP, BP2F and BNPPF in providing relevant information (including, without limitation, documents and records maintained pursuant to paragraph (VI) above) and such further assistance as is reasonably requested upon written request from BNPP B.V., BNPP, BP2F or BNPPF, as applicable, in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process.
