REPORT OF THE RÉVISEUR D'ENTREPRISES AGRÉÉ ON THE REVIEW OF INTERIM FINANCIAL INFORMATION

We have reviewed the accompanying interim financial information of BNP Paribas Fortis Funding S.A. (the “Company”), which comprises the balance sheet as at June 30, 2024 and the profit and loss account for the six-month period then ended, and a summary of significant accounting policies and other explanatory information.

Responsibility of the Board of Directors for the interim financial information

The Board of Directors is responsible for the preparation and fair presentation of this interim financial information in accordance with Luxembourg legal and regulatory requirements and such internal control as the Board of Directors determines is necessary to enable the preparation of interim financial information that are free from material misstatement, whether due to fraud or error.

Responsibility of the Réviseur d'entreprises agréé

Our responsibility is to express a conclusion on this interim financial information based on our review. We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, as adopted by the Institute of Réviseurs d'Entreprises.

Scope of Review

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not give a true and fair view of the financial position of the entity as at June 30, 2024, and of the results of its operations for the six-month period then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of this interim financial information.

(hereinafter referred to as the “Company”)

As of June 30, 2024, the Company shows a profit amounting to EUR 210,391.73 compared to a profit amounting to EUR 216,544.72 for the first semester 2023 which is summarized as below:

In EUR	June 30, 2024	June 30, 2023
Interests margin	654,310.96	664,740.65
Adjustment interest received	317,936.61	268,418.47
Exchange result	873.26	2,377.41
Amortization fees	8.30	-264.75
Taxes	-76,637.69	-86,105.02
Operational expenses	-883,861.43	-848,326.47
Other financial expenses	-67,932.58	-117,930.70
Operational income	23,076.40	0.00
Other financial income	242,617.90	333,635.13
Total	210,391.73	216,544.72

The decrease in profit is mainly explained by the following elements:

- 1) Decrease of the interest margin amounting to EUR 654,310.96 for the period ended June 30, 2024 against EUR 664,740.65 for the period ended June 30, 2023; this variation is mainly due to a decrease of the new issuances during the first semester 2024 compared to 2023.
- 2) The amount of adjustment on interest received is related to an agreement with BNP Paribas Fortis in which there is a comparison with the interest margin and the operational expenses:
 - a. When the interest margin for the observed year is lower than 110% of operational expenses for that year, BNP Paribas Fortis agrees and undertakes to pay the difference to the Company.
 - b. When the interest margin for the observed year is higher than 110% of the operational expenses for that year, the Company agrees and undertakes to reimburse the difference to BNP Paribas Fortis.
- 3) Decrease of the amortization on expenses relating to bond issuances as follows (**):

In EUR	June 30, 2024	June 30, 2023
Amortization of expenses related to bond issues	-10,493.67	-10,090.12
Amortization of syndication commissions	-912,527.03	-1,153,906.86
Total	-923,020.70	-1,163,996.98

The expenses are amortized over the life of the corresponding security's issuance.

(hereinafter referred to as the “Company”)

4) Increase of the net amortization of the upfront fees received as follows (*):

In EUR	June 30, 2024	June 30, 2023
Amortization of upfront fees received	10,515.01	9,806.49
Total	10,515.01	9,806.49

The upfront fees are amortized over the life of the corresponding security’s issuance. Furthermore, for the upfront fees received the residual life of the corresponding security’s issuance is longer than for the upfront fees paid.

5) Decrease of the amortization of the premiums received on borrowings as follows (**):

In EUR	June 30, 2024	June 30, 2023
Amortization of premium received on borrowings	912,527.03	1,153,906.86
Total	912,527.03	1,153,906.86

6) Decrease of amortization on break up fees related to early termination of some loans and amortization on premium above/under par on bonds purchased from BNP Paribas Fortis – Belgium.

These amortizations started in August 2017 and are booked over the life of the corresponding bond issuance.

In EUR	June 30, 2024	June 30, 2023
Amortization of break up fees on loans gain	1,482,610.86	1,774,960.13
Amortization of break up fees on loans loss	-20,841.49	-20,726.98
Amortization of premium under par on bonds purchased	20,863.72	20,749.08
Amortization of premium above par on bonds purchased	-1,482,646.13	-1,774,963.35
Total	-13.04	18.88

- 7) Decrease of the taxes amounting to EUR 76,637.69 as of June 30, 2024 against EUR 86,105.02 as of June 30, 2023 (as there is less profit for the period ended June 30, 2024).
- 8) Increase of operational income to EUR 23,076.40 as of June 30, 2024, related to interest on bank term deposits. The Company executed bank term deposits with BGL BNP Paribas from April 2024.
- 9) The net variation of other financial expenses and income is mainly explained by the decrease for the prescriptions funds.
From December 31, 2017, the prescriptions funds - prescriptions elapsed and for which the cash balance is not claimed, within the legally described time frame, by the investors are reimbursed to the Company by the paying agent - are amortized. When received, they are booked in balance sheet under the caption “Other creditors” and are amortized over 5 years.
Amortization amounts to EUR 160,285.17 for the period ended June 30, 2024 (June 30, 2023: EUR 200,501.37).

* Historically when concluding a derivative on an equity linked product, the Company used to receive an Upfront fee on the IRS and used to pay an Option premium on the equity component of the hedge. Point 4) above relates to the amortization of such upfront fee received (for most of the case).

** Upon issuance, the client paid a premium over par (most of the time) which is used to cover the syndication / distribution costs (until 2017). Point 3) above relates to the amortization of such premium (syndication commission) paid to syndication and point 5) above relates to the amortization of such premium received by the Company (premium received on borrowings).

Reporting obligations

The Company fulfils its reporting obligations towards the local authorities and, with regard to the law of January 11, 2008 (as supplemented or amended from time to time) on transparency requirements for issuers of securities (the “Transparency Law”), the Company has signed in 2009 an agreement for OAM (Officially Appointed Mechanism) with BNP Paribas, Succursale de Luxembourg.

Pursuant to Regulation (EU) 648/2012 on OTC derivatives, central counterparties and trades repositories, as amended or restated from time to time, and in particular by the Regulation (EU) 2019/834 of 20 May 2019 (the “**EMIR regulation**”), the Company is to be considered as Non-Financial Counterparty below the clearing threshold (NFC-).

It has to be noted that the Company doesn't provide post issuance information to the investors of its notes.

Main inherent risks

The Board of Directors will also give below a general overview of the main inherent risks faced by BNP Paribas Fortis Funding and of the relevant mitigating factors. This overview is given as of the date of this report. The risks applicable to BNP Paribas Fortis Funding and the corresponding risk management methods can change from time to time.

The main inherent risks faced by BNP Paribas Fortis Funding can be broken down into the following categories:

1) Operational risk:

The operational risk is the risk of loss resulting from inadequate or failed internal processes or systems, human error, external events or changes in the competitive environment that damage the franchise or operating economics of a business.

Furthermore, in order to mitigate the risks, the Company hired in 2013 two part time employees of BNP Paribas Fortis. From October 2018 to August 2023, the number was reduced to one. From September 2023, the remaining employee was replaced by a part time external director acting as the CEO of the Company.

Before deciding on the issuance of any debt securities, each Director shall comply with the paragraphs 1 and 2 of Article 441-7 of the Luxembourg Law on commercial companies dated August 10, 1915 as amended, and as coordinated by the Grand-Ducal regulation dated 5 December 2017 (the “1915 Law”), providing that:

“Any director having an interest in a transaction submitted for approval of the board of directors conflicting with that of the company shall be obliged to advise the board thereof and to cause a record of his statement to be included in the minutes of the meeting. He may not take part in these deliberations.

At the next following general meeting, before any other resolution is put to vote, a special report shall be made on any transactions in which any of the directors may have had an interest conflicting with that of the Company.”

BNP Paribas Fortis Funding

Public limited company

Registered office: L-2453 Luxembourg, 19, rue Eugène Ruppert

R.C.S. Luxembourg B 24 784

(hereinafter referred to as the “Company”)

BNP Paribas Fortis Funding publishes from time to time (base) prospectuses to offer, place or/and list securities within the framework of its business activity as foreseen in its article of association.

As required by the Luxembourg law on prospectuses and the relevant regulations as the case maybe, the Company takes responsibility for the information contained in these prospectuses (with the limitations specified in these ones).

The base prospectus of the euro medium term note programme (EMTN) of the Company (as supplemented from time to time) was updated and approved by the *Commission de Surveillance du Secteur Financier* in Luxembourg on May 30, 2024 in order to comply with the Prospectus Regulation (EU) 2017/2019 (as amended).

The EMTN programme of the Company is mainly used to launch plain vanilla and fixed income products.

The Company also acts as issuer (with BNP Paribas Fortis as guarantor) under the base prospectus dated May 30, 2024 (as supplemented) in respect of the issuance of unsubordinated notes under the note, warrant and certificate programme of BNP Paribas Issuance B.V., BNP Paribas and BNP Paribas Fortis Funding. That base prospectus has been approved by the French *Autorité des marchés financiers* (the “AMF”) in compliance with the Prospectus Regulation (EU) 2017/2019 (as amended).

The base prospectuses of the Company are published on its website www.bp2f.lu (the distribution of these documents being restricted by law).

2) Legal risk:

In case of any potential legal risk (e.g. license requested by a sponsor of an index, claim received from a noteholder or an investor), the Company will request professional legal advice if it is required by an executive manager of the Company or by one member of the Board of Directors.

The Luxembourg prospectus law contains administrative sanctions in case of breach. As the Company also makes offers to the public in other jurisdictions, it may be exposed to the penal or/and administrative sanctions foreseen in the relevant local prospectus law or/and in other relevant local rules or regulations.

3) Tax risk:

In case of any potential tax risk, the Company requests advices from the tax specialists of its parent company and advices from an external tax advisor if it is required by one member of the Board of Directors.

BNP Paribas Fortis Funding

Public limited company

Registered office: L-2453 Luxembourg, 19, rue Eugène Ruppert

R.C.S. Luxembourg B 24 784

(hereinafter referred to as the “Company”)

4) Financial risk:

It encompasses two types of risk: credit risk and market risk as defined below:

- Credit risk is the risk that a borrower or counterparty will no longer be able to repay its debt;
- Market risk refers to the potential loss resulting from unfavourable market movements, which can arise from trading or holding positions in financial instruments.

Within the framework of the funding operations, BNP Paribas Fortis Funding hedges with BNP Paribas Fortis, BNP Paribas Financial Markets (formerly BNP Paribas Arbitrage S.N.C.) and with BNP Paribas its exposures to various types of risks by using common OTC/derivatives instruments such as swaps and options from the issue date or strike date of each funding operation, for all the duration of such funding operation, and for the full amount of the related funding operation. As a general rule, the documentation of a derivative transaction of the Company shall refer to the documentation of the related funding transaction (the documentation of the related notes prevailing in case of discrepancy with the swap). Therefore, the structure of each funding operation matches with the various related hedging transactions in terms of economics and in terms of documentation.

Nevertheless, when the Company enters into a derivative transaction with a view to hedging the issuance of the notes, an exact match between the terms of the Notes and the terms of the derivative transaction to hedge the exposure of the Company under the notes is impracticable. Where the hedge is governed by an ISDA Master Agreement, there may be events, such as illegality affecting the ability of one of the parties to perform its obligations under the hedge or various party specific defaults events, which may not be reflected exactly in the terms of the notes, and which could result in the hedge being terminated early, but with the notes remaining outstanding. Similarly, changes in tax treatment could affect the hedge but not the notes or vice versa. Therefore, the provision in a derivative confirmation stating that the documentation of the related notes prevails in case of discrepancy with the swap is only a way for the Company to mitigate the risk of mismatch (but doesn't enable to remove the risk entirely).

BNP Paribas Fortis Funding is currently only exposed to a credit and counterparty risk (i) on BNP Paribas Fortis (as hedging counterpart and as borrower under the loans granted by the Company and as issuer of the bonds purchased by the Company), and (ii) on BNP Paribas Financial Markets (formerly BNP Paribas Arbitrage S.N.C.) and BNP Paribas (as hedging counterparts).

To avoid exposure to a credit risk on a paying agent under its debt issuance Programmes, BNP Paribas Fortis Funding has followed the market practice and has included a wording in the documentation of its debt issuance programmes to be discharged from its payment obligations towards the noteholders as soon as the payments have been made on time to the relevant principal paying agent.

BNP Paribas Fortis Funding

Public limited company

Registered office: L-2453 Luxembourg, 19, rue Eugène Ruppert

R.C.S. Luxembourg B 24 784

(hereinafter referred to as the “Company”)

For the avoidance of any doubt, BNP Paribas Fortis Funding does not hold a trading portfolio and is then not exposed to a trading risk, i.e. in case of changes in the market price of positions held in capital market instruments.

5) Liquidity risk:

The liquidity risk is the risk that BNP Paribas Fortis Funding, though solvent, either does not have sufficient financial resources available to meet its obligations when they fall due or can secure or sell its assets only at excessive cost.

This risk is mitigated by the Board that follows the Liquidity Risk Policy published by the parent company of BNP Paribas Fortis Funding by applying it to the Company. Such policy explicitly mentions that the bank must maintain sufficient cash and liquid assets to meet its current and future financial obligations at all times, in normal and in stressed circumstances, for all its banking and financial activities, including special purpose vehicles and all legal entities.

6) Settlement risk:

BNP Paribas Fortis Funding is responsible for the cash management on a daily basis by monitoring the cash balances of the Company. Furthermore, the Company has implemented a payment procedure approved by the Board of Directors and agreed by BGL BNP Paribas S.A. acting as account bank of the Company.

A contract and a convention for Multiline were signed in January 2015 between the Company and BGL BNP Paribas and the Company began to use this electronic payment tool from beginning of February 2015.

Information to be sent to the parent company

BNP Paribas Fortis Funding is a subsidiary of BNP Paribas Fortis. BNP Paribas Fortis is authorized and supervised by European Central Bank (ECB) and by the National Bank of Belgium, boulevard de Berlaimont 14, 1000 Brussels, and is also under the supervision on investor and consumer protection of the Financial Services and Markets Authority (FSMA), rue du Congrès 12-14, 1000 Brussels and is authorized as insurance agent under FSMA number 25789 A.

The National Bank of Belgium, BNP Paribas Fortis supervisor on a consolidated basis, has granted its approval for using the most advanced approaches for calculating the own funds requirements under Basel II. This means that BNPPF (“BNP Paribas Fortis”) applies the Advanced Internal Ratings Based Approach (AIRBA) to credit risk and the Advanced Measurement Approach (AMA) to operational risk for the majority of its portfolio.

Besides, BNP Paribas Fortis uses ‘economic capital’ as a consistent and comparable measure of risk across all risk types and geographies. It serves as an indicator of Value at Risk (VaR).

(hereinafter referred to as the “Company”)

BNP Paribas Fortis Funding shall report to its parent company with the relevant information to enable BNP Paribas Fortis to apply these methods on a consolidated basis. The Board of Directors examined the interim financial information for the six-month period as of June 30, 2024 of BNP Paribas Fortis Funding on 13 September 2024 and authorized their publication.

The Board of Directors of BNP Paribas Fortis Funding declares that, to its knowledge, the interim financial information for the six-month period as of June 30, 2024 of BNP Paribas Fortis Funding established in accordance with Luxembourg and regulatory requirements relating to the preparation of the interim financial information, give a faithful and honest image of the assets and liabilities, financial position and profits or losses of BNP Paribas Fortis Funding. The management report presents the evolution accurately, the results and the situation of BNP Paribas Fortis Funding and a description of the principal risks and uncertainties with which they are confronted.

The current international geopolitical context and the war in Ukraine impacts the global economy and market environment.

The Company does not have any significant direct exposure to Ukraine, Russia or Belarus. However, the impact on the general economic situation may require revisions of certain assumptions and estimates.

At this stage, there are no strong indicators that should put into question the valuation of certain assets and liabilities including the loans and derivatives at the closing date and therefore the Board of Directors is not aware of anything that would prevent the Company from continuing to apply the going concern basis of preparation.

Strategy related to BNP Paribas Fortis Funding

The issuances that the Company is proposing, via BNP Paribas Fortis acting as distributor, to different investor types and the lending of the proceeds of these transactions to its parent company, through loans or the investments in bonds issued by its parent company, is an important element of the funding policy of BNP Paribas Fortis.

The selling of structured notes and other types of bonds demanded by the Retail and Private Banking divisions of BNP Paribas Fortis NV/SA in Belgium is a stable element of the funding mix of BNP Paribas Fortis.

The Company is independent regarding the issuance decisions.

It is in line with the BNP Paribas group organization to maintain BNP Paribas Fortis, directly or via its subsidiaries, in a position of independency concerning its liquidity and funding management. The Company, with a volume of outstanding debt securities of about EUR 2.1 billion, is an element of diversification in the funding mix of BNP Paribas Fortis.

We also take into consideration that, for the structured notes, the issuance of debts securities by the Company with the guarantee of BNP Paribas Fortis remains a practical solution to circumvent the fact that the Belgian National Bank's clearing system cannot handle certain structured financial products.

Furthermore, market evolutions do not directly impact the Company as the bonds issued by the Company are hedged.

In terms of activity, current high market rates re-enforce the attractiveness of fixed income type of products at the expense of equity linked products.

Future level of inflation will affect some costs (fees, wages) and have a slight negative impact on the profitability.

Corporate Governance:

The articles of association do not provide any restriction regarding the voting rights of the shareholders and therefore said voting rights are exercised in accordance with the legal provisions in force.

Further to the articles of association, the directors shall be elected by the shareholders at a general meeting, which shall determine their number, remuneration and term of office. The term of the office of a director may not exceed six years and the directors shall hold office until their successors are elected. The directors may be re-elected for consecutive terms of office. The Company does not hold any quoted participations.

The Company may, to the extent and under the terms permitted by the Law, purchase its own shares; as of today, the Company does not hold any own share. As in the articles of association there is no provision regarding authorized capital, the board of directors is not allowed to issue new shares.

There is no specific provision in the articles of association regarding the possibility of amending the articles of association and therefore the articles of association can be amended according to the legal provision set for in article 450-3 of the 1915 Law (as defined above).

There is no specific provision in the articles of association regarding the rights of controls of the shareholders and therefore the shareholders can exercise their rights of controls to the extent and within the limits provided by the relevant Luxembourg applicable legislation.

Based on Art. 52 of the Law of 23 July 2016 concerning the audit profession, the Company is classified as public-interest entity and required to establish an audit committee. In accordance with Art. 52 (5), the Company is exempted to have an audit committee.

1 General information

BNP Paribas Fortis Funding (the “Company”) was incorporated on September 24, 1986 in Luxembourg as a limited liability company (Société Anonyme) for an unlimited period under the name GENFINANCE LUXEMBOURG S.A., which was then changed to FORTIS LUXEMBOURG FINANCE S.A. on November 12, 2001 and to BNP Paribas Fortis Funding on February 22, 2010.

The registered office of the Company is established in Luxembourg. The Company’s financial year starts on January 1 and ends on December 31 each year.

The Company’s object is to provide any direct or indirect financing, by any means, to its subsidiaries, to BNP Paribas Fortis and to companies controlled by BNP Paribas Fortis and to provide to these companies any assistance, loans, advances or guarantees and/or any services for financial or administrative assistance linked to such assistance, loans, advances, guarantees, and services.

Loans are granted under the same conditions as for borrowings, setting aside an intermediation margin.

The Company may conduct any transaction that it deems necessary to accomplish and develop its object, remaining however within the limits allowed by the 1915 Law.

The Company is included in the consolidated accounts of BNP Paribas S.A. forming the largest body of undertakings of which the Company forms a part as a subsidiary undertaking. The consolidated accounts and the consolidated management report of BNP Paribas S.A. are available at its registered office: 16, Boulevard des Italiens, 75009 Paris, France.

In addition, the Company is also included in the consolidated accounts of BNP Paribas Fortis forming the smallest body of undertakings included in the body of undertakings referred to in the above mentioned paragraph of which the Company forms part as a subsidiary undertaking. The consolidated accounts and the consolidated management report of BNP Paribas Fortis are available at its registered office located at: 3, Montagne du Parc, B-1000 Brussels.

Further to Pillar Two recommendations of the Organisation for Economic Cooperation and Development (OECD) in relation to the international tax reform, the European Union adopted on 14 December 2022 the 2022/2523 directive instituting a minimum corporate income tax for international groups, effective 1 January 2024.

On 20 December 2023, the Luxembourg Parliament adopted the law implementing this EU Directive , and the new rules will apply for the fiscal years starting on or after 31 December 2023.

To clarify the directive's potential impacts, the IASB issued on 23 May 2023 a series of amendments to the IAS 12 'income taxes', which were adopted by the European Union on 8 November 2023. In accordance with the provisions of these amendments, the Group applies the mandatory and temporary exception not to recognise deferred taxes associated with this additional taxation.

Given the information available, the impact of the Pillar II reform is not very significant for the Group.

2 Significant accounting policies

The Company prepares its accounts in compliance with the legal requirements and generally accepted accounting principles in the Grand-Duchy of Luxembourg. The accounting principles and valuation criteria are defined and implemented by the Board of Directors, apart from those stipulated by the law. The Company applied the “Normalised accounting plan” for the purpose of this interim financial information.

2.1 Tangible and intangible assets

Tangible and intangible fixed assets are valued at purchase price including the expenses incidental thereto or at production cost, less cumulated depreciation amounts written off and value adjustments. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply. The amortisations are calculated on a straight-line basis over the estimated useful economic life.

2.2 Premiums on options

The Company may take hedge positions through options. Premiums on options are accounted for in deferred charges and income and are amortised prorata temporis over the life of the borrowings to which they are related.

2.3 Foreign currency translation

The subscribed capital of the Company is expressed in euros (EUR) and the annual accounts and the interim financial information are established in the same currency.

During the interim financial information, the transactions, income and expenses denominated in currencies other than the EUR were recorded using the exchange rate applicable on the transaction date.

At the closing date, the assets and debts expressed in currencies other than EUR are valued on the basis of the exchange rates applicable on that date. Unrealized gains and losses are booked as other financial income / charges in the profit and loss account due to the direct economic link between the transactions. Furthermore, where there is said economic link between two items within a transaction, accounted for in assets and liabilities respectively, and denominated in the same currency, the balance sheet entries are revalued at the closing exchange rate without impacting the profit and loss account.

2.4 Debtors

Debtors are valued at the lower of nominal or estimated net realisable value. A value adjustment is accounted for if, in the opinion of the Board of Directors, a permanent impairment in value has occurred, unless the loss is economically linked to an increase in the value of the loans.

BNP Paribas Fortis Funding

Notes to the interim financial information for the six-month period ended

(continued)

2.5 Premiums on amounts receivable

Premiums on amounts receivable are amortised prorata temporis over the life of the receivable to which they are related.

2.6 Prepayments

This asset item includes expenditures incurred during the interim financial information but relating to this subsequent interim financial information.

2.7 Deferred income

This liabilities item includes income received during the interim financial information year but relating to this subsequent interim financial information.

2.8 Creditors

Creditors are valued at the higher of nominal or repayment value.

2.9 Premiums on borrowings

Premiums on borrowings are accounted for in deferred charges and income, independently of borrowings to which they are associated and are amortised prorata temporis over the life of the borrowings to which they are related.

2.10 Investments held as fixed assets

Investments held as fixed assets are valued in the accounts at purchase price/nominal value including the expenses incidental thereto.

There is no risk of impairment for these investments as the credit risk is not impacted and this is explained in the part 4) Financial risk of the management report.

2.11 Derivatives

All the derivatives contracted by the Company are documented in a hedging relationship to cover the interest rate risk and the exchange rate risk associated with either the notes issued or the financial assets acquired. The hedged items are measured at cost with linear amortisation of the initial discount/premium and related commissions. In that respect, the Company's policy is to apply a symmetrical approach: as long as the results on the hedged items are not realised, the derivatives are not re-measured in the balance sheet leading to not impact on the accounts of the hedging relationship. Then, the valuation of the derivative is posted at the exchange rate of the period on the balance sheet (in "deferred income" or "prepayment") against a foreign exchange profit & loss account (in "other interest and similar expenses" or "other interest and similar income"). These profit and loss accounts are offset by the valuation of the issuance note at the exchange rate of the period.

2.12 Formation expenses

The formation expenses are expenses linked to the issuances of the bonds (“frais d’émission obligataire”) issued by the Company.

As the bond issued is intended to provide economic benefit to the Company until the maturity, it has been decided to amortize these capitalized expenses over the life of the corresponding bond instrument.

3 Formation expenses

This caption under assets includes expenses on the issuances of the bonds issued by the Company and are amortized over the life of the related bond instrument.

4 Loans to affiliated undertakings

No value adjustment has been made on financial assets, following the historical cost model.

Please note that in accordance with our accounting policy 2.10 above, there is very low residual risk of impairment as when the Company enters into a derivative transaction with a view of hedging the issuance of the notes, there is an exact match between the terms of the Notes and the terms of the derivative transaction to hedge the exposure of the Company.

In addition, as explained in the management report in the section 4) Financial risk, these financial instruments are covered by a derivative mirroring the fair value. Therefore no indication of impairment is identified according to the hedging activity.

The loan structure granted to BNP Paribas Fortis S.A./NV, the parent company, is as follows:

	30.06.2024	31.12.2023
	EUR	EUR
Amounts due within less than one year	7,579,025.57	2,899,449.98

Legal reserve

The Company is required to allocate a minimum of 5% of its annual net income to a legal reserve, until this reserve equals 10% of the subscribed share capital. This reserve may not be distributed.

Other reserves

In order to take advantage of the provisions of paragraph 8a of the Net Wealth Tax Law, the Company has elected to get a tax credit for all or part of the net worth tax due for that year. This tax credit is, however, limited to the amount of the corporate income tax due for the same year before any tax credit. In order to benefit from this provision, the Company commits itself to post to a special reserve (classified in the annual accounts under the caption “Other reserves”) before the end of the financial year an amount equal to five times the net worth tax to be credited, which has to be maintained for a period of five years.

This reserve is non-distributable during the period of five years from the year following that during which the Net Wealth Tax was reduced.

Share premium account

An extraordinary meeting was held on February 28, 2017 relating to the contribution from retained earnings to the share premium account for EUR 1,500,000.00 with effect as of February 28, 2017.

Other	160,285.17	200,501.37
	<u>23,597,991.80</u>	<u>19,105,808.60</u>

The variation on the interest on derivatives is mainly related to the increase of rates.

* The gain on foreign exchange securities and bonds presented in note 13 is mainly unrealised. and is matched by the loss on foreign exchange on securities and bonds presented in note 14.

** The amount of adjustment on interest received is related to an agreement with BNP Paribas Fortis - Belgium in which a part of the interest margin is retroceded to/repaid by BNP Paribas Fortis - Belgium.

The item “Other” above, was essentially made of the amortization of some issuances for which the prescription elapsed and for which the cash balance not claimed (within the legally described time frame) by the investors are reimbursed to the Company by the paying agent.

Other interest receivable and similar income from affiliated undertakings amount to EUR 20,989,310.32 as of June 30, 2024 (2023: EUR 12,823,034.56).
